ATTENDING THE first meeting of the curriculum committee Saturday in Charlottetown were left to right: Mrs. Ellen Bryanton, Elm Street School, Summerside; Mrs. Dulcinea Andrews, Parkdale Elementary School; Lorne Meaose, Kensington Regional High School, and Sister Mary Peter, Green Meadows School.

Teachers Curriculum Committee Organizes

The first meeting of the new members of the Prince Edward Island Teachers' Federation curriculum committee was held at Federation House, Charlottetown, Saturday morning, under the chairmanship of Rev. Sister Mary Peter. Green Meadows School, and representing the Junior High School academic level on the committee.

Other members are: Lorne Moase, Kensington Regional High School, representing the senior high school level; Mrs. Dulcinea Andrews, Parkdale Elementary School, the intermediate level, and Mrs. Ellen Bryanton, Elm Street School, Summerside the primary level.

The terms of reference of this committee includes the request that it be prepared to make recommendations to P.E.I. Teachers Federation's board of governors as to desirable changes and revisions in anything relating to curriculum (course content, texts.).

Each member of this committee will chair a sub-committee of three members to work at each of the four academic levels represented.

Discussion of the formation and organization of these sub-committees and their areas in the curriculum where studies could be commenced occupied most of the meeting.

Sister Mary Peter attended a meeting in Moncton the last week in February convened to discuss uniformity of curriculum in the Atlantic provinces. This meeting was attended by two representatives from each of the four Atlantic provinces teachers' organizations.

Teachers' pensions also came under discussion at this meeting, therefore Thomas Bradley, Birchwood High School, and the chairman of P.E.I. TF's pension committee, was the second representative from P.E.I. TF.

LATE NOTICES

THIEVES SLAY 26

BOGOTA, Colombia (Reuters) Bandits killed 26 persons Wednesday in holdups of eight cars and buses in the Tolima department of western Colombia. Twenty-two persons died in one bandit attack.

P.E.I. Music Educators Ass'n Hears Musical Selections

A recent meeting of the Prince Edward Island Music Educator's Association held in Charlottetown's West Kent School was highlighted by a 20-pupil rendition of musical selections from "Hansel and Gretel" and a talk on piano teaching by Christopher Glendhill, president of the association.

The musical selections were given under the director of Mrs. K.A. Parker.

Mr. Gledhill, in his talk on music teaching, said the main requirements of a teacher were enthusiasm, a love of children and a love of music. "They must be good critics and be able to suggest ways of correcting faults", he said, "and must aim for a high standard in the work of the student." The association president demonstrated the various tone productions and showed the main faults in scale and passage playing.

G.A. Thompson thanked Mr. Gledhill for his informative talk on behalf of the 19 provincial music educators in attendance.

The next meeting of the association will take the form of a supper meeting in May.

Two Injured In Car-Truck Collision

SUMMERSIDE — A collision Friday evening between a small car and a three-ton truck at Bryanton's Corner about three miles from Kensington on the Irishtown Road, Friday evening, injured the two occupants of the car.

Mrs. Ruth Carr is still in hospital at Summerside as the result of facial abrasions, a knee injury and body bruises.

The driver of the car, Alton Bell, of Burlington, received bruises and shock, and was detained in hospital until yesterday afternoon.

Lloyd Profitt, of Long River, driver of the truck was uninjured. The car was badly damaged.

Ferry Encounters No Difficulty

Travelling in summer times, the CNR ferry, MV Abegweit, is not having any difficulty due to ice on recent crossings, the train despatcher said Saturday morning.

Heavy ice in the Gulf of St. Lawrence could, however, move into the Straits and hamper the crossings. During March of last year, the ice-breaker was continually faced with difficulties by the moving ice.

Pastrano Gets Draw

NEW YORK (AP)—Wily Willie Pastrano of Miami and body-banging Wayne Thornton fought to a draw Saturday night in a rousing 10-round fight at Madison Square Garden.

Thornton, of Bakersfield, Calif., had rubbed Pastrano six weeks ago but the return was a tight battle all the way.

The two judges had it a draw while referee Art Mercante had Thornton in front, 5-4-1 in rounds. The judges, Leo Birnbaum and Bill Recht, gave each fighter five rounds and five points.

Each weighed 175¼ pounds.

The 23 - year - old Californian who made the top 10 rankings with his upset over Pastrano Feb. 9, appeared to have the fight wrapped up by the end of the seventh round.

But in the eighth round, the well-battered Pastrano opened up with all he had. The 28-year-old veteran rocked his strong rival in the eighth with a left hook to the jaw, danced around him in the ninth, and met him toe-to-toe in several lively trading sessions in the 10th.

The draw enabled Thornton to stretch his unbeaten streak to 10. His record is 27-2-1. Pastrano's record is 57-11-8.

12 S'side Fans Fined; Fire Alarm Case Opens

SUMMERSIDE BUREAU OF THE GUARDIAN

As an aftermath of a police crack-down at the Friday night hockey game in Summerside a dozen persons were charged with being drunk or in possession of liquor, and were each fined $20 and costs when they appeared in police court Saturday morning.

