

DOWN THE BACK STRETCH

We had the pleasure of a visit from James D. MacPhail of Manchester, N.H., who was paying a brief visit to this Province, and while doing so purchased from Stanley Murray, York Point, a handsome two-year-old trotting filly by Pagliacci 2:09 1/2 dam, the famous brood mare Ethel Aubrey by Captain Aubrey 2:07 1/2. Ethel Aubrey has raised 12 foals and another one is on the way. She is one of the most famous of Maritime brood mares. A great deal of the credit for her good condition and her splendid progeny goes to Mr. Murray, who treats her like one of the family and also her progeny. Mr. MacPhail is just the right sort of man to get a valuable colt as we know that it will be given the best of care and training and it won't be surprising if at some future date he will bring this filly back to compete at an Old Home Week meet in Charlottetown.

A letter from Thane Belyea, Fredericton, gives New Brunswick news. "I was down to Gagetown to see Percy Bridges' horses. He has Prince Direct Jr. that he is preparing to race over the ice and win as usual. The boys in Gagetown have been trying for a long time to get one to beat him but have not succeeded so far. Percy is the owner of the brood mare Dawn McKillop, her yearling colt, Federal Don by Federal 2:01 3/4, and Holly's Pride, a weanling by Widow's Pride 2, 2:04 1/2. These two colts are really handsome and have every appearance of developing into high-class race horses. Dawn McKillop is again in foal, this time to Bill Stewart's former free-for-all, Mighty Hanover 2:02 1/2, by Mr. McElwyn 1:59 1/2.

"We had some new horses arrive this week from the sale at Lewiston, Me. John E. Forbes bought Shamrock Thoughts 3, 2:04, an eight-year-old horse by Wilmington 1:57 1/2, that up to the end of 1951 had won a total of \$23,643 and was eligible to the 214 pace. He also bought a yearling called Slicker Tass by Snafu, Henry Bishop, owner of the pacer Dot Cash 2:14 1/4, bought MacArthur Astra by Peter Astra 2:01 1/2 and his son, Sgt. Clowes. Bishop bought the yearling colt Doc Banks D. by Royal Napoleon 2:01 1/2. I have not seen these horses yet but they tell me that Shamrock Thoughts is a well made horse and the yearlings are fine-looking colts. Harry Mount is in charge of the Forbes horses and he also has Yank 2:10 1/5, owned by Mr. Forbes. George Woodside will soon have a barn full of horses. He has Tyndal Semp 2:14 1/5, the two-year-old Full Boost by Polly 2:04 1/4 and a weanling filly, Lady Mike by Jolly. He says she is the best foal he has ever had. He also has Linda W. and she is in foal to N. D. Hal 3, 2:05." Thanks, Thane, always glad to hear from you.

Figures given out by the United States Trotting Association show that Canadian horsemen journeying south to the major fall meetings held at Harrisburg, Pa., Lexington, Ky., Delaware, Ohio, and Indianapolis, Indiana, successful buy in 102 head of trotters and pacers for \$132,000. Canadian buyers came from New Brunswick, Nova Scotia, Ontario, Prince Edward Island and Quebec. The success of these ventures this year was further indicated by the fact that Harrisburg and Lexington both topped the million dollar mark, the former selling 1,081 head for \$1,452,075 and the latter 397 head for \$1,097,850.

The Rimouski Stables from Rimouski, Que. set the money pace for Canada when they went to \$15,000 for the Scotland yearling colt Our Scotchman, and followed up with a \$71,000 winning offer for Bishop Worthy, a three-year-old gelding by Worthy Boy, and \$5,000 for Rotary Hanover, a Dean Hanover yearling. Ford D. Puerto from London, Ontario, paid \$8,100 for the well known pacer Thomas Hat 4, 2:01 4/5. Bidding was brisk by representatives of the city of Sydney, N.S. Harry Hirsch paid \$5,100 for Victorious Guy 2:05, a six-year-old gelding by Victorious Hal, and Art Lipton got the three-year-old colt Josedale Clansman by Dick Reynolds 1:59 1/2 for \$6,200. Harry Hirsch also bought the three-year-old trotting mare Peggy Lee Frisco 2:09 by Will Glow, for \$2,500.

