North River And Vicinity

The closing exercises of Warren Grove School took place in the schoolroom on June 30th. A very interesting program given by the pupils was enjoyed by a large number of parents and friends. Miss Hilda Stevenson played a selection on the Guitar. An address was read to the teacher by Miss Hilda Stevenson. The pupils of Warren Grove School presented their teacher with a pair of gloves and a beautiful purse. It was also noted that the pupils were making rapid progress under the capable direction of their teacher.

Miss Bernice MacArthur, who has for the past few weeks been visiting at the home of Mr. John Jewell, North River, has returned to her home in Lorne Valley.

Mr. and Mrs. Daniel J. MacArthur of Lorne Valley were recent visitors at North River.

The tea held at Milton on Wednesday, July 8th, was a huge success with a very large crowd in attendance. The tables were spread with a delicious display of the best of food.

The Sunday School of Clyde River Presbyterian Church held their regular outing and picnic on Saturday afternoon, July 4th at Argyle Shore. Private cars and Mr. MacSwain's big truck leaving from the church grounds at one o'clock conveyed all to the picnic grounds. After a dip in the ocean, the young people spent the greater part of the afternoon in sports. Then came ice cream and finally the supper which was ready on tables in the grove and enjoyed by all.

Mr. Gordon Jewell of this district has built a beautiful new barn on the Jewell Road, improving wonderfully the appearance of his property.

On Friday evening, July 3rd the Kingston Y.P.S. met at the home of Mr. Bertram Younker. After the regular business of the evening the President called on Miss Florie Green who read an address to Mr. and Mrs. Wilbur Younker.

Your correspondent is very sorry to learn that Mr. Lea Barett of Kingston is in the Prince Edward Island Hospital suffering from a lacerated foot.

Mr. and Mrs. Frank Godfrey of Cardigan Head were recent visitors to Kingston.

Last Sunday afternoon one of the largest congregations for some time gathered at Cornwall Church when the midsummer communion service was celebrated.

The Kingston Y.P.U. met at the home of Mr. Bertram Younker on Friday evening, July 3rd. After regular business the President, Mr. Horace Willis called on Miss Florie Green who read an address to Mr. and Mrs. Wilbur Younker, and Miss Eleanor Willis, on behalf of the Union, presented them with a gift of money. Mr. Younker thanked the members for their thoughtfulness and Rev. D. K. Ross added some words of congratulation. The rest of the evening was spent in games.

One of the most interesting evenings of this season was spent at the home of Mr. and Mrs. Seymour Scott on Friday, July 3rd, when Jack and his bride returned home after a short honeymoon through the Maritimes. About 100 friends gathered in the living room which was decorated with streamers and silver bells. Mrs. F. MacMillan played the wedding march while Miss Helen Scott and Mr. Gunner Assos ushered the bride and groom to the seat of honor as Miss Evelyn Scott strewed their path with flowers. Miss Lillian and Lloyd Scott acting the part of bride and groom entered the room carrying a basinette beautifully decorated in pink and white, following the color scheme of the evening. Many useful and beautiful gifts, which showed the popularity of both bride and groom, were opened by Mrs. Waldron Lowther and Miss Mary Walker. Miss Leah McKinley read the accompanying verses which added much merriment to the evening. The last parcel removed, the acting bride and groom returned when the basinette was refilled and for the fourth time gently took their places. After the gifts the acting bride presented the bride with a bouquet of pink and white peonies. Johnny and Earnestine thanked everyone for their gifts and invited one and all to visit them in their new home in Summerside. After singing "For they are Jolly Good Fellows" the remainder of the evening was spent in instrumental music, singing and social intercourse. The instrumental music on the organ was furnished by Mrs. G. MacMillan and on the mouth organ by Messrs. Keith Dunsford, Wilbur Gillispie, Herbert Scott, Freddie Scott and Vernon Drake. Ice cream and cake were served by the ladies. The evening passed all too soon and as another day dawned each one returned to their home after one of the most delightful showers this Spring. Jack is the second oldest son of Mr. Seymour Scott and was one of Cornwall's popular young men, having left to reside in Summerside about three years ago and has a wide circle of friends. His bride is a daughter of Mr. and Mrs. Percy Marchbanks of New Annan and has been a successful school teacher for the past few years and has many friends in New Annan and elsewhere. Very best wishes go out to Mr. and Mrs. Scott that their voyage through life may be as happy and free as the advancing waves on the dark blue sea.—P.

Unveiling of Vimy Ridge Monument on July 26

By King Edward VIII to be Broadcast

OTTAWA, July 23—Tentative plans for a nation-wide broadcast of ceremonies attending the unveiling of the Canadian national war memorial at Vimy by His Majesty, King Edward VIII, on July 26, were announced to day by the Canadian Radio Commission. While certain transmission difficulties, which have yet to be overcome, make some phases of the broacast indefinite, it is expected that the proceedings will be heard in Canada from 8.30 to 9.45 a.m. EST. A Commission staff announcer now at Vimy will describe the activities in both English and French.

