

Chest Operation Saved Life Of King George V

LONDON, Sept. 23 (AP)—A chest operation in 1928 saved the life of King George V, father of the present King, who is suffering from a lung ailment.

In an operation performed at Buckingham Palace in December, 1928, some purulent fluid around the base of the right lung was drained away.

After the second operation King George V made steady progress towards recovery, and in four months he was able to resume shooting, his favorite sport.

Bullheads of physicians attending King George VI have been too lacking in detail to indicate whether there is any close similarity between his affliction and that which ultimately was fatal to his father.

"I have asked all the Catholic clergy in the diocese today to have prayers for him." He also asked the people to remember him in their private prayers.

Father MacKenzie, on behalf of the Faculty and the Board of Governors thanked Father Dougan for the altar. He and the other members of his family have always been very generous to this institution, stated Father MacKenzie. He thanked the Governor and Premier for their attendance and also Father McIsaac for his sermon.

At the conclusion of the service, Bishop Boyle led the congregation in prayers for the King. The service closed with the choir singing "God Save The King."

Promoted And Transferred To West One of the most popular members of the Administration and Training staff of the 28th L.A.A. Regiment, Staff Sgt. Douglas Moreside, has been notified of his promotion to be W.O. 2 and his posting to a Western Canadian city.

B. S. M. Moreside is leaving this morning for Eastern Command Headquarters, Halifax, where he will receive official notification of the city to which he is going. A native of this city and a veteran of the past World War, he has been promoted by Lieut. Col. H. Gordon Williams, for several years.

Last night B.S.M. Moreside was surprised by members of the Garrison N. C. O.'s Mess at the Armories when they paid high tribute to his popularity by presenting him with a smoking stand as a going away gift. Master of ceremonies for the occasion was R. S. M. E. A. Jeasome, while the presentation was made by B.S.M. J. Coffin. B.S.M. Coffin in a brief speech expressed the regrets of all the members of his regiment at the departure, but at the same time congratulated B.S.M. Moreside on the recognition of his value to the service as shown by his promotion.

RETURNS FROM (Continued from Page 1) addressed the five day session and the delegates were guests at two dinners, one given by the host city of Halifax, and the other by the Police Association of that city. Canada's Imports From U. S. Reach Record High

OTTAWA, Sept. 23 (CP)—Canada's purchases from the United States jumped by more than \$500,000,000 to a record \$1,705,800,000 in the first seven months of 1951. The Bureau of Statistics reported today. This sharp climb from \$1,175,200,000 in the first seven months of 1950 outpaced a smaller \$250,000,000 gain in sales, pushed Canada's trade deficit with her southern neighbor to \$373,000,000—about four times greater than the \$87,500,000 deficit in the same period last year.

Total exports to the U. S. in the seven-month period increased to \$1,331,900,000 from \$1,087,000,000. Part of the big boost in the American deficit was apparently due to the need by a booming Canadian industry for American raw and finished materials, particularly iron and steel products and textile materials including cotton.

But part was apparently also because the general level of Canada's export prices had not climbed as high as those for the goods she imported. For example, the bureau estimated that in July prices of Canada's exports increased 13 per cent from July 1950, but prices of imports climbed 18 1/2 per cent.

In trade with all countries, Canada's exports in July, for the first time in 1951, surpassed the value of imports giving Canada a small \$7,900,000 surplus in her monthly foreign trade commodity account. This pared down the seven-month over-all deficit to \$381,900,000. Total exports in July jumped 47 per cent to a record \$378,600,000 from \$258,700,000. Imports increased 43 per cent to \$370,600,000 from \$258,500,000. This brought total seven-month exports to all countries to a record \$2,141,100,000, a \$350,000,000 gain over \$1,794,800,000 in 1950, and imports to a record \$2,473,000,000, up about \$700,000,000 from \$1,712,500,000.

In trade with her second major customer—Britain—Canada pushed sales in July to \$74,100,000, double the \$35,300,000 last year, driving the seven-month total to \$328,300,000 from \$272,500,000. Imports from Britain rose to \$43,300,000 from \$32,700,000 in July and increased the seven-month total to \$267,900,000 from \$219,900,000.

Impressive Dedication Service At S.D.U.

The main altar in the new Saint Dunstan's University chapel was formally dedicated and set up as a testimonial to the men of the Royal Canadian Navy yesterday morning in an impressive dedication service. Rev. Louis A. Dougan, Navy Chaplain who donated the altar, sang the Solemn High Mass.

