## Queens MP Speaks To St. Paul's Laymen

Heath Macquarrie, member of parliament for Queens, was guest speaker at the monthly supper meeting of St. Paul's Laymen's Association held Tuesday night in the Parish Hall. The president, T. D. DeBlais was chairman for the meeting.

Following grace by the rector, Rev. F. Louis Elias, the president extended a warm welcome to all present. Guests included J. Russell Driscoll, M.L.A., Councillor Arthur Wright, and Douglas Judson. A new member, Bob Sherren, was introduced.

The sing song was conducted by John Evans, with George A. Thompson at the piano. Thanks were expressed to Mrs. Donald Ross and Mrs. Teikeman Erickson, conveners of the supper.

Mr. Macquarrie was introduced by the chairman and took as his topic "World Peace". He described at some length a meeting in New York City which he attended a few years ago, along with 2,000 other persons from 14 countries when they studied the Encyclical of Pope John XXIII entitled "Peace on Earth".

Those studying this epistle came from all walks of life, with various backgrounds of religion, science, politics, etc.

Mr. Macquarrie went on to say that the Encyclical has had a profound effect on bringing about Ecumenical discussions and decisions around the world today.

SHOWN TO KRUSHCHEV

The Laymen were also told that the Encyclical was taken to Russia and shown to the then Premier Nikita Khrushchev, and

application calls for an outlay of \$26,300. The federal share of this will be \$10,500; Mr. MacNaught said.

Members of the local committee in charge of the project are said to be very pleased at the additional contribution otherwise the extra expenditure would have had to be raised locally or borne by the committee.

## First Aid Committee Makes Plans

Dr. W. R. Stewart chaired a meeting of the Provincial First Aid Committee as it made plans

for 1965 First Aid services yesterday in the provincial headquarters of the P.E.I. Red Cross. Reports were heard from the various county supervisors and compiled by Sinclair Cutcliffe, P.E.I. regional supervisor.

The committee announced that representatives from P.E.I. would attend an International First Aid and Rescue Workshop in Atlantic City, New Jersey, Sept. 27. A first aid examiner's clinic will be held on April 24 at the Charlottetown Red Cross headquarters.

A report was issued to the committee showing that over 450 people had enrolled in first aid courses in 30 centres since January. This represents an increase over 1964's total. The courses qualified people as first aid representatives for the Island.

Members of the committee at yesterday's meeting included:

Dr. W. R. Stewart, Dr. J. N. Gillis, Sinclair Cutcliffe, Norman MacLeod, Ed Chinery, Bruce MacLaren, Iphigene Arsenault, Mrs. Evelyn Cudmore and Fern MacPhee.

### Car Overtakes Three Times, Driver Unhurt

SOURIS — A 1965 model car driven by Francis Bernard Gillis of Elmira sustained about \$500 damage when it overtook Tuesday on the St. Peter's Highway at Chepstow.

Mr. Gillis was proceeding east when he lost control of the vehicle, which rolled three times. He was not injured.

