

City and Central

VAIL'S RADIO SERVICE, 286 Kent St. Dial 3537.

GOPEL TENT Kingston meetings continuing nightly 8 p.m.

RADIOS for late model cars. Special prices. Tanton's Accessories Ltd.

FRIDAY and Saturday specials at S. A. McDonald's—one table-dress, sport and T-shirts, values to \$4.95. Special price \$1.95.

SILVER trim for automobiles now in stock. Gives car a very smart look. Tanton's Accessories Limited.

COAT HANGERS, dash trays, Ford wings, exhaust extensions, polishes and polishing cloths. Tanton's Accessories Limited.

FREE CHURCH of Scotland Services Aug. 28: Charlottetown 11 a.m. and 7:30 p.m. (City time); Stanchel 3 p.m. S.S. 2 p.m. Rev. J. H. Bishop, Minister.

FREE CHURCH of Scotland Services Aug. 28: Belle River 11 a.m.; Iria 3 p.m.; Murray River 7:30 p.m. Thursday, Sept. 1st, Brooklyn 8 p.m., conducted by William Underhay, Student.

HAMPTON Pastoral Charge The United Church of Canada Services Sunday, Aug. 28: Hampton 11 a.m.; Appin Road 3 p.m.; Victoria 7:30 p.m. Rev. R. H. Baxter, Minister.

IMMUNIZATION Clinic—every Friday, 2:45 p.m. at the Health Centre, 188 Prince St. Pupils enrolling in Grade 1 in city schools must have a certificate of successful vaccination against smallpox.

ST. JOHN'S PRESBYTERIAN Church, Belfast, Sunday, August 28, 10 a.m. Sunday School, 11 a.m. Morning Service, 7:30 p.m. Evening Service, Rev. A. J. G. Murchison, Guest speaker, Rev. D. A. Campbell, Interim Moderator.

THE BEDEQUE District will hold an Orange service in the Presbyterian Church Summerside, Sunday, August 28, at 10 a.m. (Standard Time). Members please meet at the Lodge room on Green Street at 9:30 a.m. (S.T.), Sister Lodge's invited to attend.

PRESBYTERIAN CHURCH of Canada Central Parish services Sunday, August 28 as follows: Canoe Cove 11 a.m. Sunday School 10:00 a.m.; Churchill 3 p.m.; Sunday School 2:00 p.m.; Clyde River 7:30 p.m.; Sunday School 10:30 a.m.; Nine Mile Creek Sunday School 11:00 a.m. Mr. Ross MacEwen will be in charge of all services. Rev. Donald Nicholson, Minister.

"YOUR DOLLAR BUYS MORE" at the HUGHES DRUG STORE.

ATTENTION truck drivers you mud flaps are in stock at Canadian Tire.

CORNWALL UNITED CHURCH. Services Aug. 28 will be conducted again by Rev. E.R. MacVicar and at the following hour and places: New Dominion 11:00 a.m.; New Dominion 3:00 p.m.; Cornwall 7:30 p.m. Sunday Schools as announced by superintendents.

SAD NEWS RECEIVED—Mr. and Mrs. Edward Arsenault received the sad news yesterday of the death of Mr. Arsenault's sister, Mrs. Joseph MacLellan of Rumford, Maine. The funeral service will be held in Rumford on Saturday morning.

POLICE COURT—At City Police Court yesterday morning a drunk and incapable was fined \$10 and costs or five days and another was fined \$5 and costs or two days. Magistrate K. M. Martin remanded a vagrant to August 26.

HUNTER RIVER PASTORAL CHARGE. The United Church of Canada Services on Sunday, August 28th, as follows: Hampshire 9:45 a.m.; Sunday School 10:45; North Wilshire 11 a.m.; Sunday School 10:45; Hunter 10:30 a.m.; Sunday School 10:30 a.m.; Rev. C. R. Moase, B.A., B.D., Minister.

ENGAGEMENT—Mr. and Mrs. Roy Crossman, Westmorland, announce the engagement of their only daughter, Ella Mabel to Allison William MacLeod, Winsloe, son of Mr. and Mrs. Neil MacLeod, Hartsville. Marriage to take place at 7 o'clock on Wednesday, September 7th, 1955, in the Westmoreland Baptist Church.

