The morning service dealt with the story of the Prodigal Son, and was under the head "Returning Sanity." The subject of the evening's discourse was "The young man's aspirations and Ideals."

THE GASPESIA.—The chances of the Gaspesia getting out of the ice are favorable. On Friday night the ice loosened and she got up steam and sailed two miles. The Stanley was on Saturday ordered to the assistance of the Gaspesia, but the order has since been countermanded and the steamer is still on the Georgetown-Pictou route.

BARN BURNED.—On Saturday night a barn owned by Mr. Charles McLeod, on the Glascoo Road was burned, down. In the afternoon threshing had been done in the barn but the work was finished about four p. m. Although a very busy man, Dr. R. V. Pierce, of Buffalo, N. Y., has found time in which to write a great book of over a thousand pages entitled, *The People's Common Sense Medical Adviser*, in Plain English, or *Medicine Simplified*. Few books printed in the English language have reached so great a sale as has this popular work, over 680,000 have been sold at \$1.50 each. The profits on this enormous sale having repaid its author for the great amount of labor and money expended on its production he has now decided to give away, absolutely free, 500,000 copies of this valuable book, the recipient only being required to mail to the World's Dispensary Medical Association, Buffalo, N. Y., of which company he is president, 31 cent stamps, to cover cost of mailing only, and the book will be sent postpaid. It is a veritable medical library, complete in one volume. It contains 1008 large pages, and over 300 illustrations, some of them in colors. The Free Edition is precisely the same as that sold at \$1.50 except only that the book is bound in strong manilla paper covers, instead of cloth. It is not often that our readers have an opportunity to obtain a valuable book on such generous terms, and we predict that few will miss availing themselves of the unusual and liberal offer to which we have called their attention.

ST. PETER'S MISSION.

Large Congregations—Address on "Purity" in the Afternoon.

St. Peter's mission services were all well attended yesterday. Notwithstanding the very disagreeable weather nearly five hundred men assembled in the Opera House at 4 o'clock in the afternoon to hear Father Conran speak on "Purity". He first spoke on the sinfulness of impurity and then what can be done for its prevention. Rev. Mr. Simpson explained that he had taken the Opera House for this service, for two reasons; first because of its central situation, and secondly some people would not go to St. Peter's Church. The hymns were played on the organ by Mr. Charles Hine, and the singing was led by Rev. T. H. Hunt. The service in St. Peter's Church on Saturday evening was also for men.

Last evening the missioner continued his addresses on the temptation and fall of Adam and Eve, and at the instruction afterwards spoke on attendance at Holy Communion. The missioner also preached at the morning service yesterday.

Today and tomorrow are the last preaching days of the mission, and the mission will close with celebration of Holy Communion at 7 o'clock and 7.45 on Wednesday morning. Public instruction will be held as usual this afternoon and tomorrow afternoon, and mission service and sermon tonight and tomorrow night. Collections will be taken at the services on Tuesday night and Wednesday morning to defray expenses of the mission.

THOSE ENGLISH CHILDREN

Sir,—I notice that Mrs. Hogg advertises that she will have children for adoption on arrival from Liverpool in the spring, and that persons desiring to adopt them must have a clergyman's certificate of recommendation accompany application in order to have it considered. Now sir I would like to ask if a clergyman's certificate also accompanies the child for adoption, and if so whether it contains the pedigree of the parents of said child? If not I consider that persons adopting them without any safeguard of this kind are taking great chances of adopting trouble into their homes. It is a well known fact that many of these children are not born of the best parentage, and if so what can be expected of the offspring. It is well known that on this Island, as well as elsewhere, many of these children have not turned out satisfactorily and people who think of taking them into their homes should consider what they are doing.

The proprietors of the Fall Mall Magazine have commissioned Mr. William Archer, the well-known dramatic and literary critic, to visit the United States for the purpose of writing a short series of articles on the Stage in America. The yearly increasing theatrical intercourse between England and America should make the results of Mr. Archer's tour of interest to theatre goers on both sides of the Atlantic.

