"ENCLOSED PROPERTY"

Under the 'Fish and Game Protection Act', being Chapter 13 of the Statutes of Prince Edward Island: The following described land and water shall be "Enclosed Property" under the meaning of the Said Act.

ALL THAT PARCEL of land, situate, lying and being on Lot 23 in Queens County, Prince Edward Island, bounded and described as follows:—

COMMENCING at a stake fixed on the banks of the Clyde or Hunter River at the northern boundary of land formerly in the possession of Christopher Bulman

THENCE running South 86° 30' West (according to the magnetic meridian of the year 1764) a distance of 24 chains.

THENCE running North 45° West a distance of 61 chains.

THENCE running North 45° East —

Return to place of commencement —

THENCE along the shores of Clyde or Hunter River to Robert Winter's Creek and along the South western side of the creek to a post fixed nearly opposite to a spring, issuing from the foot of the North-eastern bank of the creek.

AND THENCE running North 45° West until it intersects the above mentioned North 45° East line.

AND CONTAINING by estimation 100 acres of land, a little more or less and being the land conveyed to James Leard and registered in Liber B8 Folio 6

AND ALSO that other parcel of land lying adjacent to, and to the North-east of the above last mentioned North 45° West line

COMMENCING at a point on the North western side of the old abandoned road at the old New Glasgow Mills Bridge

THENCE running North-eastwardly along the old road, a distance of about one chain or to a plot of land in the possession of Denise Pineau

THENCE running North westwardly and Northwardly along the boundaries of the last mentioned plot of land until it again meets the old abandoned road.

THENCE running North westwardly along the South western side of the old road until it meets the southeastern boundary of the 47 acre farm formerly in the possession of James Christie

THENCE running South westwardly along the last mentioned South eastern boundary to the North 45° West line last mentioned in first described 100 acre farm

AND THENCE running South 45° East to the point at the place of commencement

AND CONTAINING by estimation 2.0 acres of land and being the land conveyed by Millar Orr of New Glasgow and Ida Orr, his wife to Leta M. Andrew of New Glasgow.

LETA M. ANDREW, Owner.

Also to deal with the disposal of the elementary school property and surplus books in library.

NEW HAVEN Women's Institute food sale, at Sherwin-Williams, Friday, May 17th, at 2:30 p.m.

Acadia Plans Expansion

WOLFVILLE, N.S. (CP)—President Watson Kirkconnell announced a $7,250,000, five-year expansion program for Acadia University at convocation exercises here Tuesday.

The expansion is needed to cope with the expected doubling of student enrolment by 1970, Dr. Kirkconnell said. A campaign to raise the money will start in September.

Five years ago, the president said, 700 students attended the university and enrolments this year totalled 1,200. It is estimated there will be 2,400 students at Acadia by 1970.

Today—125 years after it was founded, the university numbers 35 buildings on its 100-acre campus. The expansion program provides for new buildings, additional residences and renovations to most of the existing buildings.

THERMAL GENERATING STATION
SHIFT SUPERVISORS

Shift Operating Supervisors are required for work in a new and modern 300 megawatt thermal generating station now being constructed fifty miles from Montreal to be in service in July 1964.

The Shift Supervisors will be in charge of all station operations on the shifts and responsible to the Assistant Station Superintendent.

Applicants for these positions should be holders of Quebec First Class AB Stationary Engineman's Certificate or be eligible to obtain this license. Bilingualism will be an asset. Must have at least five years experience in charge of large modern high-pressure and temperature boiler-turbine-generating machinery.

Reply in confidence to the undersigned giving all personal details and salary requirements.

EMPLOYMENT SUPERVISOR
THE SHAWINIGAN
WATER AND POWER COMPANY
600 Dorchester Boulevard West, Montreal

THERMAL GENERATING STATION
TURBINE BOILER OPERATORS

Turbine Boiler Operators are required for work in a new and modern 300 megawatt thermal generating station now being constructed at Tracy, Quebec, fifty miles from Montreal, to be in service in July 1964. The shift Turbine Boiler Operator will be responsible to the Shift Supervisor and be in charge of the operation of 150 megawatt boiler-turbine-generator machines on rotating shifts. These turbines will operate at 1800 psig, 1000/1000°F, 3600 r.p.m., generator, hydrogen-cooled with liquid-cooled stator; the boilers will be oil-fueled with pressurized furnace, controlled from a central control room.

Applicants must be holders of Quebec Second Class AB Stationary Engineman's Certificate or be eligible to obtain this license, and have at least three years experience on large boiler-turbine-generator machinery. Bilingualism will be an asset. Reply in confidence giving qualifications and personal details.

EMPLOYMENT SUPERVISOR