ORDER IN BANKRUPTCY—Before Mr. Justice Tweedy, Judge in Bankruptcy, yesterday morning a petition by Russell Ching for a receiving order against the Island Co-operative Association Ltd., was heard. The order was made and the Eastern Trust Company appointed trustee.

In the report of the Campbell-Lackay wedding which took place in the Presbyterian Church, New London, on August 4th the name of the guest soloist, Mr. Gordon arew of Hunter's River was inadvertently omitted. Mr. Carew was impressive in his rendition of "O Perfect Love" and "The Voice that breathed o'er Eden."

WARSHIP IN PORT—H.M.C.S. New Liskeard, under the command of Lt. Cmdr. N. A. Turner, arrived in Charlottetown yesterday morning. Official calls were made on His Honour Lieutenant Governor Prowse, Premier Matheson, His Worship Mayor Stewart, and Brigadier G.V.K. Peake, D.S.O., E.D., Officer Commanding No. 2 Militia Group. The return calls were made aboard ship yesterday at noon. Last evening a dance was held at the residence of the personnel of the visiting ship and this evening a ball will be held at Government House in honor of the commanding officer and officers.

COMPLETE VISIT—Mainland delegates attending the Maritime R.O.P. Poultry Breeders' meeting held in Charlottetown for the past two days, ended their visit to the Island yesterday with a visit to the poultry barns of the Experimental Farm where they were given an eye-opening and testing demonstration which brought forth many important points in connection with the handling and storage of eggs. In the afternoon the visitors were taken on a tour of the National Park and many of them took the opportunity of bathing in the surf. All left for their homes feeling that the deliberations had been both successful and helpful. They expressed warm appreciation of the hospitality extended them by local poultry officials and breeders.

Pythian Sisters Grand Lodge Convention Ends

GLACE BAY, N. S. (CP)—Installation of officers and a ball concluded the three-day convention of the Grand Temple Pythian Sisters and the Grand Lodge Knights of Pythias Wednesday. The 1955 convention of the order will be held in Woodstock, N. B.

Three-hundred delegates from all parts of the Maritimes were in Glace Bay during the three-day convention.

Hilda Wood of Oxford, N. S. was installed as grand chief of the Pythian Sisters while Mrs. Junilda Lakeman, Grand Manan, is past grand chief.

Other officers: grand senior, Margaret Brady, Charlottetown; grand junior, Mrs. Della West, St. John's; grand manager, Miss Arlene Smith, Hartland, N. B.; grand protector, Marion Ruddock, St. Stephen, N. B.; grand guard, Mary Hutchinson, New Bedford; grand secretary, Doris Stoyles, Moncton; grand treasurer, Mrs. Nellie Nelson, St. John's; N. B. Anne Johnson of Fredericton is the installing officer.

Arthur D. Coates, Saint John was installed as grand chancellor of the Grand Lodge. Cuthbert P. Worsley, Moncton, grand secretary. Sherman T. Cuthbertson of Moncton.

Other officers: Frank Hunter, Sussex, prelate; S. H. Arthur, Saint John grand secretary; William Wasson, Saint John, grand master at arms; Guy Jones, St. Stephen, N. S., grand warden; William R. Walsh, Westville, N. S., grand outer guard.

LEAVE TODAY FOR EDMONTON

His Worship Mayor J.D. Stewart, Councillor Edwin C. Johnston, chairman of the Finance Committee and City Clerk James A. Fullerton leave on the 4:30 p.m. afternoon train for Edmonton, Alberta, where the annual convention of the Canadian Federation of Mayors and Municipalities will be held at the Macdonald Hotel, August 28 to September 1.

His Worship will chair the Committee on federal-provincial

relations which is one of the most important committees of the conference. Councillor Johnston is acting on the resolutions committee the first meeting of which will be held on Sunday morning at 10 a.m.

A special feature of the Edmonton Conference will be the provision of a special session for permanent civic officials including clerks, city managers and treasurers. Mr. Fullerton will sit

in on these meetings. They will discuss among other things, staff services in municipal administration.

This conference has special significance in that it occurs on the eve of the Federal-Provincial conference to be held at Ottawa in October. During the Mayor's absence, Councillor A. Walthen Gaudet will be acting as the City's Chief Magistrate.