DEAR SIR,—I was for seven years a sufferer from Bronchial trouble, and would be so hoarse at times that I could scarcely speak above a whisper. I got no relief from anything till I tried your MINARD'S HONEY BALM. Two bottles gave relief and six bottles made a complete cure. I would heartily recommend it to any one suffering from throat or lung trouble.

THIS EVENING.—The concert in A. O. H. hall.

THE STANLEY left Pictou for Georgetown this morning. At two o'clock this afternoon she was reported in the ice of Guernsey Cove.

HOCKEY NOTICE.—If it freezes to-night or early tomorrow morning the hockey match for the trophy will come off as advertised tomorrow, Tuesday, night. If it does not freeze the match will be postponed, and due notice of the same will appear in tomorrow's papers.

THE STAGE.—Mr. Flockton, the clever actor who spends so much of his time at Fortune each year, expects to bring a comedy and vaudeville company to Charlottetown next season, when a series of performances will be given in the Opera House.

IN HER OLD DAYS.—A correspondent informs the Guardian that Mrs. Andrew Thompson, of Trigon, who is over 80 years of age and was for several years totally blind, has recently recovered her sight so as to be able to see almost as well as ever. Besides this she has cut a new tooth within the past four weeks.

ST. DUNSTON'S CATHEDRAL.—The third of the series of Lenten sermons was delivered last evening to a large congregation. The preacher was Father Campbell, of St. Dunstan's College, and the theme, "The Infallibility of the Pope." Father Campbell's presentation of Catholic belief upon this point was scholarly and eloquent.

HOCKEY.—A match game of hockey was played in Hillsborough rink on Saturday morning between the Jr. Abegweits and the second team of the West Kent School, which resulted in a victory for the Jr's, the score being 4 to 2. The game was lively throughout, fine play being done on both sides. This Jr. team will go to Souris next Wednesday and play the Jr. team of that place.

MARITIME STOCK BREEDERS.—At the annual meeting of the Stock Breeders Association of the Maritime Provinces held at Sussex last week Mr. E. R. Brow, of Charlottetown, was chosen vice-president for Prince Edward Island, and Senator Ferguson, F. G. Boyer, and J. W. Calbeck were elected directors. Messrs F. L. Hazard and E. R. Brow were chosen representatives of the Association at the P. E. Island exhibition.

MISTOOK THE WORDS.—A young countryman had promised to contribute \$2 to a fund to buy music books as soon as he disposed of a calf, but failed to do so. He went to choir practice one night a little late, and just as he entered the door the choir began to sing the well-known Sunday school song, "The Half was Never Sold." This sounded to him like "The Calf was Never Sold," and he started in to thrash several of the young men in the choir.

FIRST METHODIST CHURCH.—In the service in the First Methodist Church, last evening, the pastor referred feelingly to the loss of the S. S. Labrador, dwelling on the fact that six prominent citizens of Charlottetown were among her passengers, three of whom were members of the First Church, and asked the congregation, as an expression of gratitude to God for preserving the lives of our fellow citizens, to sing the long-metres doxology "praise God from Whom all Blessings flow." This was done heartily by the congregation, and, in the opening invocation, the pastor, thanked God for His providential care of those who had gone down upon the sea in ships, and asked that they might be restored to their city and homes in safety.

CARTER'S SEED CATALOGUE.—This valuable publication for 1899 has been issued, and a copy has been received by THE EXAMINER. The catalogue contains much valuable information regarding garden, farm and flower seeds and where to obtain them. The illustrations are excellent in every respect; and the printing is highly creditable to Messrs. Murley & Garnham. The Messrs Carter have been in the seed business for a good many years, and their seeds have generally given satisfaction. It should not be necessary to add that the local dealers should receive the patronage of the people, providing always that they sell reliable seeds at reasonable prices.