Colorful scenes will mark this great peace-time gesture on the spot where, twenty years ago, Canadian troops fought and were victorious in one of the greatest battels of history More than 6,000 Canadian ex-servicemen, as well as distinguished personalities from Canada, England, and Europe, will see Britain's youthful King unveil the great white memorial erected as an everlasting tribute to those gallant Canadians who made Vimy Ridge forever a part of the Dominion.

The broadcast, scheduled to start at 2.00 p.m. Vimy time (8.30 a.m. EST), will bring to listeners descriptions of the arrival at the Ridge of His Majesty, as regimental bands play the National Anthem and "O Canada". Microphones, placed at strategic points will pick up the sound of the Royal Salute, and the Commission announcer will give a running commentary as the King inspects the Guard of Honour. After presentations have been made to his Majesty, President Blum of France will be received by the King. When His Majesty and President Blum reach the dias, a memorial service, at which distinguished Canadian clergymen will officiate, will be held.

Following this ceremony, and, if present plans are carried out, the Rt. Hon. W. L. Mackenzie King, Prime Minister of Canada, will deliver a message from Canada. This message will be transferred to Vimy by the trans-Atlantic telephone, the British Broadcasting Corporation, and the French Ministry of Posts, Telegraphs and Telephones. Hon. Ernest Lapointe, Minister of Justice, and Hon. Ian Mackenzie, Minister of National Defence, will be heard then in brief addresses direct from Vimy, after which His Majesty will be invited to unveil the memorial.

As the flag-draped structure is bared a regimental band will sound the "Last Post". Two minutes silence will follow, at the conclusion of which another regimental band will play the "Reveille." Accoording to present arrangements President Blum will pay tribute to Canada and Canadians on behalf of the French Republic.

Climaxing the colorful scenes will be the playing of "Land of Hope and Glory" as 6,000 pilgrims, their heads bared in reverence for their fallen comrades, prepare to take their departure from the once famous field of battle. The Royal Salute and the playing of "La Marseillaise" and "God Save the King" will conclude the ceremonies.

Cape Traverse School Closing

The annual closing of Cape Traverse School was held in Cape Traverse Hall on Tuesday, June 30th. A large number of parents and visitors were present.

The pupils under the leadership of their teachers carried out a singsong and short program which was enjoyed by all.

At the close of the program the pupils were presented with prizes for general proficiency and perfect attendance by the Women's Institute and special prizes for home questions were given to junior pupils by their teacher, Miss Eleanor Bell.

Miss Eva Stevenson, principal of the school, who had previously notified the district of her intended departure from their midst was then called upon by the president of the Women's Institute. Mrs. Gordon Harvey read the following address and Mrs. Keith Lord made the presentation of a beautiful gift.

The address follows:

Miss Eva Stevenson,

Dear Friend—Having learned of your intended departure from our midst, we the members of the Cape Traverse Women's Institute take this opportunity of expressing our regret at losing a valued member.

You have always been willing to help our Institute in any way; and by your genial manner and sense of humour, have helped greatly to make our meetings pleasant for all.

While we are losing a good member from Cape Traverse, no doubt in some other Institute you will still be taking an active part in Institute work, so we can still feel we are working together for the common good.

Should opportunity arise that you can visit us at any time, be assured that you will always find a hearty welcome, either in our homes or at our meeting.

Kindly accept this small gift, as a remembrance of the pleasant evenings we have spent together at our meetings, and our best wishes for your future happiness and prosperity.

Signed on behalf of Cape Traverse Women's Institute.

Although taken by surprise, Miss Stevenson responded in her usual gracious manner and thanked them for their extended hospitality on all future occasions.

Mrs. Albert Sherren invited all to gather on the lawn of her home where a bountiful supper, provided by ladies of the district was enjoyed by everyone present.

Quality In Eggs

With warm weather now upon us, too much emphasis cannot be placed upon the quality of eggs and better methods of handling. Eggs which might keep fresh and in good condition for a week in cool spring weather will go down in quality in one day during warm weather. Eggs should be gathered frequently four or five times a day. A simple rule will help to maintain egg quality and increase egg profits:

1. Gather eggs frequently—four or five times a day.
2. Keep nests clean to prevent soiled eggs.
3. Have plenty of clean straw on hen house floor.
4. Keep eggs in a cool place.
5. Keep eggs away from strong odors such as fish, kerosene oil.
6. Ship eggs to market frequently, twice a week if possible.
7. Feed hens a balanced ration and provide plenty of clean water.

Avoid overfeeding such things as rape, fish meal or anything likely to taint or color the egg.

Many thousands of dollars can be saved to the poultrymen of this province through better methods of handling.

Vimy Pilgrimage Send Greeting to Those at Home

MONTREAL, July 23—(C.P.)—The thoughts of Canada's pilgrims to Vimy are of the men and women who stayed at home.

