57-58 Car Owners

Recent advances in tire-making bring you this great replacement tire for only $22.90

For their 1957 models, car-makers asked for a totally new kind of tire. They asked that it be 14 inch . . . tubeless . . . with finer tread compounds and a super-strength body to meet the increasing demands of modern motoring.

Goodyear delivered! The Goodyear tires on late model cars are built with new rubbers, new chemicals, new cords, new engineering!

Today—nearly three years later—it's time to take a good long look at those tires. Most '57 cars . . . and some '58's have travelled far and fast.

If you need new tires, remember this: you can buy Goodyear replacement tires now with all of the recent advances in tire-making—at *big savings.*

The most popular example . . . the Safety All-Weather. It's built and guaranteed by Goodyear, Canada's largest tire-maker . . . and supplier of new car tires.

ALL THESE FINE TIRE FEATURES AT THIS LOW MONEY-SAVING PRICE

- Goodyear's newest and best rubber compounds for extra wear-resistance
- 4 husky plies of *new 3-T cord*—triple-tempered for extra strength and resiliency
- Extra layer of rubber between the tread and the cord body—cushions shocks and provides an added measure of safety
- Thick, long-wearing tread—one of the latest non-skid designs
- The quality tire you need for the thousands of miles left in your late model car

SIZE 7.50/14 TUBELESS

Fits most '57 (or newer) Chevrolets, Pontiacs, Plymouths, Dodges, Fords, Meteors, and some Ramblers, Studebakers and Edsels.
