

MEMBERS of Alpha chapter of Beta Sigma Phi sorority are waiting to serve their guests at the annual Talisman Tea held yesterday at the Y.M.C.A.

The Talisman Tea Again Is A Most Popular Event

It was almost in the nature of pageantry yesterday afternoon when Alpha chapter of the Beta Sigma Phi sorority held their annual Talisman Tea in the Y. M. C. A. reception room. The reason for all the color and gaiety was the fact that the members of the chapter were modeling hats from Hi-Style. The hats had been chosen to suit each individual and her particular style of spring chemise.

Generally speaking the large hat predominated but there were high toques, sailors — both Bar Harbor Boaters and Breton and hats with rippling brims. Most hats sit high on the forehead, well away from the eyes. Then there was the chemise hat. It should be seen. Description is difficult. It was a cross between an ancient dust-cap and a bell-shaped bombshell!

After the guests had been greeted at the door by Mrs. J. O. Hornby, they were ushered into the reception room by Mrs. H. L. Milligan. Miss Helen Cox and Miss Frankie MacMillan were receiving the tickets.

Tables for four were a pleasant innovation of the Talisman Tea this year. On each table was a bud vase containing a Talisman rose. The main refectory-shaped table was covered with a gleaming white linen damask cloth, centered by a golden-colored bowl filled with yellow pom-pom chrysanthemums. Lighted yellow tapers in silver candelabra added a soft glow. The crest of the sorority, Life, Learning and Friendship completed the table decorations.

Pouring tea were Mrs. Keith S. Rogers, Miss Lena McLure, Miss Marion Shaw and Mrs. Carl Burke.

Those assisting were Mrs. Bill Thompson, Mrs. Charles Trainor, Mrs. Somerled Trainor, Mrs. Clifford Campbell, Mrs. H. S. Stead, Mrs. Louis Bagnall, Mrs. Leigh Donald, Mrs. Don Wonnacott, Mrs. Paul Devlin, Mrs. Hugh Simpson, and Mrs. Gordon Bears.

The conveners were Mrs. Larry Slaght and Mrs. Jerry Veinot, assisted by Mrs. Ray Stunden

and Mrs. Gerald Foster. These ladies were being quite acclaimed, as well as all other members, at the success of the tea. Mrs. Temple Hooper was in charge of the bazaar table and that was a most popular place. Miss Shirie Stearns played beautiful piano selections all the afternoon.

"I am delighted, enchanted, amazed, and interested, and I think I never saw anything more beautiful and gay than Paris." So wrote Queen Victoria during her state visit to Napoleon third, one hundred and two years ago. If the good Queen had been in Charlottetown at the Talisman Tea in this year 1958 she would probably again have used many expletives. The Talisman Tea was full of goodwill and good taste. Also it was financially successful which will help in the many worthwhile projects of the Beta Sigma Phi sorority.

parts of a cow. The next meeting will be held at the home of Diane Laughlin at which time a public speaking contest will be held. It was decided by the members that four "Sherbrooke" signs be obtained. A debate was held "Resolved that Winter is Better Than Summer" with Marilyn MacDonald, Woodland Pauptit and Peter Dekker on the affirmative side and Allison Laughlin, Betty Lou Razavet and John MacDonald on the negative side. The affirmative side were the winners.

The meeting adjourned followed by lunch served by the hostesses, Mrs. Pauptit and Blanche, Marilyn MacDonald, secretary.

The Bedouk V-E Calf Club held their regular meeting at the home of Melbourne Wright's on April 22nd with the President, Carl Wright in the chair. Roll call was answered by 13 members.

A discussion followed on ways and means of raising money for the Club. It was moved and seconded that Mary McCordle and Charles Wright see about getting a play.

The next meeting is to be held at the home of Charles McCordle with Reggie Mulligan and James McCordle on lunch committee and Maurice Wright and Mary McCordle on program committee. Roll call will be answered with your favorite summer sport. It was decided that collection should be taken up at every meeting.

