Trade Bill Survives

WASHINGTON, (AP)—The Senate Wednesday overwhelmingly defeated a proposal to junk President Eisenhower's reciprocal trade program, handing the administration a victory in the first floor test on the foreign trade bill.

Senator George W. Malone (Rep. Nev.) proposed a substitute plan that was defeated by voice vote with only one or two voices heard in its favor.

Malone, a bitter foe of the reciprocal trade law, proposed a substitute in which tariffs would be fixed to compensate for differences in cost between domestic and foreign articles. It would have been operated by the tariff commission.

Senator Harry Byrd (Dem. Va.) floor manager for the bill, used less than one minute of time for debate on the substitute, although he was entitled to one hour.

"I hope this amendment will be defeated," said Byrd. "It would be a great mistake to adopt it."

Mr. and Mrs. Edward Cullen, Charlotetown, visited at the home of Mr. and Mrs. W. B. Rogerson April 24.

Friends of Mr. Earl MacDonald are pleased to see him around again after his recent illness.

Miss Frances McEachern, Mt. Stewart, visited at the home of Mr. and Mrs. M. Handrahan on April 24.

BIG SAVINGS TO POTATO GROWERS

Use 6-12-12 in place of 5-10-10

2000 lbs. 6-12-12 contains the same amount of plant food as 2400 lbs. of 5-10-10.

2400 lbs. 5-10-10 cost \$54.00
 2000 lbs. 6-12-12 cost \$51.00

GROWERS SAVE \$3.00

Plus the saving resulting from not transporting and handling 400 lbs.

Had 6-12-12 been available to the farmers of the Maritime Provinces during the past five years and been used in place of 5-10-10, it would have saved them, based on the above prices, about \$717,000 plus the saving resulting from not transporting and handling about 47,800 tons. About \$143,400 of this saving could have been made on Prince Edward Island.
