**ANOTHER NEW BANK CUSTOMER**

Johnny's bank account is one of nearly 9,000,000 now carried by Canadians in the chartered banks—3,750,000 opened in the last ten years alone. Today, practically everybody goes to the bank.

Competition among the banks in all forms of banking service is one of the reasons why you, like Johnny, can expect prompt, efficient, courteous attention to your needs at your own local branch.

**THE BANKS SERVING YOUR COMMUNITY**

A farewell party was held on Monday evening, September 28, at the home of Mr. and Mrs. William Phillips, MacNeils, for Mr. Harry Brown, Church Army worker from Toronto, who was in charge of St. Andrew's Church, Inverness, for the summer months. Mr. Brown was presented with a well-filled purse. Lunch was served and the evening spent in singing.

Estimated cost of the American H-bomb project in South Carolina is \$1,250,000,000. Vancouver-harbor, discovered by Captain George Vancouver in 1792, covers 48 square miles.

Does Inco produce anything but Nickel?

"The research people also found that the ore contained other rare metals. Step by step the scientists worked out ways of getting these metals out of the ore. So today Inco recovers quite a lot of gold, silver, platinum, palladium and other metals from the ore. In fact, Canada has become the world's largest producer of the platinum metals. The palladium obtained from the nickel ore is today very popular for fine jewelry."

"Oh yes, the Sudbury nickel ore contains as much copper as it does nickel! So Inco is not only the world's largest producer of nickel, but also Canada's largest producer of copper."
