## Telegraph to Merchant's Reading Room.

HALIFAX, Dec. 13, 1854.

The Am. Steamer Union, from Havre and Southampton, arrived at New York, on Sunday —English dates to 22d. ult.

Consuls quoted at 91¼ to 91⅜.

Accounts from Sebastopol to the 14th, bombardment continued

It is reported that Russia is willing to negotiate, but the "Times" doubts the rumour.

The Steamer Arabia, taken to convey troops to the Seat of War.

Collins' Steamer Pacific would not leave Liverpool, for New York until Saturday, instead of Wednesday.

Flour Market easier, holders inclined to press sales.

Wheat slightly declined.

Sales of Corn had been made at a reduction of one shilling per quarter.

Arabia is not coming out. The first Steamer will be the America, for Halifax and Boston, on the 9th Dec. The next Asia, for Halifax and Boston, on the 23d. Collins' takes intermediate weeks for New York.

### NEWFOUNDLAND.

We learn that the House was perfectly *insane* yesterday, on receiving His Excellency's intimation that he could not assent to the election this fall. One of the hon. members invoked the very furies,—became quite frantic, and so far lost sight of his position as to designate the Governor a "VILLIAN," &c. &c. This was certainly very pretty language for a Representative of the people —and a *Responsible Government* man witaal!—to apply to the Representative of her Majesty. What will the Colonial Secretary think or say of this!—The Supply Bill, it is said, is again to be negatived, and the colony plunged into still further misery, to await the issue of another delegation to Downing Street!!!. A very creditable state of things, truly!—*N. F. Times*

### UNITED STATES.

The receipt of Bennet's Herald of the 6th instant puts us in possession of the Presidential Message to the Congress of the United States, now in session.

In letter and spirit it is altogether pacific—conciliatory, healing; breathing not a syllable susceptible of the remotest interpretation calculated to annoy or anger the Powers of the Old World, with which the "relations" of the Republic have of late assumed an apparent aspect anything but strictly amicable. "There may be," says the *Herald*, "a small spec of war in the refusal of our Executive to abandon the privateering system in connection with naval operations against an enemy, but with our present miserably deficient navy, we can have no other resourse, in view of a brush with France and Spain."

Touching the Greytown affair the details are given with great minuteness, and, certainly, assuming this version of the transaction to be correct, it will be somewhat difficult to make out a case very strong against the U. S. Government.

In the important matter of "finances" there appears an absolute plethora. The Secretary of the Treasury in his "report', announces "a surplus, of twenty millions of dollars." *Halifax Sun.*

The New York *Herald* is down upon John Mitchel—who, so it is affirmed, is going to Russia,—the hideous growth of Know-Nothingism having driven him to seek, in the dominions of the Czar, that perfect equality and full measure of civil rights and immunities, which Nativism would deny him in Republican America. Our New York contemporary thinks that, in many respects, "Russia will suit John better than the United States," for *there* he can gratify his hatred of England by throwing vitriol bottles at her soldiers; and "abuse the Catholic Church all the better for the fact that there will be no Archbishop to rap him over the knuckles."

### WORMS! WORMS!

☞Various theories have been started relative to the origin of intestinal worms, and yet the queston is still a vexed one among medical authorites. Of one fact, however, all are informed, and in which all agree—the fatal nature of the influence they exert on children. At this season of the year, the attacks of worms are most frequent as well as most dangerous. We take great pleasure in directing the attention of parents to the Vermifuge of Dr. M'Lane. It is one of the most extraordinary medicines ever introduced to the public, and has never failed of success when tried.

☞Purchasers will be careful to ask for *Dr. M'Lane's Celebrated Vermifuge*, and take none else. All other Vermifuge, in comparison, are worthless. Dr. M'Lane's genuine Vermifuge, also his Celebrated Liver Pills, can now be had at all respectable Drug Stores in the United States and Canada.

