SUPPOSED LOSS OF THE "CLANSMAN."—The *Clansman*, owned by the Hon. Wm. Richards, Bideford, has been reported at Lloyds as missing. It appears that this handsome vessel left Swansea on the 1st of February last, with a cargo of coals for Valparaiso, under the charge of Captain Gale, a most efficient and able seaman, and since that time nothing whatever has been heard of her. There can be little doubt but that she has gone down with all hands, and there is small hope of ever hearing from her again. It is supposed that the cargo caught fire, and this supposition seems very feasible as the *Clansman* was one of the strongest built vessels of her class afloat, and was well equipped in every way. We are informed that there has been a case where a vessel bound for Valparaiso was out longer than the vessel above alluded to, and we sincereiy trust that yet this fine ship will be reported safe.