Mr. David Peacock, Dept. of Agriculture, was a present and gave a short but interesting talk on a well managed meeting. A social hour of games and lunch followed. Charlene Wright, Secretary.

O'Leary 4-H Calf Club met on Friday, April 25th at the home of Marlene and Willard Phillips. The meeting opened with the members repeating the pledge in unison. Roll call was answered by 15 members.

Eric Phillips reported he could not obtain a guest speaker for this meeting but would try to locate one for next meeting, which will be held at the home of Sheldon MacLean. On lunch committee for next meeting are — Norma Adams, Cheryl Palmer, Frankie Smallman and Wendell Shaw with Norma Adams and Donna Smallman on entertainment committee. It was moved and seconded that the next meeting begin at 8:30 p.m.

The papers received from the Dept. of Agriculture on "How to Conduct a Meeting" were given out. Sheldon MacLean then gave a speech. The meeting adjourned followed by the writing of tests and lunch. Elaine Palmer, Secretary.

The New Glasgow 4-H Calf Club met at the home of Helen Smith for their regular meeting. The vice-president Jimmy McAleer occupied the chair. The meeting began with O Canada and the 4-H Club Pledge. The roll call was answered by fourteen members. The minutes of the previous meeting were read, approved and signed. The secretary-treasurer reported that \$12.97 had been made at a crokinole party held in Rennie's Road School. Expenses amounted to 79 cents. She also reported \$25.24 on hand and that she had received the receipt for a share bought in the Medical Centre.

It was decided to have a crokinole party in New Glasgow School. Miss MacMillan showed members how to correctly use feed reports. Mr. Dickieson suggested that we buy gate-post signs to show that we are 4-H members. We also discussed the care of a calf. The committees were appointed as follows Recreation — Danny Nisbet, Lunch — Marilyn Stevenson and Elwin Wyand. For recreation everyone joined

Rector's Report

(Continued From Page 1) this year and placed before them the high ideals to which they should aspire."

MORE STUDENTS
"In these anxious times in higher education, university administrators are striving to provide facilities for the education of the ever increasing number of students who are seeking admission to the universities.

"In some measure, the increase may be attributed to the greater number of students of university age. It may be attributed also to the increased high school facilities, and the awareness of both parents and students of the advantages of a university education. Many solutions to this problem are being offered, and while it is recognized that not every young man or woman is fitted for university education, it is commonly agreed that any student who meets the present entrance standard has a right to what the university has to offer."

"Although the problem of numbers in our Province has not yet, and, indeed, never will reach the proportions it has attained in the other Provinces, nevertheless, it has presented itself even in our midst, for the rate of increase in student registration each year is approximately the same as for the whole of Canada."

PUBLIC INTEREST
"A more general awareness and a greater public interest in present-day problems of education has been evident, especially during the past year. The Canada Council was formed about a year ago; and it is today putting into effect the recommendations of the Royal Commission on National Development in the Arts, Letters and Social Sciences. Conditions under which grants would be made towards capital construction on university campuses and for scholarships to students engaged in graduate studies have already been published; and we are pleased to state that St. Dunstan's is participating in these benefits."

WOMEN'S RESIDENCE
A grant of \$142,000 has been approved by the Council to assist in the construction of a women's residence, on which work has already begun. This amount is fifty per cent of the cost of construction of the part of this building which was judged by the Council as fulfilling the conditions governing grants of this kind. Scholarships have also been awarded by the Council to two members of our staff to enable them to continue graduate study

in a couple of games. It was moved by Heather Matheson and seconded by Danny Nisbet that the meeting be adjourned. We closed with the Queen. The hostess then served lunch.

The Pleasant Valley 4-H Calf Club officers for 1958 are as follows: President, Eleanor MacKinnon; Vice-President, Charles Weeks; Secretary, Treasurer, Everett MacLellan.

Milton Weeks is kindly acting as leader again and his assistants are Mrs. Milton Weeks, Mr. Everett MacLellan and Mrs. Miller Weeks.

Program material on Table Manners was given to the members.