Father Dougan, formerly of Charlottetown and now R.C.N. Chaplain (R. C.) stationed at Stadacona was assisted by Rev. Joseph Whelby, R.C.M. and Rev. Owen Sharkey. An eloquent sermon was delivered by Rev. Michael P. Monacac, Chaplain of the Fleet (R. C.) Ottawa. His Excellency Bishop James Boyle and Rt. Rev. R. V. MacKenzie, Rector of the University spoke briefly.

Present for the service were His Honor Lieutenant Governor T. W. L. Prowse, Premier J. Walter Jones and Mrs. Jones, Sir William MacMillan, O.B.E., Captain J. J. Connolly and members of the navy service.

The bronze plaque on the altar states that it was "Erected as a testimonial to men of the Royal Canadian Navy and in memory of those who met death in service."

Father McIsaac in his sermon remarked that the altar was dedicated in memory of the sacrifice of the young men who gave their lives in the Canadian Navy during the war. The greatest sacrifice of all, that of Calvary, is being continued in the Mass, he stated. This sacrifice is being offered every moment of the day from the rising to the setting of the sun, he added.

He reviewed the growth of the Canadian Navy from the outbreak to the end of the war and the great role it played in convoy work on the Atlantic. Canada owes much to her Navy and is proud of the boys from P. E. I. who served in it, he stated. May God send mercy on the souls of the men he asked.

His Excellency Bishop Boyle, in the name of the diocese thanked Father Dougan for donating the altar. He stated that the presence of Premier Jones and Governor Prowse was very much appreciated because it was a sign of goodwill and christian brotherhood and a sign of the public recognition of the goodness of God.

"We are all deeply concerned about the condition of King George VI," he stated. "I have asked all the Catholic clergy in the diocese today to have prayers for him." He also asked the people to remember him in their private prayers.

Father MacKenzie, on behalf of the Faculty and the Board of Governors thanked Father Dougan for the altar. He and the other members of his family have always been very generous to this institution, stated Father MacKenzie. He thanked the Governor and Premier for their attendance and also Father McIsaac for his sermon.

At the conclusion of the service, Bishop Boyle led the congregation in prayers for the King. The service closed with the choir singing "God Save The King."

A background of wide experience in the Northland as well as overseas is being brought here in the posting to this city, with 5 Signals Regiment, of Sgmn. Denheim Beames. Sgmn. Beames is replacing Sgt. W. Appleton who has been posted to North Sydney. Signalman Beames first joined the Army as a member of the Signals unit in September 1939 and went overseas the following January. He served through campaigns in Sicily, Italy, France, Holland and Germany before returning to Canada in 1945.

Sgmn. Beames is a native of Albert, Sask. where he was born September 19, 1920. After the war he joined the Bell Telephone Company in Montreal. He later went to the Canadian National Telegraphs as an operator on the Alaska Highway in the Yukon. Rejoining the Army in Edmonton, Alta., he was posted to Aklavik and also served briefly at Fort Good Hope, Fort Wrigley and Hay River, all in the Northwest Territory, before going back to Edmonton. He afterwards served for several months in Halifax prior to being posted here.

Sgmn. Beames is married to the former Mary E. Cahill of L'Ardoise, Cape Breton, and they have two children, a daughter, Maureen, 5, and a son, Brian, 3. They will make their home in this city.

Acadia To Launch Financial Drive

WOLFVILLE, N. S., Sept. 21—President Watson Kirkconnell announced today the launching of a new financial campaign for a million dollars for Acadia University. This campaign was decided on in principle at the annual meeting of the Board of Governors in August, and a special campaign committee was named.

One phase of the campaign will be an appeal to the churches of the United Baptist Maritime Convention, but the general scope of the campaign will also cover alumni and friends of the University throughout Canada and the United States. The President Emeritus, Dr. F. W. Patterson, will act as the University's main financial agent in the planning and prosecution of the new drive.

Aussies Reject Move To Outlaw Red Party

SYDNEY, Australia, Sept. 23 (CP)—Australian voters apparently rejected Saturday a bid by Prime Minister Menzies' coalition government for authority to outlaw the Communist Party.

A proposed constitutional amendment which would have given the Federal Parliament the legal power to deal with Communism trailed from the start in the counting of returns.

