Delay Seen In Report Of Tax Probe

By DON HANBRIGHT
OTTAWA (CP) - The federal and provincial finance ministers have decided to submit Canada's tax structure study deeps that it will delay their report until early 1965, rather than the end of the year.

Finance Minister Gordon told reporters the study will be completed by the end of the year, but a "much deeper" tax contemplated by the heads of government would be ready by the end of the year.

However, neither Mr. Gordon nor his provincial counterparts were discussing details of the study after meeting for about four hours Tuesday to write the draft report early next week.

Mr. Gordon said the terms of reference were settled under the terms of the study. This indicated Premier Duff Roblin gained at least some acceptance for his proposal that program priorities rank high in the study.

However, Mr. Roblin said after the meeting he would reserve his comment on the terms as finally chosen.

The Quebec City conference last April envisaged the study as a prelude to the next revision of taxing powers of the two levels of government. The current agreements expire March 31, 1967.

Mr. Gordon said later priorities were discussed. He noted the draft terms of reference were approved earlier in Ottawa as well as all other provinces' delegates.

SWEETEE SLEEPER
MIDREX LODGE, Scotland, Oct. 12, 1967. The conference was held to discuss the study.

He failed to turn up on the third Sunday. His father said he had "overlaid."
