

## La Legitime Independance

La *Vérité* dans un excellent article intitulé "Nos chefs naturels," termine ses commentaires en disant :

"Quand donc aurons nous assez de légitime indépendance et de rudimentaire discernement pour ne pas reconnaître comme *chefs naturels* du peuple, de simples *meneurs de parti, bleus ou rouges* ?

Quel abus de langage que de proclamer *chefs naturels* du peuple canadien-français des hommes qui n'ont qu'une ambition : supplanter au pouvoir les autres *meneurs* qui s'y trouvent !

N'est-il donc pas possible pour nous de nous occuper, non de tel ou tel groupe de politiques, mais des grandes questions de principe ?

La liberté scolaire est foulée aux pieds dans une partie de notre pays; les droits de la langue française y sont audacieusement violés ! Nous ne devrions songer qu'à faire cesser ces injustices, *maîtré les chefs politiques des deux camps* ! Et toute notre sollicitude se borne à nous demander si les *bleus* vont remplacer les *rouges* au pouvoir, ou si ceux-ci vont s'y maintenir !

Quelle tristesse !"

Son ombre seule

Un homme prévenu en vaut dix. Le rhume est l'imprévu, mais l'ombre seule du BAUME RHUMAL le fait fuir.

Un maire de village se trouvait entre deux jeunes gens à la mode qui lui lançaient force quolibets.

"Je vois bien, messieurs, leur dit-il, que vous vous moquez de moi ; mais je vais vous mettre à l'aise en vous donnant une idée de mon caractère : je ne suis précisément ni un sot, ni un fat, mais je suis entre les deux."

## DONAHOE'S MAGAZINE

MARCH, 1903

"It is idle to deny that there is a strong religious sentiment in the atmosphere of the Irish situation," writes Mr. John J. O'Shea in the March number of DONAHOE'S MAGAZINE. In order to get a clear view of the whole question at issue Mr. O'Shea surveys it in its historical light, "as it was by religious persecution that the land of Ireland passed into the hands of alien lords." Going back to the time of the so-called "Reformation," he briefly but clearly traces the various events leading up to the present crisis, "when the great question at issue, after all subsidiary matters are disposed of, in the retention of the Irish people in their natural homes. If they cannot find any adequate means of living there, there is no proposition more certain than that the island must be speedily depopulated. . . . This is what makes the Ulster Orangeman so determined an opponent of men like Mr. T. W. Russell, who desire a pacific settlement of the Irish land question."

Mr. O'Shea's paper is thoughtfully and wisely considered, and so comprehensive in its review of conditions past and present that it forms a valuable source of information.

There are several other papers on Irish topics, among them "Irish Firesides," by Rev. William Dollard ; "The Hat of the Kinsales," by Major Dudley Costello, and "Pagan Ireland," by Rev. Reuben Parsons, D. D.

In the new department, devoted to the drama and conducted by Rev. John Talbot Smith, the Irish play, "Robert Emmett," is contrasted with Ibsen's gruesome production, "The Ghosts." Father Smith, in pointing out where religion could have elevated and dignified the latter play, dwells upon the beauty and refinement of the drama written by the young Irish actor.

Rev. L. W. Mulhane contributes a deeply interesting sketch of the late Bishop Roper and his work among the lepers ; and Rev. H. G. Hughes tells of the ancient town of Abingdon, the home of St. Edmund. Some very fine illustrations accompany the text.
