

A Feature for Every Friday— Among The Farmers Federation Of Agriculture News

Summerside Meeting

The Prince County semi-annual meeting, which was combined with the election of a member to the Potato Board, was a lively one with much discussion centering on the policies of the Potato Board.

Hannam and Holland

Returning from the I. F. A. P. Conference in Rome, Dr. Hannam visited the flooded areas of Holland and the one side of which were beautiful farms and luxurious crops and on the other the green sea reaching to the roofs of farm homes and leaving exposed only the tops of row upon row of dead orchard trees.

I. F. A. P. Policy

The world farm organization known as the International Federation of Agricultural Producers met in Rome early in June and the policy committee drafted the following statement dealing with the major world problems confronting agriculture.

Green Butter

Wisconsin, one of the great dairy States is pioneering an experiment in producing green butter. Our source of information does not explain the purpose or advantage of so coloring the product but it is likely that butter people are preparing to surrender the traditional yellow to the substitute producers.

C. A. W. A.

C.A.W.A. is the abbreviated form of "Co-operative Action With Aids" a project of the Manitoba Federation to raise funds for the purchase of a farm tractor and equipment to be given as a gesture of western goodwill to a Co-operative farm in India.
