

It is not necessary to heighten intelligence, but our contemporaries would do well to remember a world above matter, a world whose substance is spiritual, a world that is one because people are joined to one another by bonds of community and understanding and friendship. It is this world that we must try to build as Christian educators, and also to make known to our contemporaries...

Charlotteville and Queens County

Electrical Storm Leaves Two Barns

Two large barns were destroyed yesterday in a severe electrical storm that centered in the Charlotteville - St. Peter's area. The barns were owned by Marcellus MacDonald, St. Peter's, and Daniel MacDougall, Nine Mile Creek.

Rev. Edmund J. Roche, M.S.C., academic assistant to the president of St. Dunstan's University and executive director of the Canadian Council on Education, recently delivered the address to 68 graduates at the summer convocation exercises at Mt. St. Vincent College in Halifax.

CARGO UNDAMAGED

It was apple juice, apple juice everywhere, but a drop was spilled when this giant tractor-trailer upset about a mile east of Charlotteville late Thursday night.

Big Jump Noted In Ferry Traffic

More passengers used the Bode-Cape Tormentine ferry service last month than in any other July on record. It was learned yesterday.

Accident Victim Flown To Halifax

Lawrence Dalton, injured Wednesday night in a truck accident near Johnstons River, was flown to hospital in Halifax yesterday when he was still unconscious.

No Information Is Received On 'Hit-Run' Truck

A reward of \$25 has been offered by Chief of Police Ernest Webster to anyone supplying the license number of the truck which struck bicyclist Derek Hayden on North River Road last Saturday night.