To the veterans in hospital who could not return to battlefields and cemeteries of Great War days came a message today from their comrades on the high seas.

Over the signature of Captain Ben Allen, chief organizer of the pilgrimage, a wirlessed remembrance from the liner Ascania said.

"On their solemn pilgrimage to Vimy for the unveiling of the Canadian war memorial the thoughts of 6,300 Canadian pilgrims turn to the comrades left in hospital at home to whom they send best wishes."

Teacher—Johnnie, you must bring a written excuse for being absent yesterday, from the head of your family.

Johnnie—She's away on a fortnight's holiday, ma'am; shall I bring one from me father?"

C.N.R. the Toast of All Canada

MONTREAL, July — Messages of congratulation were received today by S. J. Hungerford, President of the Canadian National Railways, on the hundredth anniversary of the National System. They came from the mayors of many Canadian cities, from officials of civic and business organizations, and from prominent citizens in all parts of the Dominion. From Halifax, Nova Scotia, where Mayor E. J. Cragg wired congratulations on behalf of the citizens of that Atlantic port, to Victoria, B. S. where Mayor David Leaming sent the greeting of Victoria's citizens, messages poured in today from scores of Canadian cities.

Mayor Cragg in congratulating the Canadian National said "through long association and mutual interest the city of Halifax and the Canadian National Railways are bound by ties that I hope will never be severed." Mayor Leaming sent the greetings of the citizens of Victoria "on the completion of a century of service to the people of Canada", and added, "May your ribbons of steel continue to carry prosperity to our Dominion in the years to come and we hope that Canadian National service will remain stamped with the hallmark of efficiency and quality." G. G. McGeer, M.P. Mayor of Vancouver, wired the congratulations of the citizens of that Pacific port.

Mayor T. H. King, of Moncton, N. B. said "on behalf of the City Council and citizens of this railway city and transportation heart of the Maritimes we extend sincere greeting and best wishes on this century of successful railroading also extend best wishes for another century of prosperity and public service to the people of Canada."

Hon. Harcourt Malcolm, K.C., Speaker of the Assembly in the Bahamas and President of the Empire Parliamentary Association, who is travelling through Canada accompanied by Mrs. Malcolm wired his congratulations from Winnipeg, and best wishes for the continued success of so historic a national institution."

Tom Reid., M.P. for New Westminster, wired his personal good wishes and congratulations, and expressed a hope that the railways "will further advance and make as large contribution in the future development of our great country as in the past one hundred years."

What is the difference between electricity and lightning?" the teacher asked.

You don't have to pay for lightning, came the prompt reply from a bright pupil.

Children's fast color print dresses. Sizes 8 to 10 in a smart array of styles and colors — — — 49c

Don't overlook the fact that we are offering the balance of our Spring Coats at ONE THIRD OFF

Premier Hepburn Takes up Golf

SUDBURY, Ont., July 23—(CP)—Premier Hepburn took his first golf lesson today and, after taking two lusty swings and missing, smacked out a drive down the fairway that put his teachers to shame.

The Premier said it was the first time he ever had a golf club in his hands. He marched up to the first tee at the Sudbury golf and country club, turned his coat collar up in a drizzle of rain and selected his driver expertly.

His first effort was a perfect follow-through but the ball didn't move. The second attempt brought the same result. On the third swing the ball went sailing fully 200 yards straight down the fairway.

Then came the dubious instructors, Dr. J. R. Hurtubise, M.P., and E. A. LaPierre, M.L.A., both of Sudbury.

Mr. LaPierre cut loose with a mighty swing and topped the ball. Rain or no rain, Dr. Hurtubise took off his coat and peered far into the distance. His drive turned into a puny dribble.

The Meanest Fisherman Found

REGINA, July 23—(CP)—George Proscorniak is sure he has seen the meanest man in Saskatchewan. Well, anyway the meanest fisherman.

George strolled to Regina's Wascana Lake and idly watched an angler. The fisherman's rod whipped back, the line tangled around George's head and left a three pronged hook in his ear.

The angler said to George, "you poor fish," cut the line and walked away.

George struggled to the nearest doctor's office.

Part of his scalp had to be removed to take out the feathered barbs.

Exile Demanded by Townsend

Bitter discord rocked the Townsend convention in Cleveland when Dr. Francis E. Townsend demanded expulsion of Vice President Gomer Smith, above, Oklahoma Democrat. Smith delivered a sizzling denunciation of Father Charles E. Coughlin and the Rev. Gerald L. K. Smith for their opposition attacking Presi-

'Joan of Arc' for Townsend

"Joan of Arc" of the Townsend movement was the name given 16-year-old Lois Jeanne Johnson, above of San Diego, Cal., who took an active part in the organization's convention in Cleveland. An eloquent speaker, Miss Johnson has been addressing Townsend gatherings over the country in recent months.
