NEW YORK

NEW YORK (AP) — A mild late-afternoon rally pushed the stock market higher Wednesday despite early business.

Prices started to move up after the defence department disclosed the U.S. will begin firing a series of new satellites this year. Stocks that traders felt would be directly related to this program were first to advance.

The rally was not strong and did not carry to the finish. Final prices were down from their highs, particularly in steels. Aircrafts, chemicals, electronics and oils generally ended higher.

The Associated Press average of 60 stocks closed at $204.90, up 40 cents.

International Nickel dipped 1⅜ in the Canadian list while McIntyre Porcupine added a point. Aluminium Ltd. erased a loss to be slightly ahead but most other issues dropped fractions.

The Canadian section was mixed on the American Stock Exchange.