The Souris River 4-H Calf Club of Gowen Brae held its re-organization meeting on April 14, 1958 at Gowen Brae School. The local leader Leo MacDonald was present also as a member. The meeting was called to order by Norbert MacDonald. The minutes of the last meeting were read and approved.

Election of officers for the present year took place as follows: President, Doreen MacCormack; Vice-President, David Mullaly; Secretary — Treasurer, Norbert MacDonald; Club Leader, Leo MacDonald.

Plans were made to have a debate at our next meeting.

The Brigetown and Districts 4-H Calf Club for the month of April was held at the home of Mr. Harold Taylor on Friday evening the 25th. The president called the meeting to order and the members repeated the 4-H Club Pledge in unison.

Roll call was answered by twelve members. Mr. David MacLean attended the meeting. Minutes of the last meeting were read and approved. Papers of monthly judging classes were distributed to the members and a letter was read by the secretary from the Ayrshire breeders. One member paid his fee.

A contest was put on by Joe Acorn and Garth Taylor and won by Lloyd MacKay, Jean MacKay and Doreen Acorn. Blair MacKenzie and Roger Acorn were appointed to the program committee for next meeting, to be held at the home of Lloyd MacLeod on May 23rd. The meeting was adjourned and lunch was served by Mrs. Taylor.

The Hamilton Sea Crest 4-H Calf Club met at the home of Bloice Ramsay on April 25th with 13 members answering roll call. Due to the absence of the President and Vice-President, Earle Lockerby was appointed to act as president for the meeting.

The meeting opened with the repeating of the 4-H Pledge in unison.

It was moved and seconded that roll call for next meeting be answered with the name of your calf. It was moved and seconded that members on the entertainment committee automatically appoint the entertainment committee for the next meeting. Wenda Crozier, Norma Ramsay and Heather Ramsay were appointed on the entertainment committee for next meeting.

The club leader volunteered to arrange for the first judging class. The next meeting is to be held in the Hamilton Hall.

During the study period the club leader asked questions from the 4-H club manual and set the May lesson. The meeting adjourned followed by recreation and lunch. Wayne Lockerby, Secretary-Treasurer.

Health Officer Presents Report

We are indeed, most grateful to the Canada Council for their favourable consideration of our applications for these benefits; and, in the presence of Dr. MacKinnon, Principal of Prince of Wales College and our Island member of the Canada Council, I assure the members of the Council that the aid which has been offered so far will be of great assistance to us in our efforts to meet the educational demands of our day."

"During the past year, we again participated in the annual Federal Grants to universities; and we also received the third annual installment of the grant provided over a five-year period by the International Nickel Company of Canada."

CONFERENCE
"The Canadian Conference on Education held in Ottawa in the month of February manifested an intensified interest in education among the people of Canada. Not only were university officials and teachers present, but the conference included representatives of many different organizations throughout the country, indicating that the people of Canada are realizing the need of further positive action in order to meet more efficiently the demands of present-day education."

"Although no definite solutions were found for the many different problems considered, the conference at least showed that a great many people are aware of the existence of problems, are interested in finding solutions for them, and are willing to work together towards that end."

"The present concern over education which is voiced at all educational conferences centers around such problems as teacher shortage, inadequate remuneration for those employed in the teaching profession, lack of proper school facilities for the increasing number of applicants, and shortage of financial assistance for exceptional and needy students."

WELL-ROUNDED
The need for more scientists and engineers has also been emphasized in recent years. This need has caused apprehension among many educationists lest a hastily devised program be undertaken which would concentrate on science to the detriment of other subjects which, in the traditional system, are of primary importance in a well-rounded education."

It cannot be denied that there is in our time a need for greater emphasis on basic and applied science; but training in science alone will not produce great scientists and great engineers. The broadening influence of the humanities and philosophy and of the social sciences is also required in order that the student may be trained to think logically, to analyze accurately and to solve conclusively."

"Through these studies he will be brought to a realization of the great human ideals of life and will become acquainted with the historical developments and with what is best in the cultures of other countries. In this way there will be developed in the student a broader knowledge, together with the power of thought and expression that will fit him to meet his responsibilities in life."