The total attendance at pari-mutuel tracks in the United States for 1952 was 7,903,590. This does not take into consideration attendances at state and county fairs, estimated at over 8,800,000, thus the national attendance at harness racing meets in the United States is estimated at 16,703,590; or about a little more than 10 per cent of the total population of the U.S.A. This is about a million and a half up from the previous year. The total amount of money distributed at the pari-mutuel tracks for racing was \$16,050,566, which is up over 22 per cent from 1951.

Two new night racing plants will be opened up next season in Quebec, one near Hull, which is just across from Ottawa, that will be

operated by Thomas Gorman, and another at Sherbrooke, Que., where the promoters expect to spend \$100,000 to put the raceway there really on the limelight. At present the track is being regraded, resurfaced and rebuilt. New stables are being built and changes made to the large grandstand. When spring rolls around they expect to have the Sherbrooke track a real going concern that will attract a lot of horses to its confines.

The directors of the Thorncliffe Track Racing and Trotting Association have evidently become convinced that there is no hope of having night racing in Ontario, at least while Premier Frost is at the helm, so have completed arrangements to sell their charter to the directors of the Ontario Jockey Club. It is expected that Thorncliffe track will disappear from the racing scene and the new syndicate will sub-divide the 370 acres as a real estate development. Ontario is, as far as we know, the only province in Canada which bars night racing and the action is due, harness horsemen believe, to the greater power which the owners of thoroughbreds or bangtails, as we call them, exert in that province. The bangtails will not race at night.

Cansanniere, the French trotting mare which was flown to the United States and made her only start this summer at Roosevelt Raceway, went lame, was returned to France early in the fall and last week was in the winners circle in her first outing since her return. She won easily in the 750-000 franc Prix Hervieu, a feature of the opening which occurred at the winter meeting at Vincennes. Her next start will be Nov. 30th at Milan. . . . Mighty Fine 4, 2:02 1/5, that raced in his record this summer in the Hayes Fair Acres Stable and was sold and exported to Italy, won his first start there last week at Trieste. The purse was 250,000 lire.

The City of New York received \$40,513,000 this season from its taxes on pari-mutuel tracks, harness horses and runners. The total take was \$225,618,000, which was a big increase over the previous year. The fans in New York divided their interest almost evenly between the runners and the harness horses this season, the thoroughbred meetings attracted a total attendance of 4,820,000 while the trotters and pacers performed before 4,289,000 persons in New York City.

Last week we endeavored to answer a correspondent's request re the breeding of Oregon Hal Jr. but did not make a good job of it. Now we have a letter from our friend George R. MacDonald, Boston, Mass., that clears the matter up. "I notice a horseman friend is interested in the breeding of Oregon Hal Jr. His sire was Oregon Hal 2:04, record taken in 1920 driven by Tommy Murphy Oregon Hal was later purchased by the late W. J. MacDonald, Boston, and raced in number of years at the Metropolitan Driving Club. His dam was Jess Y, owned by V. C. Bruce, Witmore, who as you remember was the owner of Heatherbell in his two and three-year-old racing years. Jess Y had a record of 2:07 given her by the late Walker Cox. Among 1928 Jess Y was bred to Oregon Hal 2:04 and later that fall I sold her to Captain John L. Read as a brood mare and she foaled Oregon Hal Jr., and as the Captain said a few years later, if it had not been for a serious accident he was sure he would have been a very nice colt." We understand that there are a few foals by Oregon Hal Jr. in Hunter River and vicinity.