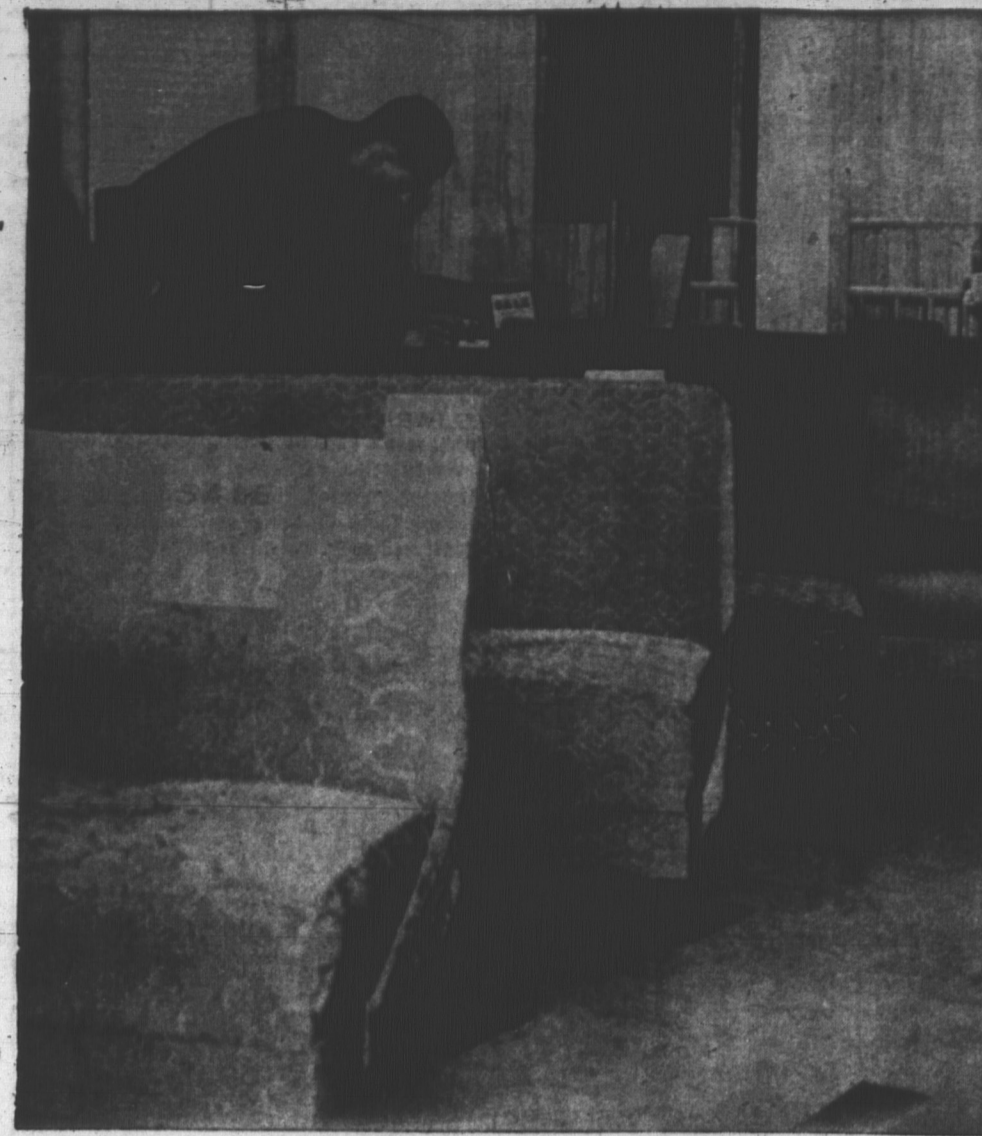

The accident was investigated by Souris detachment of the RCMP.

### News Of Death Received Here

The news has been received by Rev. F.L. Mullally, Sturgeon, P.E.I., of the death on Friday, April 2, of Mrs. John Coughlin, Dorchester, Mass., formerly Margaret Lanigan of Cambridge, P.E.I.

She leaves to mourn one sister, Clara, Dorchester, Mass. Her parents, two brothers, and one sister predeceased her some years ago.

Mrs. Coughlin was well-known and loved by a host of relatives and friends in this province as well as Montreal and the United States.

## 2-Storey House Gutted By Fire

Two fires were reported in Charlottetown yesterday. The most serious was a blaze that completely gutted a two-storey house at 9 Park St. City firemen received the call at 3:55 p.m. and fought the fire until 5 p.m.

The house was occupied by Lloyd Hillier and Lloyd W. Lidstone and their families. No estimate of the damage could be obtained last evening, but Fire Chief Herbert Jewell described the damage as very heavy and a complete loss.

The Charlottetown Fire Department used two pumps and the aerial ladder truck in fighting the fire in the frame dwelling.

All occupants of the house escaped injury and spent last evening in the Revere Hotel. It was not known whether the dwelling was insured or not.

City firemen answered a second call at 27 Richmond Street at 6:40 last evening. A fire broke out in an oil stove, but no serious damage was reported.

The Red Cross Disaster Service officials rendered assistance to the families, left homeless. They provided the overnight accommodation and were on the scene before the fire was extinguished.

## Shaw Wants All P.E.I. As Designated Area

In an interview yesterday, Premier Shaw said he would like to see "all of Prince Edward Island become a federally designated area in which new industry would qualify for incentives."

