

# Speed Watch Question Again Under Discussion

At the regular meeting of the Summerside Town Council held last night Councillor Clark reported for the light committee said that good progress was being made in street lighting and commanded the citizens of the town on their attitude since the January storm. He said that the citizens have been very patient and that the council very much appreciated the attitude taken by all citizens in the efforts of the light department to restore electric lighting throughout the town.

He said that the rural lines at Long River and French River would be completed by the end of the week. Commenting on the request that electric lines be supplied to the section of North Sherbrooke Councillor Clark said that he felt that if the residents there make formal application for electric service he felt that it would be granted.

Councillor Jenkins moved that whereas it has become evident that motor vehicles are being driven through the streets of Summerside at rates of speed in excess of that permitted by the Highway Traffic Act, that the device known as the "speed watch" recently received on probation for test purposes be purchased for the sum of \$497.75.

Councillor Clark in objecting to the purchase of the device said that it was not in agreement with the ethics of the speed watch. He said he would prefer to have the town police use their best efforts to bring speeders in to court and endeavor to get a conviction in this way.

Jenkins contended that it was impossible for the town police to stand on corners and catch speeders as they had no equipment to follow offenders. He said his department is only trying to curb speeding in Summerside.

Councillor MacNeil stated that although he had voiced his disapproval of the device at the last meeting of the council he had in the meantime examined the device and found that it worked out satisfactorily. He said that he felt that speeding in the town had been curbed considerably since the speed watch had been put in operation.

**MOTIONS ADOPTED**

The motion to purchase the speed watch was passed by the council. A resolution was moved by Councillor Jenkins that tenders be called for the supplying of a new police car on terms to be presented by the present police car. The motion was passed.

On motion of Councillor Clark seconded by Councillor Jenkins, Mayor W. A. Currie was authorized to attend the 1956 convention of Canadian Federation of Mayors and Municipalities.

Councillor Lidstone introduced a resolution which was seconded by Councillor Cannon that a fee of \$125.00 per night be made, together with costs of light power and water and any resting property damage for the use of the Civic Stadium and these costs will remain in effect until such time as the council decides otherwise.

Regarding a petition received that the town lay a cement sidewalk on the north side of Notre Dame Street and on the west boundary of the Civic Stadium, it was moved by Councillor Lidstone and seconded by Councillor Cannon that the street committee be authorized to build such sidewalk along the west side of Notre Dame Street and the west boundary of the Civic Stadium.

The council was advised that 42 per cent of town taxes had been paid up to July 20th and 20 per cent of the poll taxes have been collected.

Messrs. T. L. Linkletter, F. J. MacNeil and B. Connors were appointed to form a tax appeal board to hear and consider appeals from tax assessments. Mr. Linkletter was appointed as chairman of the board at a salary of \$15.00 a sitting and the sum of \$10.00 to be paid for each sitting to each of the other members of the board.

**TO ATTEND CONVENTION**

On motion of Councillor Jenkins, Chief of Police Peter White was authorized to attend the 1956 National Police Chiefs Convention to be held in Calgary and Councillor Jenkins called the attention of the council to the fact that this authorization would not mean much of an outlay to the town as Chief White, as prosecutor for the Canadian National Railway, was entitled to a free pass both ways to the convention.

Councillor Clark said that a number of citizens have been asking about the cost of painting the flag pole at Queen Elizabeth Park. He was informed that this contract had been let out by tender for \$250.00. In commenting of this work Councillor Lidstone stated that the erection of the flag pole had been a poor job in the beginning. He said he felt that the pole would need a paint job about every two years and that it would be per haps necessary to erect a new one when it became necessary to paint it again as it should be constructed so that it could be taken down to do the job and thus eliminate the necessity of erecting a scaffold each time.

A request for extension of water and sewerage facilities on Victoria Road was deferred until the arrival of the new town manager as it was the opinion that this would one of the duties he would be familiar with.

In connection with the fee to be levied on the use of the Civic Stadium Councillor Clark inquired if the damage done to the stadium walls during the loaster carnival had been paid. Councillor Cannon said that there had been some damage done to the walls due to the fact that the guard rail had been removed and a drain dug near the walls. Cars which had been parked along the stadium had in some cases slipped into the drain and caused damage to the walls. He said he did not feel that the carnival committee should be called upon to pay all the damage done to the stadium walls.

Mayor Currie presided at last night's meeting and all councillors were present with the exception of Councillor Perry.