Incidentally it is not too late to pay a tribute to the late Captain John L. Read, who made his contribution to the improvement of the harness racing breeds in this Province by bringing here one of the most outstanding trotters ever raised in the New England states—Clover Guy 2:07 1/4, sire of Guy Ann 2:11 1/2, etc., and now a great brood mare. The Captain loved horses and in an effort to put down scoring invented a method which if it had received a fair trial might have helped considerably.

This column has helpful friends such as George MacDonald and many others who correct our mistakes and supply us with needed information. We turn to Jerry Gillespie, Parsboro, N.S., who writes: "Mike Casey of Springhill has a real nice colt by Federal 2:01 3/4, dam, Pearl Direct 2:16 1/4 by Direct Heir, by Minor Heir 1:58 1/2. He is nicely broken and has manners and an awful nice way of going. I would like to see some good horseman take him over and give him a chance as he is bred in the purple. The Mayor of our city, Allison S. Smith, is getting the harness horse bug and won't be surprised to see him owning one or two when racing time rolls around. His support would be helpful and would interest others in what I believe is our best pastime."

THE GUARDIAN, CHARLOTTETOWN

DECEMBER 6, 1952

Star Performers

Buck Whitlock is becoming something like the Yankees Joe Page in baseball. Every second year he seems to have a terrific season. In making this comparison however we should point out that there the similarity ends. Page used to have one brilliant and one bad season. In that order while Whitlock usually comes up with a brilliant and a good season. Last year for example Buck had for him, one of his poorer years and it was a good one. He had 90 points and finished seventh in the scoring race in a pretty tough league.

This year Buck is giving notice that he is in for his greatest season. Certainly in the past week he has played some of his greatest hockey. 14 points in three games must certainly be a record for major series play. The Islanders in their last games have scored 17 goals and Buck has figured in all but three of them which is quite an accomplishment. Better still is the fact that he has been in on all of the Islanders' ten goals during their last two games.

In the midst of all this scoring Buck has come from far back to pass Billy Watson of Halifax as the League's leading scorer. Buck now has 22 goals and 20 assists for a total of 42 points against 39 points for the smooth playing Halifax centreman. Buck is also far ahead in the number of goals scored. His closest competitor in this department is Billy Ford of Halifax with 17.

In the opposite extreme to Whitlock is a fellow by the name of Gary Gordon. Gary has been playing some very fine hockey out there these past few weeks and has not been getting the share of points that he deserves. Against Halifax Monday night and again last night Gary was one of the best men on the ice. His luck and that of his linemates around the net is going to change one of those nights and these boys will soon be on their way in the scoring columns.

Sharing the scoring honors with Whitlock last night was George McLagan. George had Lockhart's number as he fired two goals past the Glace Bay net-minder and almost had a third. This is quite a new rule for George who devotes most of his time to preventing others from scoring. McLagan has turned in a pair of pretty good games this week and those goals were ample reward for his efforts.

Gus Gustavsen and Steve Brklacich, who were supposed to join the Islanders yesterday, were delayed in their travels and will not get here until today. Gustavsen was delayed by a ticket misunderstanding while Brklacich could not make the proper connections out of Shawinigan Falls in order to reach here yesterday evening. Chamberlain had word from both boys yesterday and Gustavsen will arrive at seven this morning and Brklacich will get in shortly after noon. Charlie Holdway should be here by Sunday.

The ladies who made possible yesterday's outstanding cake sale certainly deserve an assist for whatever success the Islanders meet with in the future. These ladies volunteered to hold the sale in aid of the Boosters Club and they more than made an excellent job of it. They were headed by Mrs. Lloyd Wellner who was assisted by Mrs. Billy Bruce, Mrs. Milton Bell, Mrs. T. Garrett, Mrs. Pope Clark, Mrs. Dr. Hector MacDougall and Mrs. Stewart Weir.

