A monster meeting was to be held in Charlottetown in the Temperance Hall, on the evening of Monday last, (8th) to settle the difficulties that have lately arisen in connection with Major Pollard. Great excitement prevailed among the Volunteers.

A project is on foot to establish a Telegraph Line between this place and Alberton. The work will be commenced early this summer.

A man named Carroll, a butcher, of Charlottetown, last week cut his throat almost fatally. Next day he attempted to hang himself, and is now in jail for an attempt at violence on the person of others.

The bridge across our Bay is at last beginning to move. Travelling on it is now unsafe. The ice seems to have all disappeared in the gulf.

We are indebted to James Greenough, Esq., for late Boston papers.

We learn that Charles Green, Esq., has received the appointment of Comptroller of Customs for this port.

Drowned.—We learn that two men, named Murray and Lesbon, of New Westshire Road, were drowned by falling into the ice near North River Bridge, on Monday night last.

To Correspondents.—"A Farmer" in type, but crowded out in consequence of a rush of advertisements. "Spectator" will appear next week. Several other communications on hand will receive attention as soon as space will admit.

The Rev. Mr. Freeman will preach (D.V.) in the Summerside Grammar School, Summerside, on Sunday next, at 11 o'clock, a. m. and in the Court House, St. Eleanor's at 3, p. m.

D. Crawford will preach in the Christian Meeting House, Summerside, on Lord's Day next, morning and evening, at the usual hours.

We have received several Circulars by the last mail. One from Thomas Hanford, Esq., of St. John, N. B., one from C. L. Richards, of the same place, and one from E. Morrison, of Halifax, N. S. They give the latest market prices, and will be found very useful to our merchants.

Watson's New Shop.—We are glad to see that our enterprising townsman, William B. Watson, Esq., has removed his business to his new brick premises on Queen Street. The present shop is somewhat smaller than the old one, but its internal arrangements are more tasteful and highly finished. The office is a model of compactness, neatness and convenience. With the exception of the counter-tops and show cases which are black walnut, all the inside work is painted white (enamel), while the edges of the shelves, &c., are covered with gilt. This establishment is certainly the handsomest in the city, and at night its brilliant front presents an agreeable contrast to the darkness of the burnt district. Mr. Watson's customers—both new and old—will find his shop well tended and well filled with the best of everything in his line of business.—Pat.

Coughs.—The administration of Medicinal preparations in the form of a lozenge is of all modes the most eligible and convenient, more especially as regards a cough remedy. "Browns Bronchial Troches" or Cough Lozenges, allay irritation which induces coughing, giving instant relief in Bronchitis, Hoarseness, Influenza, and Consumptive and Asthmatic complaints.

Much sickness with children as well as adults, attributed to other causes, is occasioned by worms. Browns "Vermifuge Comfits" are effectual in destroying worms, and can do no possible injury to the most delicate child. I have been troubled with Erysipelas in my eye for several years and could get no relief until I used J. B. Ellich's Golden Ointment which has effected a cure.

The best and surest remedy in the world for all diseases with which children are afflicted during the process of teething, is Mrs. Winslow's Soothing Syrup. It not only relieves the child from pain, but invigorates the stomach and bowels, cures whooping cough, and giving quiet sleep to the child, gives rest to the mother. Perfectly safe in all cases. Thirty-five cents a Bottle.