Also at the same court a request of counsel Malcolm Campbell for a change of plea to "not guilty" was allowed by Magistrate R.S. Hinton, QC, in the case of John Atwood Stewart. He is charged with unlawfully obtaining a motor vehicle from D. Alex MacDonald Ltd., by false pretenses with intent to defraud. Stewart elected summary trial by magistrate and the case was adjourned to Friday, March 29.

In the lengthiest case before the court Saturday six witnesses for the Crown were heard in a charge of turning in a false fire alarm laid against Francis MacKay, Summerside, who pleaded not guilty to the charge.

The first witness, Frank Arsenault, a member of the Summerside fire department told of responding to a fire alarm from 310 Court Street, shortly before noon, Mach 18, during the height of a severe snow storm.

He said he had been met at the residence by Mr. MacKay who directed him to the house next door. When witness started for this house MacKay changed his mind and told him that the fire was around the corner of his own house. Witness checked around this side of the house, could see no fire, so departed on fire truck. He said the call occurred during the worst part of a snow storm, and a snow plow had to break the road through the streets to enable the fire engines to answer the call.

Robert Simpson, next door resident to the MacKay home, stated that there had been no fire alarm at or from his home on the day in question.

FIRST ON SCENE

Jack Schurman, a member of the Summerside fire department, had been the first fireman to arrive at the scene. When he inquired about the location of the fire he said MacKay said something about the down drain or water spout of his house. When witness mentioned seriousness of a false alarm MacKay replied he was a taxpayer and would pay for it.

Witness said MacKay tried to continue conversation concerning the side of his house, but witness walked away and went down the front steps of the residence.

Joseph Clark, Summerside fireman, was on the pumper truck when it arrived at the MacKay home. He said MacKay was standing on the veranda laughing and joking, making wild gestures with his hands, and generally calling to the firemen to put out a fire.

He approached MacKay and asked the location of the fire. MacKay directed witness to a fence beside the house, indicating a fire in that location. Witness said snow practically covered the fence, and there was no indication of fire whatever. He said MacKay appeared to be quite amused and asked what kind of firemen they were that they couldn't put out a small fire. Witness then left the premises.

Albert Leard, engineer and dispatcher of the Summerside fire department, testified he had received a call requesting the fire equipment at 310 Court Street, and as a result the equipment had been dispatched.

Summerside police Corporal Elmer Matheson said he responded to a phone call to go to 310 Court Street shortly after noon. Witness said he talked to MacKay who told him he had earlier put in a fire alarm.

He said MacKay tried to show him a fence which MacKay said was too close to his house. Cpl. Matheson said he could see parts of the fence which was partially covered with snow, but could see no signs of fire.

ACCUSED TESTIFIES

Giving evidence on his own behalf, Francis MacKay said he got up that morning about 8 a.m., cleaned out the furnace ashes which he put in a cardboard box, but delayed taking them outdoors because a door was plugged with snow.

He said sometime later he smelled smoke, and on opening the basement door, the basement appeared to be full of smoke, so his first thought was to call the fire department.

After placing the call he took a bucket of water and went down to the basement but found that only the cardboard box containing the ashes had burned. He said he ran upstairs but heard the fire sirens so did not call the fire department to cancel his alarm.

Mr. MacKay kept referring in his evidence to a fence separating his property from a neighbour's. He said the fence was only 12 inches from the MacKay house, and maintained that firemen could not get fire hoses into the space between the fence and his house, but was assured by one of the firemen that they could direct water where they often could not put a hose.

BURNED CARDBOARD

Mr. MacKay showed the court a piece of a cardboard box which he said had been the box that caught fire in his basement from the ashes removed from his furnace.

Crown Prosecutor George McMahon asked the witness why he had not told police or firemen about this matter on the morning of the fire alarm, and why he had not shown them the piece of cardboard produced in the court.

Mr. McMahon asked the witness if he had been drinking that day, and Mr. MacKay said he had been the previous evening but not on the morning of the day the alarm was sounded.

Mr. MacKay asked the court for an adjournment so that he could bring in a witness for his defence, and later asked the court for the adjournment so that he could obtain the services of his lawyer, and the case was adjourned to a later date.

O'Leary Rink Canteen Run By Lions Club

O'LEARY — O'Leary Lions Club has successfully completed its winter rink canteen project it was indicated at a recent meeting of the club.

Members of the new club said the project was kept in operation steadily throughout the season, and a financial profit was realized.

Wendall Turner urged members to from a convention committee immediate'y to make preparations for the Lions convention scheduled for 1964 in Charlottetown.

Members appointed to nominating committee consisting of James Baglole, Fred Rogerson and Percy Vey to bring in a new slate of officers for the coming year.

Ralph Bishop, president of the club, suggested that members wear their club pins at all times during April, which is Lions activities month.

Projects for the summer months were discussed. Ralph Bishop presided.