Twenty kids from Mount Herbert Orphanage had the greatest night of their lives last night when they watched the Islanders play the Miners. This was made possible by the I. O. O. F., the Islanders Hockey team and the Forum. The I. O. O. F. organized the project and a spokesman stated last night that the kids were really thrilled. At the game they were the guests of the Islanders and the Forum and they were supplied with ice cream, candy and peanuts. The orphanage matron appreciated this action on behalf of the kids and thanked those who were in any way connected with the project.

Continued on page 15

Buck Whitlock (left) and George McLagan (right) played outstanding roles in the Islanders 5-1 win over Miners at the Forum last night.

Whitlock moved into first place in the M.M.H.L. point scoring parade with a total of 22 goals and 20 assists for 42 points. He has scored 14 points in his last three games.

Defenceman McLagan opened and closed the scoring for the Islanders. He scored shortly after the four minute mark of the first period and wound up the night's scoring with a goal before the midway mark of the last frame.

When I hear this sort of talk from men who are themselves ex-officio game officers and who, if they really wanted to assist in game law enforcement, would get out of their swivel chairs and hustle around, I feel like pulling my hair out in handfuls. (This is one reason I keep it close cropped). Under the Game Act all members of either branch of the County Associations are ex-officio game officers, meaning they have the authority but are without pay. I don't expect those men to sit out on a marsh all night, or even half the night, but if they only offer some co-operation when infractions come to their notice, they'd go a long way toward cleaning up poaching.

I'll go even further than that and say if they'd stop interfering in my work, such as tipping off someone they feared was walking into a trap, I'd get two convictions for every one I am securing at present and if they would offer a little help once in awhile, I'd have three times as many cases. Right now I earn every case I get the hard way. . . . Under present conditions and the attitude adopted by so-called sportsmen when they run across men in the act of committing game law violations, the appointment of extra game officers would be a waste of public funds. Their attitude in short is this: let the game officer do it, that's what he's paid for.

Here is an illustration of what I mean: On Tuesday of this week I drove to Summerside to investigate two flagrant violations of the Migratory Bird Regulations that occurred in that area in late November. I had a pretty fair knowledge of what had happened, including names of some of the parties involved, but one needs more than names if a Court case is to be brought to a successful conclusion.

This is the story of the violations. Several hundred wildgeese, that had been furnishing stubble shooting for Summerside and Borden hunters in the Fenwick and Bedeque area, spent the nights resting in Salutation Cove or MacFarlane's Pond as it is sometimes called. On the third week in November on a dark misty night a motor boat owned in Summerside navigated the

way and again the Sydney peanut line of Alex Birukow - Freddie Hildebrand - Bruce Gallagher kept the high-powered Halifax unit of captain Billy Watson - Hughie Campbell - Bill Ford off the scoring sheet.

Halifax dressed centre Kenny Laufman for the first time and he came up with a strong offensive game. Besides his two-goal effort, Dunc MacIntyre was a big mout on the Sydney defence.

Sydney - Goal, Pidsodny; defence, MacIntyre, Weaver, Tyskko, Whalen; forwards, Hill, Morrow, Marineau, Birukow, Gallagher, Hildebrand, Robertson, Rowe, McDonagh, Campbell.

Halifax - Goal, McMeekin; defence, Bloom, Bergeron, Lepine, McLaughlin; forwards, Goold, Hollett, McPhee, Watson, Campbell, Ford, Laufman, King, Bowness.

Officials - Good Peters, McEntyre.

Wildgeese are still with us in thousands and the matter of protection is a live issue at the moment. I note that at the quarterly meeting of the Prince County Branch Fish and Game Association held at Kensington on Friday night, November 23, complaints were voiced respecting the lack of enforcement in respect to game law regulations. It was also agreed at the meeting that a delegation wait on the Hon. the Attorney General with a view to having additional protective measures instituted.

There will be many who will swear that the count should have read 5-2 instead of 5-1 for the Miners fired what looked like a sure goal into the Islanders net in the first period. The puck kept on going, however, and despite Glace Bay protests, the goal judge and the referee looked at the hole in the net, shook their heads and ordered a face-off in the Islanders end.