"The scientist who has received this training and who has a Christian outlook on life will be able to understand better his relation to God, to society and to his fellowman, and thus he will be enabled to use his specialized knowledge of the sciences to greater advantage. Seeing in the marvellous discoveries of modern science the overwhelming evidence of an infinite Intelligence, he will be more convinced of the dependence of the world on God."

PASSED AWAY
"Since our last Convocation we suffered the loss of two valued members of our Board of Governors, Mr. H. Frank MacPhee, who passed away last July, and Sir W. J. P. MacMillan, in December. Mr. MacPhee graduated from St. Dunstan's in 1914 and was ever one of our most enthusiastic alumni."

"He was active in the reorganization of the Alumni Association prior to the seventy-fifth anniversary celebration in 1929 and continued to be deeply interested in all its projects on behalf of St. Dunstan's. He was a member of the Board of Governors for several years prior to his death; and it was especially while he served as a member of that Board that the university profited by his sound judgment and expert legal advice."

"Sir William MacMillan, who after a life-time of public service had been appointed Lieutenant Governor of the Province, passed away before assuming the

Health Officer Presents Report

Charlottetown should have far less mosquitoes this summer according to the monthly report of Chief Health Officer Dr. W. L. MacDonald, presented Monday night at the regular meeting of the City Council.

Dr. MacDonald said that an extensive eradication program involving the use of DDT by the Department of Health had resulted in the destruction of large amounts of mosquito larvae along the river side and at Deadman's Pond, in Victoria Park.

He had high praise for the cooperation of the Department of Health officials who he said made a very thorough job. The Health Officer reported that several milk vendors have been found with milk testing as low as 3.2 per cent. These vendors have been notified to raise their test or else suffer the consequences.

He also reported that one restaurant owner in the City was failing to co-operate with the Health Department in keeping his establishment clean and suggested that if he were closed this time he would find great difficulty in having his place re-opened.

On question from one of the councillors, Dr. MacDonald stated that the owner had had his place closed on another occasion but through good co-operation with officials was allowed to re-open.

duties of this important office. Notwithstanding the time-consuming duties of the medical profession, which he practised with great skill, Dr. MacMillan was always available for work entrusted to him in the various offices which he held in his association with St. Dunstan's. He was attending physician for almost thirty years; he was general chairman of the campaign for funds in 1945; he was a faithful and energetic associate member of the Alumni Association; and he was for many years a member of the Board of Governors.

RECORD REGISTRATION
"The student registration during the past year reached 413, the highest in our history. Of this number 273 followed the university courses, and 140 were enrolled in the last two years of High School. We had 288 students in residence. We were fortunate in being able, during the past summer, to convert space in the Main Building into living quarters for thirty-five university students."

"The women's residence, for the construction of which the contract has been awarded to the M. F. Schurman Company, will be completed in December and will provide accommodation for sixty female students. Although our debt will be considerable when this residence is completed, we do hope to be able to proceed, in the near future, with the construction of a library building.

In our planning for further expansion, which the needs of the time may require, financial problems may not be overlooked, nevertheless, academic standards will receive our prior consideration in order that we may be able to carry on efficiently what we have already begun. Therefore, we hope to be able to provide more of our staff with the opportunity of graduate study.

POST-GRADUATE
Five members of the staff were engaged last year in study in universities in Canada and the United States; and they will be returning to teaching duties within the next few years.

Two members of the staff who were with us for the last two years will not be returning next year. Mr. Clair Callaghan, who was instructor in the Engineering Course, has been granted an assistantship by the Massachusetts Institute of Technology and will take up graduate study in Engineering at that institution. Mr. Dominic MacDonald, who was instructor in English and Philosophy, has been granted a scholarship by the Canada Council and will resume graduate study in Philosophy.

