Summerside bond issue of \$475,000, was accepted by the Summerside Town Council at a meeting yesterday at noon.

The town first called for tenders on the bond issue at 3 1/2 percent and 4 percent about the time the Bank of Canada announced an increase in interest rates.

When no bids were received the interest rate was increased to 4 1/2 and 4 3/4 percent, and the closing date of tenders was extended.

The thirty-day option in the tender accepted yesterday means that the purchasing syndicate has thirty days in which to make a final decision on the purchase of the bonds at the price quoted. If within that time they decline to purchase the bond issue, new tenders will have to be called.

One other bid on the debentures was received by the town, but was less favorable than the one accepted. The motion to accept the bid of the Dominion Securities Ltd. syndicate was made by Councillor

J. L. MacDougall, chairman of the finance committee, and seconded by Councillor W. E. Jenkins. The meeting was presided over by

Mayor W. A. Currie, and Councillors MacDougall, Jenkins, Lidstone and Clark were present.
