## PERSONAL

Senator Yeo is among the guests at the Hotel Davies.

Dr S R Jenkins was a passenger by the train from the west this morning.

Mr. J. E. Matthews, city editor of the Patriot, is among the sufferers by the grip.

Mr. W. S. Davison, representing Simpson Bros, Halifax, is registered at the Hotel Davies.

Mrs J A Mathieson and child came to town by the train from Georgetown this morning.

Mr Geo W Oland, Halifax, and Mr A S Hewitt were passengers to town by the eastern train to-day.

Mr. T. J. Dillon returned last evening from an extended tour in the Upper Provinces and the United States.

Rev. A. E. Andrew who lately has been Curate at Glace Bay, has been appointed Bishop's Curate at Badedok, C. B.

Mr Harold McDonald, of Georgetown, spending a few days in the city. He is staying with his sister, Mrs H. A. Richardson.

We heartily sympathize with Mr and Mrs Morson in the sorrow which has come upon them by the death of their child, announced to-day.

A snowshoe party was given by Mrs. Richardson, Riverside, last evening. Quite a number of young people were present and all greatly enjoyed the tramp.

The death of Mr. John Whear will be regretted by numerous friends in this city, of which he has been for many years a well known and respected inhabitant.

Rev. Clarence McKinnon, a native of this province, has been elected pastor of Park Street, Halifax. Rev. Mr. McKinnon is now stationed at Stewiacke, N. S.

We are pleased to record the success of Mr. Arthur Sullivan, at Loyola College, Montreal. In first Grammar and in Modern History he has passed with first-class honors, and is highly commended for application. He is the youngest man in his class of eighteen. We wish him continued good fortune.

## DIED

This morning, Feb. 17th, in his 74th year, John Whear.

[Funeral to-morrow (Saturday) at 4 o'clock p. m. to Sherwood cemetery. Service at house at 3.45 sharp.]

Fell asleep, February 17th, ins., Clifford Halton Stewart, infant son of Walter A. O. and Mary E. Morson, aged 1 year and 8 months.

In this city, on the 15th inst, John Austin, beloved son of Lemuel and Annie Music, aged 13 months.

At Whim Road Cross, on February 14th, 1899, of bronchitis, Neil Allan, the beloved child of Effie and John N. McDonald aged six months and 26 days. "Suffer little children to come unto Me and forbid them not for of such is the kingdom of Heaven."

At Brookvale, Lot 30, on Feb. 8th, Clara Winifrid, daughter of Mr and Mrs Michael Clarkin, aged 1 year, 8 mos and 8 days.

On the 20th ult., after a brief illness Catherine, the beloved wife of James Morrison, France, in the 43rd year of her age. Possessed of a kind, amiable disposition she was much loved by a large number of friends, while in the home-circle her shining qualities of a loving and virtuous wife and mother makes her loss doubly felt, even though it carries with it the consoling assurance of a favorable judgment at the throne of God. To her bereaved husband and family the sympathy of the whole community is accorded; and the large funeral which accompanied her remains to St. George's church testified to the respect and esteem in which the deceased was held. Rest in peace.

(Patriot and Herald please copy)

At Crapaud, on the 15th inst, Mrs. Potts, widow of Dr. Potts, in the 76th year of her age. The deceased lady was universally esteemed in the neighborhood where she lived, and also by all who formed her acquaintance. She had many lady friends in Charlottetown, Summerside and elsewhere on the Island, and her kindly disposition will not soon be erased from the memory of those who knew her best. She leaves to mourn two brothers, William and Thomas Rogerson, besides a large circle of kindred relatives. Her late illness was borne with patience and fortitude and she passed away trusting in the merits of her Saviour.

(Patriot please copy)

At Orwell Cove, on Saturday, 4th inst., Flora Gillis, relict of Malcolm McLeod, aged 79 years.

At Grand View, on Sunday 5th inst, Mary McDonald, relict of Duncan Finlayson and mother in law of Malcolm Martin, Road Supervisor, aged 83 years.

At Orwell Cove, on Saturday, 11th inst, George Irving, formerly of Cherry Valley, aged 69 years.

At Point Prim, on Thursday, 1st inst., Flora Murchison, relict of Simon Murchison, aged 79 years.

At South Pinnette, on Friday, 10th inst., Myra Jane, daughter of the late John and Elizabeth MacKinnon, aged 2 years 7 months and 8 days.

## Local Patriotism!

Boom Your Town Whenever You Have a Chance.

You can do so by purchasing soap made at the Charlottetown Soap Works. Ask your dealer for ROYAL OAK SOAP, and see that the name Royal Oak is stamped on every bar you purchase.

CHARLOTTETOWN SOAP WORKS

## CONSUMPTION PREVENTABLE.

The Spitting Habit is Vigorously Denounced.

Sir,—As one who feels that Dr. McLeod should have the thanks of the whole province for publicly drawing attention to the many sources from which spring "The Great White Plague," I was not a little surprised that he should have omitted one of the most common, yet probably the most prolific, sources of infection in adult life. I refer to that abomination—the spitting habit. Dr. McLeod will, I think, agree with me when I say that sanitary science is probably more neglected in P. E. I. than in any other place of like population and equal intelligence on the continent. When our capital city is, at this late date, without a proper system of sewerage, we need not be surprised to see well-to-do country patients, apparently intelligent, suffering from pneumonia, or tuberculosis, expectorating on the walls of their bedroom, in the presence of their medical attendant. This may seem an extreme statement. But I venture to assert that it can be duplicated by more than one practitioner in this province. In the neighboring republic they have laws in many cities and in some States visiting heavy penalties on any person, no matter what his position, guilty of spitting in public. The Board of Health of New York City draws particular attention to this in its leaflets for the prevention of the spread of infectious diseases, publicly distributed. There is no room for argument that spitting is a highly indecent habit; and, when the public can be shown, that added to this, is most dangerous to public health, very little trouble should be experienced in getting a by-law through your City Council at the instance of your medical mayor looking to the prevention of this filthy practice. A law of this kind from the discussion it would cause, must be highly beneficial in an educative sense, and produce untold benefits. To your extreme discredit, it is said, sir, that you have no vital or mortality statistics for your city to which we look for inspiration. In the name of our common citizenship, can THE EXAMINER do nothing to remedy this?

