

THE DAILY EXAMINER. SEPTEMBER 2, 1890.

The Jamaica Exhibition.

We have no doubt that the Charlottetown Board of Trade will heartily co-operate with the Honorary Canadian Commissioner to the exhibition to be held at Jamaica in any reasonable measures which may be taken to have Canada well represented.

Notes and Comments.

The Summerville Pioneer asks, "shall we bless or curse?" Well as far as the country is concerned it doesn't matter; but for the sake of the Pioneer we say "bless and curse not."

Artistic circles in Paris are somewhat excited over the discovery that the name of the painter Courbet has been forged to a number of pictures. So bold were the imitators that they ventured to send one of their works to the Paris exhibition, where it was accepted, the same jury refusing a place to a genuine painting by the artist.

Herr Ritter, a Free Conservative member of the lower house of the Prussian Diet, in a speech recently, said that from personal observations in state councils he had the highest appreciation of the Emperor. No German had devoted himself so exclusively with every fiber of his being and all the warmth of his heart to further the nation's welfare.

The Ottawa Citizen believes those Liberal journals which are concerning themselves about an early dissolution of Parliament to be unnecessarily worried. It points out that "Sir John Macdonald is attending to the business of the country, Mr. Colby is in England, Sir Hector Langevin will be in British Columbia until well on in October, Mr. Bowell will be in the Northwest until late in October, and other ministers are arranging for the coming session, the estimates having been run out and adopted in many cases; and, altogether, putting two and two together, we scarcely think that the fighting men of the Conservative party need put on their armor just yet.

Some idea of the tyranny now suffered by the Jews in Russia may be obtained by considering the fact that there are 4,000,000 of them in the Empire, and all of them are required to reside in certain specified towns. Those who own or lease land must give it up, their property as landlords, farmers, or agricultural laborers, being practically confiscated. They are forbidden to have anything to do with mines, or even to own mining stock.

The Springfield Republican thus outlines the revelations of the census in Vermont: "Two counties at least—Orange and Windsor—both of which are largely devoted to agricultural pursuits, will show a large falling off in population, the loss being reckoned at 6,000 or 8,000, while Bennington and Addison counties, on the west side of the mountain, suffer similar losses, though possibly not quite so heavy in the aggregate. Only 58 of the 247 towns in the state show a gain in population.

The St. John Telegraph says:—"The Furness Line, during the past five years, has rendered good service to St. John, and the enterprising proprietor is in no way dismayed by the loss of one vessel of his fine fleet, after so long an exemption from serious accident. Immediately Mr. Furness was notified of the probable total loss of the Uluda, he cabled Messrs. Scheffeld & Co., his agents here, that another steamer would promptly sail from London to take her place.

BOARD OF FIRE WARDENS.

Meeting Last Evening—More Hoses Wanted—A Resolution of Condolence.

The meeting of the Board of Fire Wardens, held last evening, was well attended. Chief Engineer Large occupied the chair. He said that the meeting had been called for the purpose of providing for an investigation into the matter of the late fire, and read a letter from Mr. Angus, Secretary of the Board of Fire Underwriters, requesting them to take such action. It was decided to advise the City Council to offer a reward of \$300 for information which would lead to the detection of the incendiary, and to hold an investigation whenever it was advisable so to do.

The Chief Engineer informed the Board that he had entered into communication with the Chairman of the Finance Committee for the purpose of obtaining four hundred feet more hose, and that an order had been sent to Toronto in accordance with his request.

It was moved by Dr. C. L. Strickland, seconded by A. D. White, that the following expression of sympathy and condolence be sent to the parents of the deceased fireman, Theophilus J. Farquharson:—

"We, the undersigned Fire Wardens of the City of Charlottetown, are called upon, on the death of your son, Theophilus J. Farquharson, to tender you, his parents, our heartfelt sympathy in your distressing and affliction, and at the same time to record our grateful appreciation of his many good qualities. In him we recognize a brave and fearless fireman, who, in his heroic efforts to save life at the fire on Saturday night, lost his own."

Rifle Matches.

No. 2 Battery, G. A., fired the last match of their series for this season yesterday forenoon. There was a heavy wind and squalls of rain, so that the scores were lower than usual. The top scores were: Johnston 76, and Ramsay 72. Gunner Ramsay takes the Captain's badge for the non-commissioned officer or gunner making the best aggregate score in all the matches. His total was 302 points. Gunner Johnston came next with 298; Gunner Prowse, third, 287; Sergt. Alley and Gunner Lane, fourth and fifth, with 286 each; Gunner McNevin, sixth, 268; Sergt. Wheat, seventh, 231, and Sergt. Coffin, eighth, 214.