## Alberton Town Council Monthly Meeting Held

Mayor H. E. Barbour presided and Councillors Bonyman, Matthews and Burke were in attendance at the regular meeting of Alberton Town Council last night. Minutes of the last regular meeting and two special meetings were read by the town clerk, Henry Clarke, and recorded in the minutes of Miss Thelma Ahearn as town clerk. G. M. Johnson of Picton, N. S., town policeman and J. Ivan Nicholson as magistrate for the town.

The three councillors present were appointed to a committee to investigate the possibility of building or renting a structure with space available for an office for the policeman, council meeting room and a jail.

Bills amounting to \$688.19 were approved and ordered paid. Repairs to the Fire Hall accounted for a large part of the above amount, plus the sum of \$325.00 for new fire hose.

The relocation of one street light and the installation of three new lights was approved.

Reports from the magistrate and town policeman were received and placed on file.

**NEW YORK (AP)**—Arthur Bliss Lane, 62, a career diplomat for 31 years in the United States Foreign Service, died Sunday night in Doctors Hospital of acute hepatitis. He had been ill a week of the liver ailment. His last post was Ambassador to Poland in 1946-47.

**MAINE SPUD CROP UP**

**PRESQUE ISLE, Me. (AP)**—Maine's potato crop is estimated by marketmen here at about 50,000,000 bushels, more than 10,000,000 bushels below last year's harvest. The drop is due in part to a cut in acreage planted. The spud crop is estimated at 383,000 bushels, or 5,000,000 more than last season.

## Y's Men Win From Rotary

John Polrier, Y's Men pitcher, set the Rotary Little Leaguers down with three hits at Queen Elizabeth Park, and struck out eleven batters in the five innings of play. Y's Men beat Rotary 9-3. One of the three hits was a home run over the left field fence by Joey Trainor with two mates riding the sacks in the second inning. Geo. Dalton and Layton Souter got the other two safeties for Rotary.

"Toy" Gallant, pitching for the losers, gave up seven hits. He also whiffed eleven batters. Ronnie Duggan, Y's Men centrefielder, had a perfect 2 for 2. Keith Cameron had 2 for 2. Wayne Matheson 2 for 4, and D. Gaudet 1 for 2. Keith Cameron and Eddie Richards both made nice throws from third to nip runners at first. Ed- dia Boates was umpire.

## BIG LOBSTER BOAT BUILT

The largest lobster boat ever built at Alberton South was taken on a trial run shortly after being launched last Wednesday afternoon. Designed by Phillips Kinch of Alberton South, the sleek fishing craft is 45 feet long, with an 11 foot beam and an unusually long 10 foot stern overhang which greatly improves manoeuvrability. Located on the stern is a roomy 9 x 8 cabin fronted by a 5 x 4 pilot house. She is equipped with a 200 h.p. marine engine. With a crew of two, Ed Millman, Sr. and Louis Wedge of Alberton, the new boat left her home port Friday for the south side fishing grounds.

## CONWAY

The Anglican Picnic held at Inverness on Saturday, July 21st for St. Andrew's Church was well patronized by young and old. More than one hundred and fifty dollars was realized.

The Conway United Ladies Aid was held at the home of Mrs. Edwin Dawson on Wednesday evening, August 1st. Six members were present. Mr. Leigh Craig was devotional leader. Next meeting will be at the home of Mrs. Thomas Boyle, with Miss Pearce Craig as leader. A dainty lunch was served by the hostess, assisted by her daughter Ella.

Mrs. Frank Bulger, Foxley River, has been hired in Freeland School District for the ensuing year.

The farmers are busily engaged in taking up their hay which is a good crop in this locality. The weather has been very favourable.

The many friends of Mr. John D. Palmer (rural mail courier) are glad to know he is again able to perform his duties as courier. Mr. Palmer had a serious operation in Prince County Hospital, Summerside.

Mr. and Mrs. Howard Boyle, Mr. and Mrs. Albert Boyle and son Donnie, Kensington, were visitors at the home of Mr. and Mrs. Bradford MacKinnon on Sunday, August 5th.

Bills amounting to \$688.19 were approved and ordered paid. Repairs to the Fire Hall accounted for a large part of the above amount, plus the sum of \$325.00 for new fire hose.

The relocation of one street light and the installation of three new lights was approved.

Reports from the magistrate and town policeman were received and placed on file.
