

Blood Bank Credit Greatly Overdrawn

Plans have now been completed for the fall Red Cross Blood Donor Clinics which are to be held during the first week of November. It is now six months since residents of Charlottetown and Summerside and their surrounding areas have been asked to be donors so both these places should be able to go "over the top" at the November Clinics.

Recent reports show that this year to date patients in our local hospitals have required on an average of 250 bottles of blood per month but that just 100 per month have been collected. This is adequate evidence that the province is falling far short of its monthly requirements and not living up to its pledge to supply its proportion for the armed services overseas.

In order to overcome this serious situation there will have to be at least 1,000 donors at the forthcoming clinics which are scheduled to take place in Morell, Souris, Charlottetown, the R. C. A. F. Station and Summerside. 500 of this 1,000 will have to come from Charlottetown and the surrounding areas.

Awarded Army Decoration

Captain D. D. Ross, Paymaster 5 Signal Regiment, Royal Canadian Army Corps of Signals has been awarded the Canadian Forces Decoration. It has been announced by Lt.-Col. K. M. Johnston, Officer Commanding that unit. Captain Ross joined the Canadian Army in July, 1940, following service in the N.P.A.M. and served until 1941 with the Prince Edward Island Highlanders at which time he was commissioned and transferred to the Royal Canadian Army Pay Corps. He was promoted to Captain in 1945 and returned from overseas in August, 1946, following the withdrawal of the Canadian Army of Occupation from Germany.

Following retirement from the active force he took up his present appointment.

Student At P.W.C. I. S. S. Delegate

The Prince of Wales College delegate to the International Student Service Conference, Mr. Bennett Carr, of Wheatley, left yesterday to attend the conference being held this year at Laval University in Quebec City.

P. W. C. has contributed to a fund set up by the I. S. S. to aid deserving students, but this marks the first time that a delegate has attended the national conference.

Mr. Carr has taught in this province for over four years, and returned to P. W. C. this fall to continue his studies.

Organization continued "interfering" in South Africa's domestic affairs.

Martin told the assembly that Canada will take it "as a fundamental premise that present hostilities must be limited to the Korean peninsula and that the search for an early settlement of those hostilities by negotiation at Panmunjon must be continued."

Apparently referring to the prisoner-of-war question, Martin said only one issue is holding up a truce. There should be a way "to resolve this sole remaining sticking point if there is a real desire on both sides to come to an agreement."

P.E.I. Libraries Convention Held

The annual convention of the Prince Edward Island Libraries was held at Library Headquarters, Charlottetown, on October 15 and 16. Mr. Bramwell Chandler, the librarian, opened the sessions with a report on the activities of the library during the year. Noteworthy among them were the renovations to the Children's Department of the Charlottetown Public Library, and the purchase of separate buildings for the Harbor and Murray River; the latter is expected to be in use before the end of the year.

He mentioned the special publicity projects carried out by headquarters—a broadcast on the library during the year. Note-worthy among them were the renovations to the Children's Department of the Charlottetown Public Library, and the purchase of separate buildings for the Harbor and Murray River; the latter is expected to be in use before the end of the year.

Noteworthy among them were the renovations to the Children's Department of the Charlottetown Public Library, and the purchase of separate buildings for the Harbor and Murray River; the latter is expected to be in use before the end of the year.

On Thursday morning the librarians met again, and discussed many practical details of their work, such as the celebration of Young Canada's Book Week, and ways of keeping their readers supplied with good books. Miss Eva Dyer of Alberton received congratulations on having completed Part I of the Correspondence Courses. Miss Dyer and others who have taken the courses remarked that they found them very helpful towards an understanding of the work of a librarian.

In a round-table discussion of Canadian books, led by Miss Dorothy Cullen, each librarian gave a short review of a Canadian book. Among those mentioned were: "The Story of the Deer by Farley Mowat," "The Stream Runs Fast by Nellie McClung, Deep Doorways by Dorothy Dumble, and other novels, biography, poetry and travel books.

Librarians attending the convention were Mrs. Oliver Giddings, Murray River, Mrs. Laura MacLean, Montague, Miss Genevieve Solomon, Georgetown; Mrs. J. G. Townsend, Kensington; Miss Amy Burrows, Summerside; Mrs. John Moreside, O'Leary; Miss Eva I. Dyer, Alberton and Miss Jean Gill, Summerside. Miss Mary Newsom, Miss Louise Hazard of the Legislative and Public Library, Charlottetown.

He was transferred to the "C. D. Howe" as Chief Officer when she was commissioned three years ago, and last spring took over as Master of the vessel, which carries a crew of 60, mostly from Quebec, the "Skipper" who hails from Halifax, being the only Maritimer.

The "Howe" is equipped with the latest in modern navigation gadgets including Sperry gyro compass, depth recovery equipment with a range of 720 fathoms, Masthead scanner equipment which penetrates fog, rain and darkness in any direction. It is turned for a distance of 23 miles and shows everything right on the bridge within sight of the man at the wheel. A Marconi 14 inch screen Radar outfit with a range of 20 miles, is also used as additional equipment.

Also from the bridge, there is an installation of fire locating equipment leading from 10 key points which is capable of registering an alarm and indicating where smoke is, even to that from a cigarette.

Mr. Paul Laroche, radio inspector with headquarters at Quebec City recalled his first trip to Charlottetown, when he was wireless operator on the customs cruiser "Margaret", and the pleasant summer he enjoyed with friends when the ship docked here from time to time.

The "C. D. Howe" is now load-

Decrease Shown In Traffic Figures

Heavy shipments of roughwood last year when 376 carloads were shipped from here were responsible for a decrease in traffic exported from the Province last month. There were only 17 carloads shipped this year. The total number of cars shipped in September was 493, while in the same month of 1951 there were 739. The figures are for traffic on the P.E.I. car ferry route between Borden and Cape Tormentine.

Imports showed a large increase with 1,647 carloads arriving in Prince Edward Island this September compared to the 1,168 in the comparable month last year. One of the factors was the great amount of street work being done. This September there were 202 cars of sand, stone and gravel arriving and in the same month of last year there were only 46.

Shipments of potatoes were much heavier this September with 134 carloads going forward compared to 14 last year. Other commodities exported, with 1951 September figures in brackets, were: livestock 90 (92); meats 12 (21); starch 0 (8); turnips 74 (66); machinery 6 (2); scrap iron 13 (18).

The principal imports were autos 76 (30); coal 240 (166); flour and feed 170 (173); gas and oils 190 (197); lumber 52 (35); machinery 28 (7); sugar 23 (16); ties 33 (0); railway material 12 (30); canned goods 41 (29); brick and
