For Business Men

Cheap Goods.

The Monetary Times says: We have repeatedly made the suggestion that instead of pandering to the craze which has developed of late years for cheap goods, merchants should try to get their customers to understand that it pays to give attention to quality. Much money has been wasted on shoddy clothes, which did not wear, boots with paper or leather-board soles which went soon to pieces, food which was of questionable flavor or dietetic value, but which "cheap"—the meaning of cheap being in these cases low-priced.

There is in the last issue of the Winnipeg Commercial a series of imaginary dialogues, between a grocer and different customers, which capitalise illustrate how "green" most people are as to the quality of merchandise they buy, even food stuffs. The grocer welcomes the lady, and she asks the clerk for a pound of nice tea, one that you can recommend.

Yes, ma'am, something I suppose at about 50c. or 60c. We have something nice at those prices.

Lady—have you anything less than 50c. or 60c.?

Clerk—Certainly ma'am, but you asked me for something I could recommend. Now I always make it a point never to recommend an inferior article as I always feel that our reputation is at stake, and it is the same with teas as it is with most other articles of diet, there are the pure and the impure. I always believe in recommending the pure because I have too much respect for my customers' system to recommend a bad one.

Lady—That is right, I did not know that tea was adulterated. What do you put in it?

Clerk—Prussian blue, gypsum, graphites, and sometimes a kind of grey clay, and sometimes they load it with iron filings in order to make it weigh heavy. Then some of the tea has been used once and retwisted and refaced, and some of the cheaper tea is not tea at all—it is made of the leaves of other plants.

Lady—Dear, dear, I'll take a pound of your 60 cent. You say it is all right?

Clerk—Yes, ma'am and if you find any fault with it bring it back, and we will replace it, for we are here to suit you.

Lady—Thank you, I know more about tea than I ever did in my life before. I must tell some of my lady friends, who buy cheap tea, about it.

Clerk—All right ma'am, you'll find what I say correct; anything else?

Lady—Yes, I want a pound of good coffee.

Clerk—Do you want it pure or adulterated?

Lady—Adulterated! do they adulterate coffee.

Clerk—Yes, ma'am, most certainly they do.

Lady—With what?

Clerk—Well, with nothing, as a rule, that will harm you, only when you pay for coffee you do not expect to get roasted peas, rye, wheat, beans and chicory, and when you desire to be sure of getting it pure you do not expect to get imitation paste beans thrown in to deceive you.

Lady—Paste beans! do you mean to tell me that they make coffee beans of paste?

Clerk—Yes, ma'am and it would take you all your time to detect it if you were not aware of it beforehand.

Lady—Dear, oh dear, what will they do next?

Clerk—When people demand cheap

CLARKE'S KOLA COMPOUND CURES

A Child That Suffered From Asthma Almost Since his Birth.

Mr. James Paterson, 22 Princess ave., Victoria, B. C., writes: "Our boy, who is just nine years of age, has been troubled with asthma almost since his birth, which has been continually growing worse in spite of all the medical aid we could procure. Our doctor bills have been very large each year; neither myself nor my wife have had a full night's sleep during the last year of his trouble, having had to poultice and give him medicine to keep him from choking. We heard of a neighbor who had been cured by Clarke's Kola Compound and resolved to try it, with the result that to-day our child is completely cured, not having had an attack since taking the second bottle, almost a year ago. He has grown very fast since and is now quite strong and healthy. We felt very grateful to Dr. Clarke for the discovery of this wonderful remedy, as it has saved our child's life." (Certificate correct by Messrs. Hall & Co., druggists, Victoria, B. C., from whom the medicine was purchased. Three bottles of Clarke's Kola Compound are absolutely guaranteed to cure any case of asthma or hay fever, or money will be refunded. Free essays, letters, or any address mentioning this paper. Address the Griffiths & Macpherson Co., 121 Church street, Toronto, sole agents for Canada, held by all druggists.)
Clarke's Kola Compound has permanently cured more cases of asthma than all other remedies combined.

stuff, madam, it is hard to tell what you are getting—often everything but what you ask for.

Lady—Dear, oh dear, give me a pound of your 40-cent coffee.

Clerk—All right, madam; anything else?

Lady—Yes, one pound of good jam; what is the rice?

Clerk—Well, it is the same with that as it is with the other goods, if you want it pure, minus, turnips, etc., 15 and 20 cents—if you want it with these ingredients, 7 and 10 cents.

Lady—Give me a pound of the 15 cent and I am much obliged to you. This talk has been very interesting.

This grocer's clerk was, of course, ideal; but if he were real, and there were some thousands of him in the country, their efforts along the line of the above questions and replies would often give a black eye to abominable "cheap goods."

Some Epigrams on Advertising

The gist of modern advertising all comes down to this. Say what you have and have what you say.

Merit can advertise a man as nothing else can—and all he has to do is to advertise the merit.

If a merchant were not to advertise nowadays he'd be so extraordinary he'd almost become famous.

If you've to live you must advertise, and if you're to continue to live you must advertise truthfully.

It is more profitable to advertise one fact than a thousand fairy tales.

The aim of an advertisement should be to inform, not to misinform, the public.

To advertise steadily is to advertise your stability.

What the Nile is to Egypt so is advertising to the merchant.—Selected.