The Rev. Francis W. Bolger, who has been doing graduate study in history at the University of Toronto, will also receive a grant from the Canada Council next year to enable him to (Continued on page 5)

MT. ALLISON CONCERT PARTY

SUB-SURFACE INSECTICIDE APPLICATOR

AGRICULTURAL NEWS

P.E.I. Department of Agriculture

ROOT MAGGOTS IN TURNIPS

The most efficient control of root maggots is obtained by placing a 5-inch band of heptachlor at 5 p.m. or aldrin at 6-7 p.m. toxicant per acre about 1 1/2 inches below the seed is rigidly drilled. For applying the insecticides, hand applicators are now available. These have been used in Prince Edward Island and they have been or will be used in 1958 in experimental and field work in the other maritime provinces and Quebec.

CATTLE BREEDERS MEET

Four Artificial Breeding Clubs have held their annual meetings during the last two weeks. The Kensington and District, the Eastern Prince County, the Cornwall and District and the York and District Clubs have held their meetings. The Deputy Minister of Agriculture, Mr. S. C. Wright was the guest speaker at the Kensington and District Club. The Minister of Agriculture, the Honorable Eugene Cullen was the guest speaker at Eastern Prince County Artificial Breeding Club. Mr. J. W. G. Nicholson, Research Officer Livestock, Experimental Farm, spoke at Cornwall and the Assistant Dairy Superintendent, and the Director of the Dairy Herd Improvement Plan, E. W. Adams, spoke at the York District Club meeting at Birch Court.

COMING EVENTS

Dance Millview Hall, every Friday night.
Opening Barn Dance, Garfield McPhee's, Brookfield, Wednesday, Burns Orchestra.
Coke Sale in aid of Basileia Altar Society to be held at S. A. MacDonald's Friday, May 16th, at 2 p.m.

A concert will be held at North Grandview on Wednesday, May 14 by Andy Horne and his Rambling Islanders. A dance will follow. Will be postponed if heavy rain. Time starting 8.30. Adm. 50 cents.

George C. Fisher, Director of the Artificial Breeding Programme. Mr. Allison MacMillan expressed the thanks of the group to the speakers.

PASTURE BROOD SOWS

Brood sows have produced large litters as a result of pasture, reeval trials conducted at the University of Alberta. A group of brood sows on good pasture weaned 7.1 pigs per sow farrowed while a similar group on the same area of land but no pasture weaned only 3.6.

CONDUCT A MEETING

The papers received from the Dept. of Agriculture on "How to Conduct a Meeting" were given out. Sheldon MacLean then gave a speech. The meeting adjourned followed by the writing of tests and lunch. Elaine Palmer, Secretary.

THE NEW GLASGOW 4-H CALF CLUB

The New Glasgow 4-H Calf Club met at the home of Helen Smith for their regular meeting. The vice-president Jimmy McAleer occupied the chair. The meeting began with O Canada and the 4-H Club Pledge. The roll call was answered by fourteen members. The minutes of the previous meeting were read, approved and signed. The secretary-treasurer reported that \$12.97 had been made at a crokinole party held in Rennie's Road School. Expenses amounted to 79 cents. She also reported \$25.24 on hand and that she had received the receipt for a share bought in the Medical Centre.

It was moved and seconded that a card party be held at Mr. Alton Bell's on April 25th. Betty Palmer, Joyce Mann and Gloria Tuplin were appointed on a committee to take charge of this party.

EXAMS WRITTEN

Exams were written on "Good manners" and "Table manners." This was followed with questions being asked from the Hand Book. The next meeting was held at the home of Gail Pickering on May 9th. Donald Pickering, Gloria Tuplin and Douglas Johnson were on lunch committee and Edwin Johnson and Gloria Tuplin on program committee. Roland Proffitt, Secretary-Treasurer.

THE SHERBROOKE 4-H CALF CLUB

The Sherbrooke 4-H Calf Club met at the home of Woodland Pauptit for their April meeting. The meeting opened with the singing of O Canada. There were nine members present with two members joining, Sharon and Diane Laughlin.

ROLL CALL FOR NEXT MEETING

Roll call for next meeting is to be answered by naming three
