CORRECTION.—In the appeal case of Keeffe vs. Rogers, judgment was given for appellant, and not for respondent, as stated yesterday.

DRINKING FOUNTAIN.—It is pleasing to learn that the Water Commissioners have decided to place a drinking fountain on Market Square, near the Market House.

CHANGE IN TIME.—The proposed change in time went into effect to-day. Owners of clocks and watches should govern themselves accordingly. Local time is now exactly an hour ahead of railway time.

PHILHARMONIC SOCIETY.—A full meeting of the Charlottetown Philharmonic Society will be held in the Academy of Music Hall (late Athenaeum) this Thursday evening, the 9th inst., at 8 o'clock, for enrolment, &c.

A RARE CHANCE.—The sale of the well-known chestnut horse owned by Mr. Horace Hazard, which takes place on the Market Square to-morrow, (Friday), at 12 o'clock, noon, offers a rare chance to secure a very serviceable horse for carriage or express work. See ad.

SABBATH DESERATION.—Says a St. John despatch: The Evangelical Alliance some time ago made a demand on the street railway to stop Sunday cars, but failed. The Alliance is now working in another direction to stop Sabbath desecration. At to-day's meeting it was resolved that Saturday night shopping necessitated early Sunday morning work by the clerks, so they decided to ask all employers of labor to pay their help on Friday, so that shopping may be done on Friday nights, and also request all stores to close Saturday nights, thus avoiding any alleged Sabbath desecration.

The Queen is said to have been very much charmed with Mrs. Chamberlain, whose simple unaffected manner wins everyone's good will.

According to the The United Service Gazette, Sir Provo Parry Wallis, G. C. B., the Senior Admiral of the fleet, attained on April 12th the great age of 98 years. Sir Provo served as second lieutenant of the Shannon at the capture of the American frigate Chesapeake, on June 1st, 1815, when, Capt. Brooke being desperately wounded, and the First Lieutenant, Mr. Watt, killed, he took command and carried the ship to Halifax. He is still on the active list and has been in the British navy 85 years.

Prince George of Wales has left the Northumberland and he is to undergo a course in torpedo instruction on board the Vernon, at Portsmouth, and of gunnery instruction on board the Excellent. Prince George will afterward be appointed to the commodore of the vessel of the torpedo boat flotilla during the naval manoeuvres, but it is scarcely likely he will receive an independent command, as under the circumstances the responsibility would be very serious for a young officer who has seen little service, nor would the arrangement meet with public approval.

News Notes

Mount Vesuvius is in an alarming state of eruption.

The contract for the Halifax-Bermuda cable has been made and presented to the Imperial parliament for its approval.

A cotton factory, to be the largest under one roof in America, is to be erected at Montmorency Falls, Quebec, to be running in September.

One of Napoleon's veterans, who survived his master many years, was wont to recount with great glee, how he had once picked up the Emperor's cocked hat at a review, when the latter, not noticing that he was a private, said "Thank you, Captain." "In what regiment, sir?" instantly asked the ready-witted soldier. Napoleon, perceiving his mistake, answered with a smile, "In my guard, for I see you know how to be prompt. The newly-made officer received his commission next morning."

Railways in the States.

The Railway Age presents a table showing the amount of new railroad under construction in the United States in the first three months of 1889. In twelve New England and Eastern States, 155 lines are projected, with an aggregate mileage of 5,094 miles; in ten Southern States, 188 lines, with 12,855 miles; in five Central Northern States, 80 lines, with 5,238 miles; in seven North-western States 107 lines, with 12,992 miles; in five South-western States 87 lines, with 11,502 miles; in seven Pacific Coast States 49 lines, with 5,845 miles of road. In the whole country 666 new lines are projected, with an aggregate of 53,436 miles of new road. This table shows that the South will be a powerful competitor of the West in the matter of development during the year 1889. In Alabama alone there are 21,642 miles of new road projected, and while there are over 6,000 miles projected in Dakota, yet the area of Alabama is only 52,260 square miles, against an area of 149,100 for Dakota. Thus it will be seen that Alabama will relatively show as much if not more railroad development during 1889 than any State in the Union.

Gabriel Dumont at Batoche.

