

LOCAL AND OTHER MATTERS.

TRAVELLING on the ice, owing to the great depth of snow and lilly, very heavy. NEWFOUNDLAND LEGISLATURE. The Newfoundland Legislature will meet February 4th.

REMEMBER the 'Penny Readings,' in St. Peter's Schoolroom, to-morrow, (Tuesday) evening.

DEBATING CLUB.—The Progress advocates the formation of a Debating Club in Summerside.

N. B. LEGISLATURE.—The New Brunswick Legislature will meet on Thursday, February 8th.

GRAND DIVISION assemblies at Alexandria on Thursday, at 2 p. m. Public meeting will be held at 7 p. m.

PERSONAL.—W. H. Alley, editor of the Truro Sun, has commenced business as a Commission Merchant.—Commercial Herald.

MORE SNOW.—About nine inches of snow fell on Friday night last. Our snow banks will soon equal those of Ontario and the Western States.

WARM FEET.—Dorsey & Jost are selling at a great reduction in price a lot of Ladies' Felt Slippers, and Men's & Boys' Moose Skin Moccasins.—31.

ERRATUM.—In the list of Grand Jurymen, published in the last EXAMINER, instead of "John Hinds," Georgetown Road, read "Edward Hynes, Lot 49."

DEATH OF AN OLD HALIFAX PILOT.—John Fleming the eldest of the Halifax pilots, who piloted his first vessel into Halifax harbor when but 18 years of age, and prosecuted his work for 65 years, died recently.

LOSS OF THE "GEORGIA."—The Quebec and Gulf Ports S.S. Company's steamer Georgia was recently wrecked on Triangle Reef, near Tennant's harbor, six miles east of Portland, Me. The probability is that the cargo was as well as the vessel a total loss.

THE DAILY MORNING HERALD.—The first two numbers of the Daily Morning Herald, published at Halifax, are at hand. The Herald takes the place of the British Colonist. It will strenuously oppose the McKensie Administration, and the Hill-Annand combination.

MARINE EXAMINATION.—At a recent marine examination, in Halifax, the following candidates, prepared at the Government Marine School, by Mr. Seaton, were successful, viz: as master—Alexander McLeod of Point Prim, P. E. I. As mate—William McLean, of Georgetown, P. E. I.

We call the attention of our readers to the advertisement in another column of the Hope Manufacturing Co., of New York they advertise what is the most wonderful invention of the age, a first class Sewing Machine, with Table and Treadle complete for Ten Dollars. Read their advertisement headed "Wonderful."

Y. M. C. ASSOCIATION.—The following gentlemen have been elected officers of the Y. M. C. A., Summerside: President—R. Mc C. Stewart.

LOCAL AND OTHER MATTERS.

GEORGETOWN HARBOR is at length closed. The Montreal Herald gives up the Reciprocity Treaty.

THE S. S. PRINCE EDWARD arrived at New Orleans on the 21st instant.

DECEMBERLY COOL.—The thermometer registered 42 below zero at Fort Garry on the night of the 10th inst.

POINT DU CHENE BRICK WATER.—Mr. Aaron Wilson has received the contract for this work. His tender was \$14,000.

Mr. HURLEAU has been re-elected for L'Occupation by acclamation. He is Conservative, and was unseated December last for bribery by agents.

PARLIAMENT.—It is thought the approaching session of Parliament will be short. The Ministers will be ready with their reports immediately after the opening.—St. John Tel.

MAILS.—United States and Colonial mails were received in Charlottetown this morning. Halifax and St. John dates are to the 22nd inst. An article on the Land Question is laid over in order to make room for the latest news.

REMEMBER the Evening Sales by A. McNeill, Auctioneer, of Hardware, at Welsh & Owen's Building, Queen Street, will be continued every evening this week, in order, finally, to close out balance of Stock. In "Edward Hynes, Lot 49."

SNOW BLOCKADE.—The snow blockade still continues—in fact becoming closer. Communication between town and country is almost entirely cut off. The blockade is beginning to have a depressing effect upon business.

DOMINION BOARD OF TRADE.—The Dominion Board of Trade recently met at Toronto. Sir John A. McDonald and Dr. Tupper entered during the session, and were warmly received. Fifty-three representatives from twenty-two Local Boards were in attendance.

CURLING.—A curling match between the St. John and Pictou Curlers came off on the 20th inst., at Graham's Pond, about four miles from Pictou. After one of the best contested games ever witnessed here, it resulted in a victory for the St. John curlers by one shot.

DEATH OF THE RAIL.—MR. WILLIAM STYLES KILLED ON THE INTERCOLONIAL RAILWAY. As the morning train from Halifax approached Palmer's Crossing, between Sackville and Dorchester, about five o'clock on Monday evening, Mr. Wm. Styles, living in the locality, was driving on the road which leads across the track at that point. He had been warned by two men as he reached the track, not to cross it, but for some distance along the line the snow is piled up to the height of fifteen feet, and it is quite likely that he did not see the advancing train, or, perhaps, thought he could cross before it would be upon him. The train was drawn by two locomotives. The sleigh was directly across the track when the forward engine dashed upon it, smashing it to pieces. Mr. Styles' head was completely knocked off his body, which was frightfully mangled, and his right leg was broken. The train was stopped as soon as possible, and on searching round portions of the brain were found scattered around the spot where the sad casualty occurred.

BOARD OF DIRECTORS.—R. K. Brice, David Schurman, Dimock Archibald, Chas. W. Strong, D. Stewart and Eliza Wright.