## HASZARD'S GAZETTE.

### Saturday, December 16, 1854.

THE MAILS.—A Colonial Mail arrived last night by which we have a few days later news from Europe by Telegraph Via New York. It will be ten days' or a fortnight before we can have our English Mails. A Mail will be made up at 5 o'clock this evening.

We have been obliged to leave out a long Editorial on the increase of the price of Gas, to give place to some interesting details of the Siege of Sebastopol.

The Presbytery of Prince Edward Island, in connection with the Presbyterian Church of Nova Scotia, met at Princetown, on the 12th inst. Mr. Allan Fraser and Mr. William Keir, students of theology, delivered discourses and performed other exercises which were approved of by the Presbytery; and Mr. Fraser having completed the usual trials to the satisfaction of the Presbytery, was licensed to preach the gospel and appointed to proceed on a mission to Cascumpec, for six weeks. Next meeting of Presbytery was appointed to be at Bedeque, on Tuesday the 26th inst. at which time, Mr. William Keir was appointed to deliver his remaining trials for license.

### PUBLIC MEETING IN AID OF THE PATRIOTIC FUND.

In accordance with the Requisition and notice which was published in last week's *Gazette*, a Sheriff's meeting was held at the Court House Thursday—the Honourable Chief Justice having been called upon to preside. The Chairman stated the object of the meeting, which was to raise funds for the relief of the widows and orphans of the soldiers, sailors, and marines, who have fallen in battle in the present war, or may yet die in their country's service before the establishment of peace; and in doing so the honourable and learned Chairman paid an eloquent tribute to the valonr and achievement of the allied forces in the East.

Theophilus Desbrisay Esq., was requested to act as Secretary, and that gentleman has politely furnished us with the resolutions and subscription list entered into at the close of the meeting. The following resolutions were severally proposed, seconded, and unanimously adopted —the gentlemen who proposed and seconded them having respectively addressed the meeting in reference to the great claims possessed by the gallant armies now fighting the battle of liberty and civilization against tyrany and depotism in the East of Europe:—

Moved by Honorable George Coles, seconded by D. Gore Daly, Esq—

1. *Resolved* That this meeting deeply regrets the necessity of our beloved Queen being engaged in war; and fervently trusts that the results of the operations of our Naval and Military Forces, in conjunction with Her Majesty's Allies, against Russia, will prove most succesful.

Moved by Captain Orlebar, R. N., seconded by John Longworth, Esq—

2. *Resolved*—That this meeting regards, with the highest admiration and gratitude, the gallant conduct of their countrymen in the Naval and Military engagements that have taken place in the East of Europe, and deplores the loss of so many valuable lives

Moved by John Hancock, Esq. R. N, seconded by Hon. Captain Swabey—

3. *Resolved.* That this meeting, being desirous of manifesting its sympathy for the widows and orphans of those soldiers, sailors and marines who have been killed in action, or who have died from other casualities, while employed on service during the present war, most cheerfully unites with Her Majesty's other liege subjects in contributing towards a "Patriotic Fund," to be appropriated to the relief of such widows and orphans as are unable to maintain or support themselves.

Moved by the Hon. James Warburton, seconded by the Rev. Mr Snodgrass—

4. *Resolved*, That a Local Committee be forthwith nominated for the purpose of acting in conjunction with His Excellency the Lieutenant Governor, who has been appointed by the Royal Commission a Commissioner in aid of the Patriotic Fund, for opening a subscription list to receive contributions to such Fund, and for remitting the same as soon as practicable to London; and that the following gentlemen do compose the said Committee, namely:—The Hon. Chief Justice, Commander Orlebar, Hon. Captain Swabey, the Rev. Mr. Snodgrass, Rev. Mr. Phelan, Hon Charles Young, Henry Haszard, Esq., Hon. George Coles, John Longworth, Esq., Theophilus Desbrisay, Esq, the Rev Mr. Lloyd, the Rev. Mr. McMurray, Hon. J. Picton Beete.