The annual prize meeting came off in the afternoon, ranges 100, 200, 300 and 400 yards, 5 shots at each. Highest possible, 80 points. Following are the scores:—

Table with 2 columns: Name and Score. Capt J A Longworth 71, Lieut F W L Moore 67, Gunner Ramsay 61, Sergt Alley 59, Gunner Lane 59, Johnstone 58, Gill 58, Prowse 58, Burke 56, Sergt Coffin 56, Gunner Peake 52, Moore 52, McNevin 52, Lieut T Dover 52, Gunner Sentaer 51, Slackford 51, Cameron 49, Sergt Wheat 46, Gunner Sprague 46, Corpl Quigley 44, Gunner J McLaren 44, Fraser 42, Corpl D Cameron 45, Gunner Wood 34, J A McDonald 30, McLeod 29, J Gunn 27, McFarlane 26, McEachern 24.

All above 40 points are rated first-class shots. The Captain retains the Battery Cup, which he has held for several years.

New Dwelling Houses Building at Souris This Summer.

Presbyterian Minister Cameron's, a two storey building with large kitchen, and a verandah extending along the front of both. Builder, W. R. Dingwell. The work is being done in Mr. Dingwell's usual artistic style.

George B. McEachen's, a stylish cottage with bay windows, wing and basement. Builder, James McEachen, whose reputation as a first-class mechanic is sufficient guarantee that this house is well and substantially built.

Mr. F. Morrow is also putting up a house to let near his own residence. Builder, Alex Gillis, whose mechanical skill is well known all over the country.

The Knight estate is also erecting a new house on Chapel Street.

Fell a Thousand Feet.

The Italian aeronaut, Barletti, made an ascent from the public gardens at Ibralia, on the 28th ult., suspended from his balloon, without a parachute. When at the height of about 1000 feet from the ground the balloon, which had been inflated by burning straw, took fire and was rapidly consumed. Barletti was precipitated on a small island in the Danube, opposite the town, and was instantly killed. His body, when recovered, was found to be frightfully mutilated.

The St. John Telegraph says:—"The Furness Line, during the past five years, has rendered good service to St. John, and the enterprising proprietor is in no way dismayed by the loss of one vessel of his fine fleet, after so long an exemption from serious accident. Immediately Mr. Furness was notified of the probable total loss of the Uluda, he cabled Messrs. Scheffeld & Co., his agents here, that another steamer would promptly sail from London to take her place. This steamer, the Mandalay, is slightly larger than the Uluda and but four years old, having been built one year later than the latter. Great credit is due the Furness company for this promptness, by which the continuity of the service will be maintained."

Exhibition Notes.

There was a large market to-day and a great many country people in town. The Exhibition Secretary's office was thronged by exhibitors for the approaching Exhibition, opening at Charlottetown on the 30th of September, inst.

The fact that over \$4,000 in cash premiums will be awarded to successful competitors has aroused a spirit of keen competition among the people. Prize lists have been applied for by postal cards and mailed to applicants, with entry forms enclosed, from intending exhibitors in every section of the Province.

Live Stock entries are now being received. The exhibition news from Prince and King's Counties shows that some of the very best stockraisers from those Counties, as well as from Queen's, will enter into friendly competition with each other on the new grounds of the Provincial Exhibition at Charlottetown on the 30th.

There are but six more market days until the time for closing all entries for the Exhibition. It is therefore in the interests of exhibitors that we would impress upon them the advantages that will follow the placing of their entries in all the classes of the Exhibition at as early a date as possible.

Mr. Brown, M. P., the Honorary Commissioner of the Dominion Government, will arrive here this evening in the interest of the Jamaica Exhibition. Exhibits from this, as well as from the sister Provinces, will no doubt be selected at our Provincial Exhibition for Jamaica, and as our former occasions, will be creditable to our people.

Rev. Dr. Macrae, Ex-moderator of the General Assembly of the Presbyterian Church, and one of the leading men of the Church in Canada, has been on a visit to P. E. Island, the guest of Rev. James Carruthers. He leaves to-morrow morning for his home in St. John.

Adam Brown, M. P., Canadian Agent for the management of the Dominion Exhibit at the Jamaica Exhibition, will arrive here this evening, and will consult with the Charlottetown Board of Trade and other gentlemen interested at their room, at eight o'clock.
