Toronto Stocks

TORONTO (CP)—The stock market snapped a three-day losing streak with a sudden burst of activity Friday.

Trading totalled 4,286,000 shares—heaviest since early March of 1953. Western oil gains were mostly small but Canadian Wilfred climbed 35 cents. Senior base metals closed strong and International Nickel hit a 1954 high.

Heaviest trading was in some junior base metals, uranium and Manitowadge issues, but these stocks as groups closed steady. Many climbed smartly to 1954 highs but slipped from their tops later.

Sharp climbs went to Wilroy, Meta, Goldhawk, Gulf Lead, New Thurbols, Chimo and Consolidated Hurby. On the downside were Neabitt Labine, New Mylamague and Salsco.