U. S. Government Reports On Polio Vaccine Incident

WASHINGTON (AP)—The government Thursday blamed the "fundamental weaknesses" in its own now-discarded safety testing procedures.

It said new standards provide "adequate safeguards" against infective amounts of live virus again being injected into healthy children.

The U.S. public health service report on a four-month investigation said some lots of Cutter vaccine contained live virus and caused polio but that scientists were unable to determine the exact reasons why the live virus was present.

CLEARED COMPANY

In effect cleared the Berkeley, Calif., company of negligence in the equipment, the physical arrangements and the routine

handling procedures of the Cutter Laboratories were checked in detail to determine if deficiencies in them might have led to contamination. Nothing was found to indicate that the ineffective amounts of live virus in Cutter vaccine were attributable to contamination.

Use of the Cutter vaccine was suspended April 27 when a number of children who had been inoculated with its product developed polio.

Later, use of vaccine made by other manufacturers was held up pending new tests.

NEW TEST STANDARDS

With aid of a group of specialists in virus medicine, the health service adopted new production and testing standards before giving a go-ahead for resumption of vaccinations.

The health service estimated

101,000 children were vaccinated with the Cutter product before Cutter vaccine was withheld from further use.

It said 79 of these persons developed polio within 90 days. An additional 90 cases of polio resulted within 49 days from household contacts of persons who received Cutter vaccine.

Couple Wed After Flood Wrecks Plans

SOUTHRIDGE, Mass. (AP)—It wasn't a stylish wedding—but only because a big flood ruined the town.

The bride wore the only dress she didn't lose in the flood. The bridegroom wore his National Guard fatigue uniform, and was haggard from long flood duty.

They knelt on pieces of cardboard in Sacred Heart Roman Catholic Church to protect them from flood waters.

Shirley Malo, 18, and Normand St. Germaine had planned a stylish wedding with formal clothes and scores of invited guests.

Instead, only a handful could reach the church in a badly battered part of town.

MARRIED BY CANDLELIGHT

Rev. Mose Ledoux married them by candlelight. There was no choice, since there won't be lights in parts of town for a long while yet.

St. Germaine and Miss Malo originally were to be married last Friday, the day of the flood. They got part way to church, then flood waters engulfed their car. A policeman rescued them and brought them to a nearby house several hours later they were evacuated from the house with a rope thrown to them by a friend.

They boarded a small boat and rowed to the church. They found the church empty—and flooded.

WAITED IN CHURCH

Father Ledoux said it was to be at 8 a.m. nuptial mass.

"I waited past that hour," he said. "People kept flooding in to the church to pray and light candles. Across from the rectory 12 nuns who teach at our school were evacuated while I waited for the couple."

"Finally I had to start the mass, hoping the young couple would arrive. I couldn't wait any longer. Water was seeping into the church. Toward the end I had to rush the mass a bit. The water was getting too high for comfort."

"About 10 o'clock a boat rowed up to the rectory and took the two altar boys. Father Aleid Brodeur and me out of the flooded area."

A honeymoon is out of the question for the time being, the newlyweds said. St. Germaine had to get a special pass from his National Guard superiors even to get permanent guard duty for the duration of the emergency.

Based on the amount of information on peacetime uses of atomic energy, especially in the power field.

It is obvious that the sooner we can get back to a normal exchange of scientific information the sooner we will have successful application of atomic energy," he said.

Russia's main contribution at Geneva was in the field of atomic research, power reactors and radiation hazards. The quality of the Soviet contribution was "quite high" and showed that "they have a scientific research and development effort on a large scale and of a high quality."

Both Russia and the U. K., however, were reluctant to disclose many engineering details of their experimental power plants. This indicated that there would be major competition in the future in the sale of atomic power stations on the commercial market.

Mr. Bennett said he was referring to manufacturing "know-how" on the construction of power stations. This was apart from scientific information needed to make atomic stations an engineering reality.

U. S. Navy Tests New System For Carrier Planes

WASHINGTON (AP)—A new system of using mirrors and colored lights to land planes on aircraft carriers is being tested by the carrier Bennington off the Atlantic coast, the United States Navy has announced.

Based on the idea developed by the Royal Navy, the system consists of a four-by-five-foot concave mirror and banks of green and amber lights mounted to the port side of a carrier's angled flight deck.

