Victoria Coal Company,

SYDNEY, C. B.

THE Subscribers having been appointed Agents for the Lessee of the above Mines, are prepared to issue orders for Round & Slack Coal.

This Coal is becoming very favorably known, has proved of superior quality, both for domestic and steam purposes, and given, in all cases, the highest satisfaction.

Professor Dawson, in his report on the Victoria Coal Mines, says:—"The Coke is vesicular and of excellent quality, and leaves very little ashes, so that, on the whole, it may be regarded as one of the finest coals of Cape Breton for any uses to which Bituminous Coal is applied." Persons using it for grates and other domestic purposes agree, also, in saying that it burns quite as well, and can scarcely be distinguished from, the OLD MINES Sydney Coal.

Priced of Round Coal, f. o. b., \$1.70 per 2,240 lbs.

The Company's Shipping Wharf, inside South Bar, Sydney Harbor, has capacious accommodation for vessels drawing 25 feet.

SYDNEY COAL.

REDUCTION IN PRICE!

NOTICE TO THE PUBLIC!

THE GENERAL MINING ASSOCIATION (Limited) beg to intimate to the Public that the price of SYDNEY COAL has been

Reduced to \$2 per ton of 2240 lbs., a price which it is hoped will place it within the reach of all consumers.

The opening of the new winning at "THE SYDNEY MINES" and the fact that the SYDNEY COAL now being shipped is all from the DEEP taken in connection with recent improvements in the process of screening, affords purchasers a positive guarantee of the very superior quality and condition of the SYDNEY COAL now offered for sale.

It is a well-known fact that for many years past the prices of other Cape Breton coals have been regulated by the rates fixed for SYDNEY COAL; but while it is true that other coals, to get a sale at all, have been pressed on the market at various prices under the current rate of SYDNEY COAL, it is no less true that, taking into account the superior lasting qualities of SYDNEY COAL when compared with other Cape Breton coals, the advantage, both as to economy and convenience, is in favor of SYDNEY COAL, even at a much higher price.

The General Mining Association (Limited) regret that they should again have to caution the Public against the attempts being made from time to time to induce them to buy inferior coals purporting to be "EQUAL TO SYDNEY," "SUPERIOR TO SYDNEY," etc., etc., while some yet more unscrupulous vendors have not hesitated to advertise their coal as SYDNEY COAL (from some designated locality). All these efforts to sell coal by such means are only so many admissions on the part of those who make them of the STANDARD character of SYDNEY COAL.

It has come to the knowledge of the Association that in frequent instances parties giving orders to truckmen and others for SYDNEY COAL have been furnished with other and inferior coal. The Public are cautioned against permitting themselves to be imposed upon in this way.

Every vessel loaded at THE SYDNEY MINES is furnished with a certificate of the cargo being Sydney Coal. Parties purchasing should satisfy themselves by demanding the production of this certificate.

The "Sydney Coal" is registered under the laws of the Dominion, and unauthorized parties using the Trade Mark "SYDNEY COAL" are liable to prosecution.

THIS DISCOVERY

is the result of a series of Scientific Experiments based upon the theory that "for the successful cure of Wasting Diseases, the nervous system must be made vigorous and healthy."

One of the first symptoms of disease affecting either the Liver, Lungs, Heart, Stomach, or Genital Organs, is a loss of nervous power. This is followed by muscular relaxation, weakness, and emaciation of all the organs which depend for health on involuntary muscular action, the weaker suffering first.

Now, as the muscles and nerves depend so much upon each other for efficient strength and action, and as the organs they control depend on both, it becomes an actual necessity to treat the nerves and muscles directly, in order to speedily and permanently cure diseases of the above-named organs.

The inventor, acting upon these ideas, after months of experience, during which time he had ample opportunity for trying the effect of his discovery, became convinced that no other preparation known contained so potent and direct an effect upon the nervous system as his

Compound Syrup of Hypo-phosphites,

and except in cases of actual organic loss, that it would restore patients suffering from those maladies.

Amongst the diseases overcome by the use of this remedy are the following:—

- Chronic Constipation,
- Chronic Dyspepsia,
- Asthma,
- Chronic Bronchitis,
- Consumption,
- Chronic Diarrhoea,
- Chronic Laryngitis,
- Melancholy,
- Nervous Debility

FELLOWS' Compound Syrup of Hypo-phosphites.

The power of arresting diseases displayed by this preparation is honorably acknowledged by the medical faculty in every section where it has been introduced; and the large sale is the best guarantee of the estimation in which it is held by the public.

This Syrup will cure Pulmonary Consumption in the first and second stages, will give great relief and prolong life on the third. It will cure Asthma, Bronchitis, Laryngitis, and coughs. It will cure all diseases originating from want of Muscular Action and Nervous Force.

Do not be deceived by remedies bearing a similar name; no other preparation is a substitute for this under any circumstances.

Look out for the name and address, J. I. FELLOWS', St. John, N. B., on the yellow wrapper in watermark, which is seen by holding the paper before the light.

Price, \$1.50 per Bottle; six for \$7.50. Sold by all Druggists.
