

### High Dollar Hurts Fishing

MONTREAL (CP) — The exchange problem on trade with the United States hits the Canadian fishing industry "pretty hard," O. J. McDonald of Vancouver, president of the Fisheries Council of Canada, said Tuesday. Because one-half of Canada's fish sales are made in the U.S. markets, he said in a statement released here, the five-per-cent exchange rate is a matter of con-

cern "not only to the processor but to the fisherman as well."

### GRAIN

WINNIPEG (CP) — Broad advances in flax prices highlighted trade Wednesday on the Winnipeg Grain Exchange. General demand in flax was influenced by the United States

government crop report showing lower-than-expected production. Covering orders and shipper support came out in flax, with trade reports indicating a parcel lot had been sold to the United Kingdom.

Outside reports also said Japan took a cargo of Canadian wheat and West Germany a small lot. Overnight export wheat loadings included: Japan 800,000 bushels, United Kingdom 465,000, West Germany 150,000, Belgium 100,000, The Netherlands 115,000 and Switzerland 130,000.