As the pilot approaches for a landing, the position of the lights and an image in the mirror indicate whether his glide path, speed and altitude are in proper relation to each other for a safe landing.

The new system may eventually replace the landing signal officer who directs incoming pilots with paddles. This has become difficult because of the growing speed and size of planes.

No Speedup Expected In Canada's Atomic Power Plans Following Meeting

OTTAWA (CP)—Advent of economic electricity-producing atomic power plants in Canada is not expected to be speeded by information disclosed at the Geneva atoms-for-peace conference.

William J. Bennett, president of Atomic Energy of Canada Ltd., told a press conference Thursday the most optimistic forecasts still are that the goal will not be reached until at least 1963 or 1964.

"There were no developments at Geneva to change our view that we still have a lot of very tough engineering problems to beat before we can say we have economic atomic power," he said. "Even that date depends on the success of experimental power plants."

Mr. Bennett, who headed Canada's 40-man delegation to Geneva said details of demonstration power reactors given by the United Kingdom and the United States were in large part already known to Canada.

FIRST STAGES

Information disclosed by Russia also showed that the Soviet Union still is in the first stage of power reactor design. Details of the experimental power plant now in operation in Russia were "not radical in character."

"I would say that the Russians are at about the same stage in power reactor design as Canada, the United States and Britain," he said. "All are taking the first steps in the design and construction of experimental reactors."

He said he fears forecasts by some scientists at Geneva may have given a wrong impression that economically priced atomic power is just around the corner.

Most of the experimental reactors, including one being built by Canada, would be in operation late in 1957 or in 1958. They would have to be operated for two or three years to give scientists the information they need to build large stations capable of producing electricity economically.

It would take from three to four years to construct such a power station. This would extend to at least 1963 or 1964 the most optimistic date when the first economic plant could be in operation.

MAJOR ACCOMPLISHMENT

Major accomplishment at Geneva, he said, was the declassification of atomic energy information.

Can Foretell Most Juvenile Delinquents

GENEVA (Reuters)—A system which can pinpoint potential juvenile delinquents at the age of six with up to 90 per cent accuracy was outlined Wednesday to the United Nations congress on crime prevention and treatment of offenders.

Two American experts, Prof. and Mrs. Sheldon Glueck of Harvard Law School, told the conference that the system, based on research in the United States, is being used with "considerable success" in Britain.

Prof. Glueck said his "prediction tables" are based on a number of factors, including the affection of children for their parents and the degree of parental supervision.

BOY KILLED

SUSSEX, N. B. (CP)—Cecil Murray, 18-year-old son of Mr. and Mrs. Leon Murray, was killed Thursday when the truck he was driving collided with a train here. Part of the vehicle was caught on the train tender and carried about two fifths of a mile.

DIES AT 101

AMHERST, (CP)—Amherst's oldest resident, Mrs. Winifred Fowler, died Thursday at her home following two months of failing health. She was 101.

Sask. Trap Shooting Champion Is Modest Lad; Doesn't Like Hunting

By FRITZ HOWELL

VANDALIA, Ohio (AP)—George Genereux, the 20-year-old University of Saskatchewan senior who won the class AA championship of North America at the grand American trapshoot Tuesday, is as modest as he is efficient with a shotgun.

The youngster, who will enter McGill University at Montreal next year to study medicine, is one of the most popular of the 2,000 shooters crowding the grounds here.

In winning the class AA championship Genereux outshot the best marksmen in the western hemisphere. In breaking his first competitive 200 straight he was tied by Ned Lilly of Stanton, Mich., who has a long string of national titles behind him, but Genereux was a 25-24 victor in the shoot-off for the laurels.

SENSATIONAL SHOOTING

Back in 1951 Genereux, then 16, cracked 193 of 200 for the junior championship here for the first major title ever won by a Canadian at the "roaring grand." The following year he cracked 99 to take the "champion of champions" junior competition defeating titleholders from practically all the states.

He continued his sensational play, busting spree at Helsinki in 1952 when he broke 192 of 200 from 76

metres to take the Olympic championship. He was Canada's only gold medal winner in the international games.

Speaking of his 200 score in the class AA Genereux said: "That's my first competitive 200 but I was lucky, because a heavy wind like that always blows at home and the other fellows weren't used to it."

