THE BOER EXPOSED

Revelations of Base Trickery and Subornation.

JOHANNESBURG, via Newcastle, Natal, Aug 21.—The Star publishes sensational affidavits proving unquestionably that the recent alleged conspiracy against the Government was manufactured by state detectives and secret service agents with the deliberate object of diverting attention from the shortcomings of the Government and gaining sympathy from the world at a critical moment in its history.

Agents provocateurs were busily at work inspiring the bogus plot, magnifying it to the dimensions of Jameson raid, implicating capitalists on the Rand, the South African League, and the Imperial Government, and hoping thereby to defeat the Ulander movement and st. engineering the hands of the clique in power.

The story of Nicholls, the principal prisoner, of his experiences in prison, and attempts on the part of some of his fellow-prisoners (really secret spies), by means of threats, cajolery, entreaty, and persuasion, to extort from him evidence, true or false, of the character desired by the Government.

All the affidavits expose this miserable intrigue. The most important witness, Bundy, alleges that the detectives reproved him for not implicating the league. The Public Prosecutor, M. De Villiers, urged him to try and show its complicity.

Taart Kruger, a son of the President, and chief of the Secret Service Department, offered him £200 and a good billet in the Government service in the event of his proving that the plot was a case of conspiracy on the part of the British Government, the idea being that the revelation would strengthen the President's hands.

The disclosures have created an enormous sensation. The Star says:—

"The squalid tale now unfolded has rarely been surpassed in the country as a revelation of shameless imposture and unscrupulous trickery by responsible agents of a Government supposed to be civilized."

"That the President's son, a paid official of the State, should offer a reward for the manufacture of evidence implicating a friendly state is not an everyday matter like the ill treatment of a Kaffir."

Damage By Hurricane.

LONDON, August 20.—The administrator of the Government of the Leeward Islands reports that the recent hurricane caused awful destruction of property of all kinds. The sugar works and lime juice factories were completely destroyed. None of the planters are in a position to employ labor, and consequently the working classes are suffering. It is impossible to exaggerate the destitution.

NEWS NOTES.

The Manchester ship canal made a profit on its last half year's working of \$275,000, out of which the company was able to pay the interest on its first and second mortgage debentures, and \$50,000 on account of the debentures held by the city of Manchester. There is not much prospect of the ordinary shareholder getting any interest for a long time to come.

The words of praise bestowed upon Hood's Sarsaparilla by those who have used it proved the merit of the medicine.

The Peoples' Druggist

Drugs are expensive. Sometimes they are more expensive than need be. And sometimes they are not so reliable as they ought to be.

There was a time when the prices of drugs were away up—too high altogether.

That is not the case now. The Apothecaries Hall changed that some time ago. You can get prescriptions from pure drugs at the proper prices—no fancy profits. You can get all my reliable special remedies; they've been tried and found effective.

The price—the main thing—will be found right in every case.

HOW LONG? AYE HOW LONG?

An old one of the principles of the Liberal party is still supposed to be rigid economy.

"Yet after three years of the dominance of the French and Maritme wing of the Liberal party, what do we find?"

"Without counting the railway subsidies, the expenditures in 1896 was \$40,867,638.

"In 1899 it is \$53,523,893.

"The difference is \$12,656,255.

"There is a question in simple proportion which any school-boy can answer:—

"If the new Liberals increase the national expenditure \$12,656,255 in three years, how much will they increase it if, like their Conservative predecessors, they remain in power eighteen years?"

"Truly might Laurier say, like R. Thoburn of old: My father made your yoke heavy, and I will add to your yoke; my father also chastised you with whips, but I will chastise you with scorpions."

"How long can a country with a population of six millions go on at this rate?"

A VANCOUVER LADY

Cured of Asthma After Eight Years of Almost Constant Suffering—She Says the Absolute Freedom From the Disease Seems Like a Dream—Clarke's Kola Compound Cures.

Mrs. J. Wise, Mt. Pleasant, Vancouver, B.C. writes: "I have been a great sufferer from bronchial asthma for the past eight years, many times having to sit up nearly all night. Through the advice of a friend who had been cured by Clarke's Kola Compound I resolved as a last resort to try it. The first bottle did not relieve me much, but before I had finished the third bottle the attacks ceased altogether, and during the past six months of damp and cold weather have not had a single attack. It seems something like a dream to be free from this worst of all diseases after so many years of suffering. I have since my recovery recommended this remedy to others suffering as I was, and know many others in this city whom it has cured. I consider it a marvelous remedy, and would urge any person suffering from this disease to try it."

Three bottles are guaranteed to cure. A free sample bottle of Clarke's Kola Compound will be sent to any person who has asthma, mentioning this paper. Address the Griffiths & Macpherson Co., sole Canadian agents, 121 Church-street, Toronto, Ont.

Clarke's Kola Compound should not be confounded with the other Kola Preparations on the market, as this is altogether a different preparation, designated especially for the cure of asthma. All druggists. Price \$2.00 per bottle.

FOR SALE.

That valuable freehold farm, situated on the St. Peter's Road, eight miles from Charlottetown, which was owned by the late Henry M. McLeod. This is one of the most desirable farms ever offered for sale in this province. It is situated in the nicest farming section in Queen's County. It consists of 125 acres, 25 of which are in a high state of cultivation, the balance being covered with hard and soft wood. It is well fenced with spruce hedges and has a large orchard. Railway Station, Queen's County Court House and School House all on the premises; wharf and cheese factory are within easy reach. The dwelling house and barns are all that can be desired and are in good repair. Intending purchasers must see the property to appreciate the many advantages it offers to the aspiring agriculturist. The property may be inspected any day up to the first of September, when to parties interested full particulars and terms will be given by the undersigned.

Another farm of sixty acres half a mile from the above with three never failing springs of water will be sold separately or in connection if desired.

"Let the Searchlight of Practical Illumination the dark places of Theory"

A THOROUGHLY Progressive Practical Institution in which young men and women are not only taught Bookkeeping (in all its applications to Commerce) both by single and double entry, but are trained how to do business by actual business transactions. The students act as buyers, sellers, traders, bankers, book-keepers and accountants in actual business operations, and the currency issued by the College Bank, and the notes issued from the Emorium are used in bona-fide business transactions. Just the same as in mercantile and banking houses. Book-keeping in itself may be learned at home, but a knowledge of how to transact business cannot be thus acquired. That our course and system of training is eminently practical write testimonials from business men and from students who are now holding lucrative and responsible positions.

SUBJECTS:
Book-keeping by single and double entry (theoretical and practical) Actual Business Practice, Business Penmanship, Business Correspondence, Commercial Arithmetic, Commercial Law, Railroading, Steamboating, Banking (actual practice in the College Bank), Typewriting, Spelling, and Navigation.

FACULTY:
I. B. Miller, Principal, Teacher of Book-keeping, Arithmetic, Business Practice, Business Correspondence, Typewriting and Navigation.
A. C. McMillan, Vice Principal, Teacher of Railroading, Steamboating, Banking, Accounting and Actual Business Practice.
J. Harry Williams, teacher of Business Penmanship.
Wm. Moran [License] Teacher of Short-hand.
George S. Enman, Esq., [Law Firm McDonald & Inman] Lecturer on Commercial Law

For circulars or full information write or apply to
L. B. MILLER, Principal

All interested are cordially invited to call the College and inspect our system of training and work in general.