Will the good ladies of the Women's Council put their shoulders to the wheel and urge upon your progressive City Fathers the necessity for the law I have mentioned, or even go further, and carry the matter to the Legislature? There is here opened up a field with greater possibilities for benefits to humanity, than a seat at the City School Board, where they can earn the lasting gratitude of a long-suffering public, and the thanks of

A COUNTRY PRACTITIONER.

## HOTEL ARRIVALS.

Hotel Davies: J Yeo, Port Hill; W S Davison, Halifax; Geo W Oland, Halifax

Don't forget them to-night at the Lyceum.

"The Davisons" next Monday night.

In Hotel there is not a hotel or a public conveyance. But travellers are few.

Monday night will be the most brilliant night ever seen in the rink in Charlottetown. Miss Fannie Davison will give a beautiful exhibition of fancy and trick skating, and no one should miss the chance of witnessing it. Reserved seats or plan at C. D Rankins.

If you have catarrh, don't dally with local remedies, but purify and enrich your blood with Hood's Sarsaparilla.

Miners in Alaska are advertising for wives. They do not, however, offer to pay the fares of willing Eastern women.

## A CARD.

The Photographic and Crochery business carried on by the late Cryus Lewis will be continued by the undersigned, at the old stand on Grafton Street.

Thanking the public for past favors and hoping for a continuance of the same.

I remain, respectfully yours,  
ISABEL LEWIS.

## Annual Meeting.

The first Annual Meeting of the Dundas Dairying Association will be held in the Cheese Factory, on March 1st., at 2 o'clock p. m.

Dundas Dairying Association,  
W. E. LEARD, Secretary.  
Bridgetown, Feb 16th—w2i

## Local and Other Items.

THE STANLEY. No word of the Stanley yet. Fifteen days.

THE WEATHER.—Moderate to fresh winds, mild with local rains.

ST. PETER'S CATHEDRAL.—There will be the usual Friday evening service in St. Peter's at 7-30.

THE GALLANT APPEAL.—The appeal of Meddie Gallant from the judgment of Mr. Justice Hodgson will be heard at the next sitting of the Supreme Court in Georgetown, which opens on the 28th inst.

BAD PITCHES.—People travelling by upper Malpeque Road report that thoroughfare in a bad way because of the many pitches therein. The attention of the supervisor is directed to the complaint with a view to effecting a remedy.

HE GOT LEFT.—A United States war veteran of Binghamton, N. Y., has won fame and lost a pension by figuring in the press as the happy man who took Black's Liver Pills and was completely cured. The government cut off the \$20 a month he was receiving for disability caused by liver troubles.

THE MAILS.—Forty-two bags of mail left Tormentine this morning at 7 o'clock and arrived in town at half-past two. The boats from Cape Traverse reached Cape Tormentine at one o'clock. They left this side at 7.15 and had 17 bags, 11 bags of which were from Charlottetown.

TWAS VERY SUCCESSFUL.—The concert and basket social in Mechanics Hall last night was well attended. The various musical and literary items on the programme were well given, and the discussion of the contents of the baskets was a thoroughly enjoyable portion of the entertainment. The affair was a success in every respect.

THE LOAD CAPSIZED.—Last evening, while a boiler and engine was being removed from Mr. A. McLean's establishment to the railway station, the sleigh cut down in the snow on one side of Queen Street, near Councilor Horne's residence, and the load was overturned. In the fall the engine became detached from the boiler and was damaged somewhat. To-day the boiler is being removed from its position in the snow on Queen Street.

THE ENGINEERS' Military entertainment takes place this evening in the Lyceum, and will no doubt, be attended by a large and fashionable audience. The officers of other corps will attend in uniform, and this will, no doubt, add to the military aspect of the affair. The engineers have worked hard this winter and their uptown quarters in the Lyceum have been a great aid to the corps. The entertainment is to provide means to run these rooms, and no doubt the citizens will respond with a full house.

AN INTERESTING MEETING.—The Mother's study class in connection with the Kindergarten held a most interesting meeting yesterday afternoon. A feature of the meeting, that was greatly appreciated was the paper read by Dr. H. D. Johnson, treating of the nervous organization, growth and general development of the children. Much valuable information was afforded and many helpful suggestions were made. These meetings are to be held fortnightly, and should be largely attended.

BOARD OF TRADE REPORT.—The annual report of the Charlottetown Board of Trade for 1898 has been issued. It is a publication of much importance to shippers and others interested in the Province and its industries and resources, and the greatest care has evidently been taken in compiling it. Besides the usual reports of the President, Council and Treasurer of the Board—that of the President being especially instructive—there is much valuable information given regarding the attractions the Province possesses for the tourist. There is also a valuable meteorological table, and other interesting reading matter. The illustrations include excellent views of Queen Square gardens, Market Square, Charlottetown Driving Park and other points of interest in and about Charlottetown and elsewhere throughout the Province. The report should have the most extensive circulation. It was printed in the office of THE EXAMINER, and this part of the work has also received much attention.

"The Davisons" next Monday night.

A card from Kitchener of Khartoum—The engineers have received a very handsome card from Lord Kitchener of Khartoum. This shows that our boys must have a reputation outside of Charlottetown.