Genereux, now six feet three and weighing 185, has his coal black hair cropped in a crew cut. He said he would shoot the entire program here, which means he's in the thick of the race for the overall and all-round championships decided in the remaining evenings.

WON'T FIRE RIFLE

In addition to his trapshooting, young Genereux is a small-game and duck hunter and a baseball pitcher with exceptional talents.

Asked about deer and moose hunting, he said: "There are lots of them around, and antelope, too, but I just don't like to shoot them. I never shoot a rifle."

Romance? Young Genereux observed: "Well, I like girls, but I'm not serious about any of them. I'm going to be a doctor, and I'll have time for girls later."

Which is a poor break for them? George is probably the best looking youngster on the grounds.

Heads Provincial Cancer Drive

Mr. William Hayward, Manager of The Bank of Nova Scotia, Charlottetown, has graciously consented to act as Provincial Chairman for the 1955 Cancer Campaign. He has long been identified with Cancer Campaigns, always in an important role. Mr. Hayward states that fifty times as much is being spent on Cancer Research this year than was spent several years ago and that more public funds will be needed for Cancer Research next year than ever before. Cancer education has replaced fear with understanding and thousands are now being effectively treated for Cancer each year. Eleven Island doctors have taken Special Courses in the diagnosis and treatment of Cancer. To continue this life-saving program is the reason for the Annual Cancer Campaign which will be held this year, as usual, in September.

Catholic Hospital Ass'n Convention

MONCTON (CP)—reverend Sister Kerr of Vallee Lourdes, N. B., was elected president of the Maritime conference of the Catholic Hospital Association Wednesday night.

The election of officers high lighted the second day of the associations annual convention, currently in session at College Notre Dame d'Acadie. The association is sponsoring an institute on medical problems.

Other officers elected were: Rev. Sister Clarissa, Sydney, N. S., vice-president; Rev. Father J. B. Neary, N. S., spiritual director of the association. The secretary is to be named by the president.

NOT WORTH FIXING

NEW HAVEN, Conn. (AP)—For any motorist whose car was merged in the floods and filled with silt—and many were—the advice of the Connecticut Motor Club is—don't get it fixed. The club advises them just to make the best settlement available and forget it. The club says a repair job might run to \$1,000. "If you could find anyone to do the job," and there'd still be no guarantee there wouldn't be further trouble with the car.

BIRTHS, MARRIAGES, DEATHS
50c Per Insertion

BIRTHS

SMITH—On August 23 at St. Mary's Hospital, Montreal to Mr. and Mrs. E. P. Smith (Nancy Mullin) a son.

TAYLOR—At the P. E. I. Hospital on Aug. 24, 1955, to Mr. and Mrs. Lloyd M. Taylor (nee June MacPhee) Nine Mile Creek, a son, Murchison Gordon, weight 8 pounds.

DEATHS

SMITH—On August 23 at St. Mary's Hospital, Gregory Allen infant son of Earl and Nancy Smith.

HARDY—At his home in Montrose on Thursday, Aug. 25, Watson Donald Hardy, aged 69 years. Forwarded from the Bonness Funeral Home this (Friday) morning to his late residence. Funeral arrangements to be announced later.

GILLESPIE—At Springfield, Aug. 25, 1955, Samuel Gillespie, aged 69 years. Remains will be forwarded from Davison's Funeral Home this evening to his late residence where funeral will be held on Sunday at 1:30 p.m., followed by service in Breadalbane United Church at 2 p.m. (S.T.). Interment Breadalbane Cemetery. Please omit flowers.

MALONE—Suddenly at the Charlottetown Hospital on Wednesday, Aug. 24, 1955, Mrs. Daniel Malone of 49 Douglas Street in her 72nd year. Her remains were transferred Thursday afternoon at 2 o'clock from the Charlottetown Funeral Home to her late residence where the funeral will be held Saturday morning to the Church of the Most Holy Redeemer for Requiem High Mass at 9 o'clock (Daylight Saving Time). Interment in the Catholic Cemetery.

PERSONALS

Senator G. H. Barbour and Mrs. Barbour are leaving this morning for Halifax.

LAC Alan Burns of Edgar, Ont. is visiting his parents, Mr. and Mrs. Warren Burns, Experimental Station.

