**Testimonial**

C. P. Fletcher, Esq.

DEAR SIR,—I do not wish to return to Montreal without expressing my gratitude to you for the very excellent Bell Piano that you placed at my disposal for my recital. I have tried many Canadian Pianos of different manufacturers and must say that, considering the size of the instrument, I have never found one to equal it for depth and brilliancy of tone. The action is quite as elastic and responsive as in American Upright Pianos of the highest grade. Again thanking you, very sincerely,

I remain,  
Yours,

**Worth Appreciated.**  
In his younger days the late Mr. W. H. Smith was usually present to see the morning papers dispatched, and one morning something at one of the offices had gone wrong, so that there was great risk of that paper missing the trains. Mr. Smith, recognizing the difficulty, threw off his coat, worked away as hard as any of his subordinates and had the satisfaction of seeing the vans leave with just time to catch the trains.

He was afterward leaning over one of the tables reading a paper, still in his shirt sleeves, when one of the men, mistaking him for a mate, gave him a resounding smack on his broad back, exclaiming:

"Well, Jack, old man, we got that lot away smartly." When "W. H." raised himself, the man rushed away, terrified by his blunder.

On coming on duty at night the man received a note addressed to him, which he concluded contained the "smack," but to his surprise it was to inform him that from the end of that week he would be a foreman. "W. H." had sense enough to see that a man who was so delighted at having accomplished a difficult task for his employers was made of the right stuff.—Pearson's Weekly.

**Motherly Solitude.**

Miss Antie—It's funny about our old cat. We can't keep her away from the poker table.

Mr. Age—Nothing strange about that. Naturally she's looking after the "kitty."—New York Tribune.

Spain has 22,966 elementary schools, but only 41 per cent of the children receive even the rudiments of an education. The teachers receive only \$25 to \$400 per year, and most of them are unable to collect that.

It is said that it costs \$23.82 an acre to raise wheat in Massachusetts.

**Endure Hardship.**

As a gladiator trained the body, so must we train the mind to self sacrifice, "to endure all things," to meet and overcome difficulty and danger. We must take the rough and thorny roads as well as the smooth and pleasant, and a portion at least of our daily duty must be hard and disagreeable, for the mind cannot be kept strong and healthy in perpetual sunshine only, and the most dangerous of all states is that of constantly recurring pleasure, ease and prosperity. Most persons will find difficulties and hardships enough without seeking them. Let them not repine, but take them as a part of that educational discipline necessary to fit the mind to arrive at its highest good.—New York Ledger.

**Earnest Fights.**

"You men are too cold blooded and mercenary," said a young woman with a mission, according to the Indianapolis Journal. "You cannot make an earnest fight for principle as women do." "Ah," replied the man with a gift for epigram, "then I am to infer that it is principle that makes you scap so earnestly at the bargain counter."

Walnuts are supposed by some folks to cure rheumatism and toothache and for this purpose, they say, should be carried in the pocket.

If some people would laugh more, their doctors' bills would be less.