At the end of today's counting the tabulation showed: "Yes" 1,959,377; "No" 2,072,793. About 630,000 votes still are to be counted — mostly from interior points.

"It looks as if I'm going to have one hand tied behind my back in my fight against Communism," Menzies commented. "But I would like the people of Australia and the Communists to know I intend to keep on fighting."

The major fight over the issue was between Herbert E. Evatt's Labor Party and Menzies' Liberal and Country Party coalition, which ousted Labor from office in 1949.

Though the Communist Party is small, Communists are influential in labor affairs. Menzies' Government has charged that damaging strikes, particularly in heavy industries, were inspired by the Reds.

He and his followers put through Parliament last year a bill to outlaw the party and oust Red agents from executive posts in the unions, but Australia's high court ruled that Parliament was exceeding its powers.

Evatt fought the bill in Parliament and represented the Communist led Waterside Workers Federation in successful arguments before the high court. He said in the election campaign there were existing powers to deal with sedition and that the amendment would put Australia "on the road to a police state."

Menzies appealed for an overwhelming vote of approval "for the sake of our own free and decent future." He said there was grave danger of war and Communism was Australia's most dangerous international foe.

Former Islander Dies In U. S.

The following article from a Providence R. I. newspaper will be of interest to many Islanders. The funeral of William J. Kenny, husband of Mary E. (Fitzpatrick) Kenny, of 162 Fort Street, East Providence, who died Friday morning in St. Joseph's Hospital after a seven-weeks illness, will be held tomorrow morning at 8 from the Chisholm Funeral home with a Solemn Requiem Mass in Sacred Heart Church, East Providence, at 9 o'clock.

He was born in Prince Edward Island, son of the late William J. and Bridget (Walsh) Kenny and was employed as a carpenter in the New Haven Railroad bridge department for 36 years. He retired in 1944.

He was a member of the East Providence council Knights of Columbus, and the Holy Name Society of Sacred Heart Church.

Besides his wife, he leaves two sons, J. Gerard of Providence and Herbert I. Kenny, of Battle Creek, Mich., a daughter, Mrs. Daniel P. Moriarty of Providence; four brothers, Arthur of Rumford, Me.; Frank of Saskatchewan; Louis of Oakland, Calif.; and Herbert Kenny of Prince Edward Island; two sisters, Miss Catherine Kenny of Boston, Mrs. Herbert Sinnott of Dorchester, Mass., and five grandchildren.

Interment, under the chairmanship of Mr. Harvey Crowell of Halifax, is now swinging into action. The purpose of the campaign is three-fold: to finance the construction of a new heating plant, to retire existing indebtedness, and to make possible a more effective administration, including increased salaries, by a substantial increase in endowments and annual benefactions.

One phase of the campaign will be an appeal to the churches of the United Baptist Maritime Convention, but the general scope of the campaign will also cover alumni and friends of the University throughout Canada and the United States. The President Emeritus, Dr. F. W. Patterson, will act as the University's main financial agent in the planning and prosecution of the new drive.

New Twist In Mystery Of Ancient Stone

WASHINGTON, Sept. 23 (AP)—The mystery of Minnesota's famed Kensington Stone took a new twist today with word that a noted scientist who once scoffed at it as a fraud now believes it may be authentic after all.

Fake or true, the stone has puzzled experts for years. Its hand-carved inscription relates a final chapter in the saga of adventurous Norsemen who purportedly made their way from Greenland, perhaps by way of Hudson Bay, into what now is Central Minnesota—and did it about 1300 years before Columbus "discovered" America.

Ten of the band were apparently scalped by Indians. The fate of the survivors is another unsolved mystery.

As to the stone, Dr. William Thalbitzer, Danish ethnologist and one of the world's foremost authorities on runes, has this latest word to say: "It seems to me that after all the rune inscription may be authentic. I now maintain this matter in its entirety is worthy of re-study."

Runes are the characters of a primitive alphabet used by Germanic peoples in medieval times. Ever since a Swedish farmer, Olof Ohman, found the oddly-carved stone near Kensington, Minn., in 1898, the leading rune experts—Thalbitzer among them—have questioned its authenticity.

In recent years, however, there have been major advances in linguistic studies and fresh discoveries of old documents in the Scandinavian countries. In the light of these, Thalbitzer has made the first intensive analysis of the Kensington inscriptions in many years. The Smithsonian Institution published his findings Saturday.