Bill Schiller of Glace Bay officially spoiled Al Millar's bid for a shutout with a pretty goal in the second period. Schiller broke out with Bill McCracken and only one Islanders defenceman to beat. Following a neat passing play Schiller rode in on net and flipped the disc into the twines.

Barging Bill Burega of the Miners.

NEW YORK, Dec. 5 - (AP) - Ralph (Tiger) Jones, a 4-to-1 underdog from Yonkers, N. Y., turned in one of the biggest boxing upsets of the year tonight by hammering out a clear cut, unanimous 10-round decision over Johnny Bratton, Chicago, at Madison Square Garden. Jones weighed 154 to Bratton's 148 3-4.

The "unknown" 24-year-old Negro poured it on Bratton all the way in a brilliant battle that brought roars from the small crowd of 3,614 and thrilled millions more along the coast-to-coast television network.

REGINA, Dec. 5 - (CP) - Funeral services were held here today for Ernest Mowat "Spike" Little, one of hockey's greats in the early century when he was goalie for the old Winnipeg Victorias. He died Wednesday at the age of 71 in the Salvation Army's Byron Gate Home.

ROLLS OF film developed and printed. 24 hour service. Double size prints. Any roll of 8 exposure only 40 cents. Reprints 4 cents each. Mail Film Service, Charlottetown.

SNAP SHOT FINISHING

OTTAWA, Dec. 5 - (CP) - Melville Rogers of Ottawa, a representative of the Canadian Figure skating Association, today was elected president of the Canadian Sports Advisory Council. He succeeds G. H. Campbell of Oshawa, Ont., who represents softball interests on the council.

The council, composed of representatives of sports governing bodies in Canada, concluded a two-day meeting here today. Vice-presidents elected were Dr. J. B. Kirkpatrick, director of the School of Physical Education at McGill University; M. M. Bruker of Montreal, of the Canadian Association for Health, Physical Education and Recreation; and Cecil Powers of Ottawa, of the Canadian Canoe Association.

Bernard Gauthier of Ottawa, representing judo interests, was elected secretary-treasurer.

Whitlock Picks Up Five Points As Islanders Defeat Glace Bay 5-1

The Islanders whipped the Glace Bay Miners 5-1 here last night but the score was only a sideshow compared to the scoring performance of Buck Whitlock who picked up five points to run his scoring total for the last three games to fourteen.

In his last three outings Whitlock has picked up eight goals and six assists and this point scoring barrage very probably sets a record for Maritime Major League Hockey and possibly Major Series Hockey in the Dominion.

One week ago last night Buck started his scoring rampage with four goals against the Miners in a game at the Forum. On Monday night against Halifax he fired two goals and assisted on three more and last night against the Miners he came up with a like performance.

And Buck may have set another record in the process. The Islanders have scored ten goals in their last two games and Buck has figured in all ten.

The Old Master was never better than he was last night against his "cousins" from the Bay. The Miners hounded and shoved and held Buck but despite their efforts they couldn't stop him.

Sensational words hardly be the way to describe the two goals he scored. He fired one in the first period with Neil Amadio practically sitting on his stick and he raced through the Glace Bay team to whip a low backhand past Don Lockhart for his other goal of the evening.

But besides Whitlock there were other players cutting capers in the scoring parade. The most noticeable of those was one George McLagan who fired two to double his previous output for the year.

George doesn't usually figure too much in the goal getting business but last night he was Johnny-on-the-spot to open the Islanders scoring in the first period and then come back to wrap it up in the last session.

Larry Travis rounded out the scoring with a blazing slap shot in the third period. Larry also picked up an assist on his night's work.

There will be many who will swear that the count should have read 5-2 instead of 5-1 for the Miners fired what looked like a sure goal into the Islanders net in the first period. The puck kept on going, however, and despite Glace Bay protests, the goal judge and the referee looked at the hole in the net, shook their heads and ordered a face-off in the Islanders end.