The Mounted Police Department has received a detailed report from one of its officers of the half-breed meeting recently held at Batoche on the call of Gabriel Dumont. About one hundred Metis were present. The report says the tone of Dumont's address was anything but hostile to the Government. After recounting to his audience some of his experiences and ideas of Eastern Canada, he touched on the late rebellion, but in a mild manner. His strongest expression was that although in their ignorance they had rebelled and taken up arms, and were also aware that they could not hope successfully to contend against the Government, yet they had proven that they were not afraid to defend their families and homes. He urged his hearers to form a committee to draw up petition to the Government praying for such of their rights as they deemed proper. The results of the meeting have been favorably commented on in the Prince Albert district, as it was expected that a vigorous attack would be made on the Administration.

Railway Fatality.

KALAMAZOO, Mich., May 8.

A street car containing seven ladies and two gentlemen was crossing the Michigan Central track this evening when a switch engine dashed upon it at a high rate of speed. It killed six ladies. The male passengers were unhurt and the driver escaped by jumping. The gates at the crossing where the accident occurred were not used between 5.30 and 6.58 p. m., the gate keeper going home at that time. This custom probably deceived the driver who was a new man, and probably supposed the gates would be down if an engine was coming.

The outlook for the Quebec lumber trade this season is good. There are billion logs tied up in the woods of Michigan for want of water to drive them to mills. During the past winter the Quebec timber merchants have had business pretty much their own way in European markets and have very profitable contracts.

C. P. R. Meeting.

MONTREAL, May 8.

The annual meeting of the shareholders of the Canadian Pacific Railway Co. was held here to-day. President Van Horne in the chair. The members of the old Board were re-elected, except Mr. Grenfell, who is replaced by Thos. Skinner, of London, G. B. The earnings had increased from \$10,081,803.58 in 1886 to \$13,105,535.60 in 1888. The expenses had also risen from \$3,703,486.54 to \$3,870,774.92. Owing to unexpected delays, the Short Line to St. John will not be opened until the last of June or the first of July.

LETTERS TO THE EDITOR.

A Complaint.

Sir,—On behalf of our citizens, I must protest against the evil habit of allowing cattle to be driven through our streets during the day time. This practice will probably continue until several of these untamed beasts become infuriated and play a general havoc amongst pedestrians. Their removal could be equally well attended to after night fall, and the safety of the people be thus ensured.

Medicine for Throat and Lung Difficulties has long been, and still is, Ayer's Cherry Pectoral. It cures Croup, Whooping Cough, Bronchitis, and Asthma; soothes irritation of the Larynx and Fauces; strengthens the Vocal Organs; allays soreness of the Lungs; prevents Consumption, and, even in advanced stages of that disease, relieves Coughing and induces Sleep. There is no other preparation for diseases of the throat and lungs to be compared with this remedy.

"My wife had a distressing cough, with pain in the side and breast. We tried various medicines, but none did her any good until I got a bottle of Ayer's Cherry Pectoral, which has cured her. A neighbor, Mrs. Glenn, had the measles, and the cough was relieved by the use of Ayer's Cherry Pectoral. I have no hesitation in recommending this

Cough Medicine

to every one afflicted."—Robert Horton, Foreman Beedlight, Morrilton, Ark. "I have been afflicted with asthma for forty years. Last spring I was taken with a violent cough, which threatened to terminate my days. Every one pronounced me in consumption. I determined to try Ayer's Cherry Pectoral. Its effects were magical. I was immediately relieved and continued to improve until entirely recovered."—Joel Bullard, Guilford, Conn.

"Six months ago I had a severe hemorrhage of the lungs, brought on by an incessant cough which deprived me of sleep and rest. I tried various remedies, but obtained no relief until I began to take Ayer's Cherry Pectoral. A few bottles of this medicine cured me."—Mrs. E. Colburn, 19 Second st., Lowell, Mass.

"For children afflicted with colds, coughs, sore throat, or croup, I do not know of any remedy which will give more speedy relief than Ayer's Cherry Pectoral. I have found it also invaluable in cases of Whooping Cough."—Ann Lovejoy, 1257 Washington street, Boston, Mass.