SAD DEATH.—The Argus reports:—On Tuesday the 22nd day of December last, the widow of the late Donald McLeod, of Dundas, Lot 55, formerly known as Miller McLeod, went to the neighboring settlement after a web of cloth. She left the weavers' about sundown, taking a short path through the woods, the distance not exceeding two miles. She lost her path and, as clearly indicated by her tracks, got bewildered in the forest. Her body was found about fifty hours after she went astray. Her sufferings must have been very great. She travelled much through a swamp, with mud and water ankle deep.

THE TREATY.—The Ottawa Citizen's Washington correspondent states on what is claimed to be reliable authority that the Senate of the United States intends throwing out the proposed Reciprocity Treaty. He says:—It appears that Commissioner Brown has been endeavoring to secure certain changes before its being admitted, and Grant's Cabinet consider the whole thing muddled. It is thought here that Brown has misinterpreted some of the clauses in order to save the Government of Canada by now securing the Treaty's downfall in the American Senate. The Citizen's correspondent further states that the "Sliding Scale" which is unpopular in Canada, was proposed by Commissioner Brown, and that President Grant's Cabinet never asked for such an arrangement. He further states that the Canadian Government also desires changes in New York state canals and coasting privileges; in fact that they have since the Treaty was published endeavored to entirely remodel it and that on this account the Senate will reject the document. Cary of Philadelphia is represented as saying that the support of certain papers during the negotiations was purchased; and it is alleged that the Canadian Government have known for some weeks that the Treaty was to be rejected.

PAY NO MORE FEES. QUACKS CONFOUNDED. Rheumatism and Gout have heretofore been considered by the ordinary practicing physicians as incurable diseases, and the query has often been propounded, of what benefit to the helpless sufferer is all his pretended science; and what doth it avail, when his life is passing out of him, and he is obliged to acknowledge that all his resources are to no account when called upon to prescribe for a patient suffering from rheumatism. The great trouble lies in the fact that the mode of investigation is prescribed within certain boundaries and limitations, compelling the student to tread in certain well worn paths, or suffer disgrace and excommunication from that highly respectable order of mortals known as the Medical Faculty. How often has been curbed in its flights of investigation can easily be imagined. And often placed under the ban of discovery have been those constituted censors for no reason whatever, but that they are innovations upon a stereotyped and time honored prescription. It was not so however, with the proprietor of the DIAMOND RHEUMATIC CURE, for his high standing in the profession, and the learning and science of an able mind, enabled him to transcend the censor, and now physicians generally all over the world, where this medicine is introduced, admit of its wonderful efficacy, and give praise to it for their patients. Of course the use of the Diamond Rheumatic Cure, without the aid of a physician, is a saving in fee to the sufferer, but the really conscientious physician should rejoice at this, for the reason the general benefits arising to mankind from its use.

READ WHAT THE PEOPLE SAY. OFFICE OF STATARY POLICE, Montreal, June 18, 1874. MESSRS DEVIN & BOLTON: GENTLEMEN.—Having been one of the many martyrs of Rheumatism, I met on my way to Montreal a man who had been cured by your Diamond Rheumatic Cure, I had suffered the last five or six weeks the most terrible pains across the chest, and back so severe, indeed that I could hardly walk through a door of a stick. I commenced using the Diamond Cure, following the directions, and in a few days I came into my bed with the first bottle—improved with the second, and completely cured and free from pain after using my fifth small bottle. You are at liberty to refer to me either privately or publicly, as I feel very thankful for the relief and sympathy with my fellow sufferers from rheumatism. Respectfully yours, J. B. CARDINAL, 51 LaBelle Street. St. John, N. B. Sept. 29th, 1874.

A. CHAPMAN SMITH: DEAR SIR.—This is to certify that the Diamond Rheumatic Cure has perfectly cured me of that dreadful pain called Rheumatism. I have suffered with the said complaint for upwards of twelve years, and tried several doctors, but never found anything to cure it until I took some of the Diamond Rheumatic Cure. After taking three bottles of the said medicine I found myself as well as any man could wish for to be; for which I strongly recommend it to all who suffer from that dreadful pain.

PETER F. JOHNSTON, 123 Prince William St. This medicine has for several months past been used with perfect success and satisfaction in the hospital of Montreal, in obedience to the best medical practitioners in that city, as a safe, speedy, and positive cure for either chronic or acute Rheumatism. Every bottle is warranted to contain the full strength of the medicine, in its highest state of purity and development, and is superior to any medicine ever compounded for this terrible complaint. This medicine is for sale at all the druggists throughout Canada. If it happens that your druggist has not got it in stock, ask him to send for it.

DIAMOND RHEUMATIC CURE. In thousands of instances the prompt and free use of this medicine has saved valuable human lives. Hence the Diamond Rheumatic Cure should be in every household and infirmary, in every doctor's office, in every family and factory, in every shop and ship, in every office and counting-room. The experiment of twenty years in the London Hospital, England, has demonstrated to the Medical Faculty of Europe, that the only medicine having control over this class of disease, is the DIAMOND RHEUMATIC CURE. It is the result of a life time of scientific study, and is now for the first time offered to the Canadian public, prepared by a careful, experienced, and conscientious physician, in obedience to the desire of numberless friends in the profession, in the trade, and among the people. Every bottle is warranted to contain the full strength of the medicine, in its highest state of purity and development, and is superior to any medicine ever compounded for this terrible complaint. This medicine is for sale at all the druggists throughout Canada. If it happens that your druggist has not got it in stock, ask him to send for it.

W. R. WATSON, CHARLOTTETOWN, Agent for Prince Edward Island, HALIFAX, General Agent for Nova Scotia and C. B. Jan. 18, 1874.
