HOCKEY

U.P.E.I. Hosts the U. of Quebec For Two Encounters

Intercollegiate Hockey returns to the Forum this week-end as the UPEI Hockey Panthers play host to the Universite du Quebec a Trois Rivieres for two games, Saturday and Sunday.

For the Panthers who now have a 3-2 record this will be the last hockey action until after Christmas and it promises to be exciting action.

"Les Patriotes" of Quebec placed second to Loyala last year in the Ottawa - St Laurent Conference and they have many returnees to this years squad. Leading the list of returnees is last years scoring leader in the conference, Richard Dupras. Joining him is this years Captain high scoring Andre Aubry and play-off MVP last years goalie Robert Lafleur. Guiding the "Patriotes" again this year is Guy St-Jean and to date they have a 3-2 record with all their games on the road.

The Panthers who suffered a disappointing loss to the Universite de Moncton over the week-end are looking forward to this week-ends games. Considering considered by some as possible contenders for the AIHL title this year, it would appear that in play to date that Panther veterans have not played up to their capabilities while the rookies have been looking more impressive each time out.

It is hoped that these exhibition games on home ice will give the Panthers impetus to carry them into the second half of their schedule. The Panthers have an extended home schedule immediately after Christmas break which will give Island fans an opportunity to see the caliber of hockey the AIHL is dishing up this season.

Game time at the Forum is 7pm on Saturday. This will allow everyone a chance to get home to see the game on TV, and 2pm on Sunday. An advanced sale of tickets will be held at the Forum Saturday at 10:00am and 2pm.

A large crowd is expected for both these games.
