

Commissioner Appointed By Salvation Army

SUNBURY, ON - THAMES, England (Reuters) - Scottish-born Commissioner Frederick Coult, 64, has been elected as leader of the Salvation Army to replace 70-year-old Gen. Wilfred Kitching who retires in November.

Coult, territorial commander for East Australia, will take up his duties next month and will be the first Scot to lead the world-wide movement started by William Booth in Britain in 1865.

His election followed an abortive first ballot when the required two-thirds majority for any of the six nominees was not reached.

A second session produced the required majority for Commissioner Coult.

Home Welcomes Summit Meeting

By CARMAN CUMMING, UNITED NATIONS (CP) - Britain's Foreign Secretary Lord Home has given a cautious welcome to a Soviet proposal for a summit conference on disarmament next year. But he stressed that serious preparatory work would have to be done first.

In a policy speech before the United Nations General Assembly, Lord Home said there have been signs of a new chapter in east-west relations between Russia and the West.

He welcomed what he called the Soviet Union's uncompromising stand against war, and the Communist China's refusal of all its millions of people could not save it from annihilation if nuclear war broke out.

Home said that situations where Communist and Western philosophy confront each other should not be glossed over.

WALL REMAINS - The Berlin wall still remains, for example, as a "demonstration of coexistence" between East and West Germany and between NATO and the Warsaw pact.

Seaway Interest Now \$10 Million

DETROIT (AP) - Interest payments on the St. Lawrence Seaway has reached \$10,000,000 with the latest payment of \$555,007.

Joseph H. McCann, U.S. seaway administrator made the payment on behalf of the St. Lawrence Seaway Development Corporation to the U.S. Treasury.

This interest on a \$130,000,000 debt has been paid since the seaway opened in 1959. The Canadian seaway authority pays its government interest on a \$275,000,000 debt.

Despite the size of the payments already made, the U.S. agency is nearly \$500,000 in arrears because traffic has not matched expectations.

Committees in both countries are studying present toll rates to determine whether they are adequate for the liquidation of the debt within 30 years. The study is required by law every five years.