He was commenting on a recommendation made in Halifax by the Atlantic Provinces Economic Council which called for

## Children Warned Of Grass Fires

Inspector Louis Ranahan and Fire Chief Herbert Jewell emphasized the serious consequences frequently following the starting of grass fires by children as they noted it is the time of year when the fire department is plagued with a rash of calls resulting from such fires.

Too often, they said, the fires get out of hand when the grass is dry and the frightened children run away without thought of how the fire may spread. The fire prevention officials asked the help of parents in warning children against starting fires and said over the years their records showed the great majority of grass fires were started by youngsters.

Aside from the serious fire hazard caused they said such alarms meant turning out our valuable fire fighting equipment which might thus be away from the fire station when a major blaze broke out elsewhere. If this happened in somebody's home, it is possible loss of life might follow because the needed equipment was not immediately available.

In addition to this factor they noted the calling away from their jobs of so many men in the volunteer fire department and the loss of time to them and their companies.

## Project Fed. Aid Increased

OTTAWA (Special) — The federal government will increase the amount of its contribution toward the new boys' club project at Summerside, Solicitor General J. Watson MacNaught said here Wednesday.

The additional grant is being provided because the labor cost is greater than was anticipated. First estimates indicated that 16 men could complete the work in 676 man-days but the project actually needs the services of 25 men for 1,116 man-days.

The first application to the federal department of labor under the Winter Works incentive program called for an expenditure of \$16,046. The revised

## FACT:

Of all North American cars today, Rambler is your best used car buy. Why Rambler?

- BETTER CONSTRUCTION**  
Exclusive Single Unit Construction with Uniside makes every Rambler body a strong, safe, all-welded, single unit. A rugged Rambler body stands up to punishment a lot longer, a lot better. It's built to take years and miles in its stride.
  - NO RATTLES**  
Rattles and squeaks in other cars are caused by nuts-and-bolts construction. But Rambler's unique Uniside body is free of rattles and squeaks because it's different from conventional body-frame construction.
  - BETTER RUSTPROOFING**  
Exclusive Deep-Dip Rustproofing, continually improved since its introduction nine years ago, is the world's best rustproofing method. The body of every Rambler is dipped to its roofline seven separate times in rustproofing to seal off every nook and cranny from the ravages of rust.
  - BETTER PAINT**  
Rambler's exclusive three coats of Lustre-Gard Enamel resist wear and tear, season after season.
  - BETTER WEATHER INSULATION**  
We introduced exclusive Fibreglass Roofliners in 1961. Durable, washable vinyl covering stays attractive years longer than traditional cloth lining.
  - BETTER WINTER INSULATION**  
Rambler's Weather-Eye Heater and exclusive Double Door Seals give year-in, year-out protection against wind and weather, cold and drafts.
  - BETTER BRAKES**  
Exclusive Double Safety Brakes, a Rambler feature introduced in 1962, are gradually being copied by other manufacturers. Front and rear brakes work independently to provide superior stopping protection. If one set is damaged, the other still operates.
  - BETTER SEATING**  
Rambler offers the industry's widest choice of comfort and seating options. Exclusive reclining seats and adjustable headrests are sturdily-built to give you maximum seating comfort year after year.
  - BETTER MUFFLER**  
Rambler's exclusive Ceramic-Armored Muffler, Tailpipe and Exhaust System is made of tough galvanized metal bonded with a long-lasting ceramic shield to resist rust and corrosion.
  - BETTER VALUE**  
With so many built-in exclusive features, Rambler holds its new car value much longer. Rambler is built with all possible owners in mind—not just the first. In the beginning, when it counts, Rambler is built far better to last far longer.
  - HIGH DEMAND**  
Rambler owners are loyal owners. That's why today's used car lots aren't crowded with used Ramblers. Rambler owners like the cars they drive. They take good care of them. When you spot a used Rambler, you know it's in top condition.
- The new 1965 Rambler is a top-quality car, too. It offers exclusive construction features, it's packed with solid value for your money, and it will deliver thousands of miles of trouble-free performance—now when it's new and later when it becomes a used car.
- Rambler is your best car buy—new or used. The proof is waiting for you right now at your Rambler Dealer's. You'll find the model, style, colour and features you like at a price you like. See your Rambler Dealer's wide-ranging selection of top-quality cars today.

Quality Rambler parts and superb Rambler service are available from our network of Rambler Dealers throughout Canada