Moved by John Hancock, Esq, R. N. seconded by Hon. Captain Swabey—

5. *Resolved.* That the Committee be considered as a Central Committee, and have power to invite the formation of Local Committees in this County, to whom, in order that all classes of the population may have the opportunity of giving evidence of their sympathy, it shall be an instruction to receive subscriptions of the smallest amount; and that the Central Committee do communicate with any Committees that may be formed in the two other Counties in furtherance of this object.

After all the resolutions had been carried, the Chairman announced that a Subscription list was then opened, and after the clapse of a short time the subscription amounted to one hundred and seven pounds ten shillings.

On motion of the Hon. Wm. Swabey, the Chief Justice left the Chair, and the Deputy Sheriff being called thereto, the thanks of the meeting were presented to the Hon. Mr. Hodgson for his efficient conduct in presiding over their deliberations; and thanks were also presented to the Deputy Seeriff for so promptly responding to the wishes of the sequisitionists in convening the meeting.

At the close of the public meeting the Local Committe immediately proceeded to business —elected a Chairman, and assigned themselves wards throughout the town in which the subscriptions are to be collected. R. Gaz.

[The Subscription list will be published in a future No.]

### Ship News.

The Brig *Tooting*, Capt. Baudoin, bound for Liverpool, G. B, was cast away on the 7th instant at Little Lorain Harbour, 10 miles north of Louisburgh, C. B., She left this port on the 2d inst., and on the following morning passed through the Strait of Canso. After running 60 miles E. S. E, a gale sprung up from the east, carrying away the main-topmast and head of the mainmast, and springing the fore-topmast and fore topsail yard. The vessel being now almost unmanageable the master bore away for the first harbour. On nearing the land, breakers were seen on every side, and the vessel was labouring heavily in the trough of the sea; to preserve their lives they let go the anchor and cut away the masts, expecting every minute that the chains would break. In the evening a pilot boat came along-side, and took off the Captain and two men, and next day the rest of the crew were got on shore with a great deal of trouble The vessel broke from the anchors soon after and went to pieces. The crew arrived here in the Marian from Newfoundland.

*Guysboro*, Nov 25.—Br brigt. *Ellen*, Kennedy master, of P. E. Island, from Boston, bound to Charlottetown with a general cargo, went on shore on Thursday morning the 23d inst, near the light, at Sand Point. Vessel will be probable got off, cargo to be reshipped. *Ellen* is a new vessel about 200 tons register N M, and is said to be insured in the United States.

BEDEQUE, Dec. 15th.—The Harbour is now completely clear of ice up to the Wharf, which was closed since the 9th inst. A fair wind to-day and fine weather for Vessels to arrive from the Strait of Canso.

### ACADIAN GEOLOGY:

A popular account of the Geological Structure and Mineral Resources of NOVA SCOTIA,
*And portions of the neighboring Colonies.*
By J. W. DAWSON, F.G.S. &c.

THE above Work will consist of about 300 octavo pages, and will be illustrated by a large Geological Map, Sections, and Figures of Fossils. It will include a large mass of unpublished notes, referring to Nova Scotia, Cape Breton, Prince Edward Island and parts of New Brunswick, the substance of sixteen papers contributed by the author to the Geological Society of London and other Scientific Societies, and notices of the more recent discoveries of other Geologists. These materials will be arranged in such a manner as to present to the general reader a complete view of the structure of Nova Scotia and the neighbouring districts, as far as at present known, with its relations to the facts and principles of general Geology, and to the present and prospective value of the useful minerals.

With the view of ascertaining the number of copies likely to be required, subscription lists will be left with Messrs. A. & W. McKinlay and E. G. Fuller, Halifax; Messrs. J. Dawson & Son, Pictou; Mr. A. Lawson, Yarmouth; Mr. W. H. Crawford, St. John; Mr. G. T. Haszard, Charlottetown. Price to subscribers, 9s, payable on delivery of the work.
