ONE MAJOR FIRE

loss for the City of Chelmsford is \$200,000. The fire at Simpson's Sears in the City of Chelmsford is \$200,000. This may seem to be a very large sum of money.

High figure but the majority of the buildings occupied by Simpson's Sears Ltd. Also taking into account the fact that the fire occurred in the City of Chelmsford, a population increase of approximately 19 per cent over the past five years shows a decrease of approximately 19 per cent over the past five years of fire calls and fire causes.
