GENERAL TELEGRAPHIC NEWS

PROVIDENCE, R. I., June 2.—A new and
perplexing distemper appears to have
broken out among draught horses in this
city. The third case within four days
was developed here this morning. The
animals while at work on the street are
seized with trembling and almost immediately
fall down. On being raised to their
feet one hind leg is found to be useless,
but not broken. Two of the horses which
have had the disease died in their stalls
within a few hours, and the one seized
this morning is apparently going the same
way. All three horses attacked were valuable
and belonged to the leading teaming
firms of the city. The one attacked today
was bought a few days ago and came
from the west.

A Chat About Clothing

is a dressy piece of business. You
certainly can't chat about anything
dressier or handsomer than our
snaps of the latest styles in
SUMMER SUITS, that all who see
pronounce just the outfits to wear
this season. That's our reason for
offering them, and our offers are
never refused without regret afterward.
We invariably make a hit on
style, durability and artistic
tailoring, and the more you examine
one of our Suits the more you'll
want to wear it. It's a want easily
supplied, too, because there's no
superfluous fat on our prices; they've
been trained down to the right
point for buyers, and we are selling
lower than the lowest.
