

Don't Fret.

When worries and troubles surround you, Don't fret. Go to work! You will always have trouble around you, You bet. If you shirk, The man who is busy his worry forgets, His mind isn't harassed by thoughts of his debts, And the harder he works, the more happy he gets, Till he's gay as a Turk.

If fortune won't smile, let her frown, if she will; Never mind Don't sulk, and look wholly cast down, if she still Seems unkind. If you smile at her, soon she will smile back At you. You are certain to win her, if you will pursue Her with cheerful persistence, and hope ever New.

And then solace you'll find. The world doesn't care for your woes, Oh, no! Not a bit! The man who is wise never shows His foes That he's hit. Every one of your neighbors has griefs of his Own; He greatly prefers to leave your griefs alone, And he doesn't at all enjoy hearing you groan, So take warning, and quit!

A Dangerous Joke. A few months ago a person hardily dared say they had La Grippe for fear of ridicule. And now that other half of our population have had it, the other half are in mortal terror for fear they too will have it. We cannot wonder for no epidemic scourge has ever visited this country and left such a trail of death and sorrow behind. The best loved members of families from state circles down to the humble station in life have gone.

It has been the relapses and after dangers from La Grippe that have been so appalling. The death rate in many larger cities has exceeded 100 a week from the "grip" alone; and the end is not yet. Physicians are learning to fear, (much more than the epidemic itself), the serious and fatal extension of the inflammation downward to the throat and bronchial tubes, causing croup and catarrhal pneumonia, true sequences of the malady; which terminate in death or produce severe laryngitis, bronchitis, asthma and a form of catarrh which contributes largely to chronic disease of the ear, nose and throat, causing loss of hearing smell and taste. Those physicians who have been most successful with the epidemic say the surest treatment has been with tonic and anodyne remedies. The medicines most relied upon have been Quinine, Antipyrine, Salicylate of Soda, Johnson's Anodyne Liniment, etc. A prominent Boston paper announced in January last that more persons had successfully used the last named medicine than all the others combined. That seems reasonable, for the effects from La Grippe cause severe inflammation, and it is a well-known fact that for nearly eighty years no remedy has taken the place of Johnson's Anodyne Liniment for every form of inflammation, internal or external. Therein lies its great value as a household anodyne, namely, the fact that it is and can be used more internally than any other way. At any rate if one has any symptoms of the after-dangers of the "grip" we advise them to get a bottle of the anodyne at once, or send to the sole manufacturers, L. S. Johnson & Co., Boston, Mass., for full particulars which they send free, and which may save you a big doctor's bill.