Miss Emily Evans of Edgar, Ont. is visiting Mr. and Mrs. Warren A. Burns, Experimental Station.

Mr. and Mrs. Alex J. MacPherson of Quinzy, Mass. are visiting Mr. and Mrs. Warren Burns, Experimental Station and also Mr. and Mrs. John MacPherson, Upper Prince Street.

Young People's Church Camp At Merigomish

Young people of the Presbyterian Church in the Maritimes are looking forward to the week of August 29 to Sept. 5, when they will again share in fun, fellowship and study at a beautiful Camp Geddie on the shore of the Northumberland Strait. On August 29 young people from New Brunswick, Nova Scotia and Prince Edward Island will head their way to Merigomish, some to view for the first time the picturesque Camp site which already has been the home of more than 300 campers.

Since its purchase in 1945, the Camp property has been greatly improved and modernized. Facilities now include five single and two double cabins, accommodating 60 campers, a 'sick bay' cabin and a spacious lodge with a modern kitchen, dining hall, recreation room and office.

A well balanced programme, under capable leadership, of Worship Bible Study and discussion as well as recreation is planned.

Airman Reconciled

In the Korean War and was shot down and captured. The role of Alford Fine, 21, as Una's second husband. He was the man she told Schmidt she had married in a ceremony whose location she did not disclose. He now is "out of the picture" she said. Lawyers here said that is legally correct.

Second marriage never existed because she was married to Schmidt.

When released by Chinese Communists last month after 2 1/2 years' imprisonment, Schmidt learned from his wife she had thought him dead and she said she had married Fine.

FILED FOR DIVORCE

Schmidt, returning home, went directly to a lawyer. Stiff communications were exchanged. Schmidt's feelings were badly hurt; that Una, 20, in the bewilderment of youth had left the second man and had gone into hiding with Danny Schmidt Jr., the 2 1/2-year-old son born after Schmidt went overseas.

The Schmidt filed for divorce and asked custody of his son. And then he came here to the home of his mother, Mrs. Ray Peters. Talks with his mother were followed by a surprise phone call to Una, plans for a reconciliation and her flight here.

And then all doubts cast aside they left on what they said was their first real honeymoon.

Clyde River W. M. S.

The monthly meeting of the Presbyterian W. M. S. of Clyde River was held at the home of Mrs. Arnold Beer on August 8. Mrs. John Beer presided and meeting opened with the call to worship taken from Luke 2:25-34 which was read responsively.

Scripture lesson from 2 Chapter of Luke beginning at the 36th verse, each member reading a portion. A circle of prayer was then held followed by the exposition read by Mrs. Roland Buchanan. Prayer was offered by Mrs. Catherine Murray.

Study book "Face to Face with India" was read by Mrs. Louis MacLean followed by the singing of Hymn 72.

Twenty-one members answered roll call by a verse of scripture. A number of visitors were present. New business was then held and it was decided to purchase two blinds for the Church. The appeal for funds to help with the repair of Camp Kier was brought up and voted upon, all members willing to donate. Further discussion took place regarding the purchase of church aisle covering. It was decided to extend an invitation to have the Presbyterian in Clyde River for the next annual meeting.

Next meeting to be at the home of Mrs. Hugh MacLean. Roll call is to be answered by a verse of scripture containing the word "give". Lunch committee will be Mrs. Roland Buchanan, Mrs. Geo. Hyde, Mrs. Jack MacLean, Mrs. Heber Campbell and Mrs. Lorne MacNeivin.

Meeting was brought to a close by the singing of a hymn and repeating the Lord's Prayer in unison. Lunch was served by the hostess and committee in charge.

Tows Three Cars With His Teeth

MONTRÉAL (CP)—A 137-pound Montrealeur who stands an even six inches over five feet, Wednesday night attempted to prove that he is "the strongest man in all Quebec" by towing three automobiles with his teeth.

Claude Lussier, 21, attracted a crowd estimated at more than a hundred on already-congested St. Augustin street in Montreal's west end when he removed his sport coat, loosened his tie, and put his molars to a rope attached to three bumper-to-bumper cars.

The mighty lightweight took a deep breath and tugged—and tugged—but nothing happened.

In Memoriam

In loving memory of Mrs. Richard Stead who passed away Aug. 25, 1951.

Lovingly remembered by husband, daughters and grandchild.
