BRITISH PERIODICALS!

EARLY COPIES SECURED.

LEONARD SCOTT & Co., New York, continue to Re-publish the following British Periodicals, viz.:

- The London Quarterly Review (Conservative).
- The Edinburgh Review (Whig).
- The North British Review (Free Church).
- The Westminster Review (Liberal).
- Blackwood's Edinburgh Magazine (Tory).

The present critical state of European affairs will render these publications unusually interesting during the forthcoming year. They will occupy a well-deserved place among the lastly written news items, crude speculations and flying rumors of the daily Journal, and the ponderous Tomes in the British Publishers, by which we are enticed to place our Reprints in the hands of subscribers, show as soon as they can be furnished, and the foreign copies, which are distinguished by a very large outer on our part, will continue to furnish the Periodicals at the same low rates as heretofore.

For any one of the four Reviews	Per an.
For any two of the four Reviews	£2 00
For any three of the four Reviews	£3 00
For all four of the Reviews	£4 00
For Blackwood's Magazine	7 00
For Blackwood and three Reviews	9 00
For Blackwood and the four Reviews	10 00
Payments to be made in full on reference.

DR THE CHEST.

MR ASTLEY COOPER, BART., M. D., the eminent Medical Practitioner, has left a valuable legacy to the world, in his GREAT PREVENTIVE OF CONSUMPTION, or TAFING cure for Pulmonary Diseases, without the use of Medicine.

Sir A. C. C. Bart., invented and advised the use of the MEDICATED TAF CHEST PROTECTOR, which contains all ages and contains, as a certain and safe shield against those fearful diseases, Consumption, Bronchitis, Asthma, Coughs, Colds, and other affections of the Lungs, which arise from the impure state of the chest, according to fashion, and the continual changes of our climate.

"The Protector" is simply a chemically-prepared far, lined with silk and padded, which, suspended from the neck, covers the chest in so agreeable a manner, that, once worn, it becomes necessary and a comfort.

"The Protector," although but recently introduced into America, is making rapid progress through the United States, the Canada, South America, and the West Indies. It has for a long time been a staple article in England, and in the Continent of Europe, while it has grown in many countries from the position of an article of dress.

To demonstrate these facts, enquire of any English resident in your vicinity of his knowledge of the benefits of this original article of dress, WITHOUT RECOURSE to deceiving of any kind. The cost of wearing these articles is a mere trifle, and one will last some years. No one who values the health of himself or his family will be without them. The hospitals in this country are not alone recommending them, but rapidly increasing in number. Harecut, Bradley & Co., of London, and Manchester, England, were originally entrusted with the manufacture of the Protectors, by the late Mr. Cooper, and continue to manufacture according to his original instructions, and therefore recommend those who would wear "The Protectors," to see to their being genuine.

DOCTOR HERRINGTON'S

GERMAN BITTERS,

prepared by Dr. C. M. JACKSON, German Medicine Store.

No. 120 E. 9th St., one door below Sixth Palace.

This medicine is not to be used, if already used by any other preparation in the United States, as the extra effect, in many cases after skillful physicians have failed, is owing to the fact that these Bitters are worthy the attention of Avaris. Possessing great virtues in the rectification of the bile, and in the glands, and in the secretion of bile, power in weak and affections of the digestive organs, they are without safe, certain, and pleasant.

Witnessing from Maine.

CAPT. DANIEL ABBOTT, Brookline, Maine, July 16, 1854, says:—"I was taken with Biliousness on the 1st of April, after my passage from Havana to Charlottetown, S. C. At the latter place I took medicine and rest, and my physician, Dr. J. W. McMillan, recommended me to take your medicine immediately. This was about 10 o'clock, at 11 o'clock I took the first dose, and another at 6 o'clock. The effect was rapid, and I was able to get up and to eat supper, and rested well that night, and the next day found me a well man. I have not been without your medicine since, having been sailing between Baltimore, Charlottetown and the West India Islands ever since. I have now given up going to sea, and reside in this place, and I have no objection to an agency, as you could sell large quantities of it."

Jos. B. HALL & Co., Proprietors, No. 100, South Street, New York, have prepared a certificate of cure performed by the use of only one bottle of the German Bitters, we think that it is a matter of great veracity, and have no doubt of the truth of its results.

Mrs. Jos. B. Hall & Co.—Gentlemen—In answer to your kind enquiries, my daughter, aged about 16 years, had been complaining of a pain in her side, for six or seven years, and about the first of January, last, was taken with cholera, and confined to her bed. The pain in her side was soon removed, but she was troubled with pains between her shoulders and in her breast. From reading numerous of cures performed by the German Bitters I was induced to try it in her case, and sent to your store and purchased one bottle. She had taken it not a day, when she began to feel better, and in a few days only one bottle, she is enjoying better health than she has for years. She has no pain in her side or in any of her organs, and is able to go out as early to the German Bitters. WILLIAM CLARK, Salmon Brook, Aroostook Co., Me.

You should bear in mind that these Bitters are a very valuable remedy for those suffering with various other modes of the preparations recommended for similar diseases. For sale by respectable dealers and storekeepers generally.

The Far-famed Medicine!

HOLLOWAY'S PILLS.

SURPRISING CURE OF A CONFIRMED ASTHMA, AFTER FIVE YEARS' SUFFERING.

The following testimonial has been sent to Professor Holloway, by a gentleman named Middleton, of Scotland Road, Liverpool.

Sir,—Your Pills have been the means, and Providence, of restoring me to sound health, after five years of severe illness. During the whole of that period, I have suffered from the dread affections of Asthma, frequently of several weeks' duration, attended with a violent cough, and continual spitting of phlegm intermixed with blood. This so shook my constitution that I was at last forced to give up the active duties of life. I was attended by some of the most eminent medical men of this town, but they failed to give me the slightest relief, my case has, however, I tried your Pills, and in about three months they effected a perfect cure of the disease, totally eradicated the cough, and restored tone and vigor to the chest and digestive organs.

I am, Sir, your obedient Servant,

Signed H. MIDDLETON.

Dated Jan. 1st, 1855.

A PERMANENT CURE OF A DISEASED LIVER, OF MANY YEARS' DURATION.

Copy of a Letter from Mr. Gamin Chemist, Yorkville, London, to the Professor Holloway.

Dear Sir,—In this district your Pills command a more extensive sale than any other proprietary medicine, and I have had occasion to try their efficacy in a variety of cases. In all cases of Biliousness, Liver and Bileous complaints, I may mention the following case: A lady of this town, with whom I am personally acquainted, has for many years been suffering from disease of the Liver and digestive organs. Her medical attendant assured her that she could do nothing to relieve her suffering, and it was not likely she would enjoy any more health. This announcement naturally caused great alarm among her friends and relations, and they induced her to try your Pills, which she had purchased from a general health store. She was not induced to continue them until she received a perfect cure. In about three months ago, she has been experiencing another symptom of biliousness, and often declared that your Pills have been the means of saving her life.

I remain, Dear Sir, yours truly,

Signed J. GAMIN.

Nov. 23, 1852.

AN ASTONISHING CURE OF CHRONIC RHEUMATISM, AFTER BEING DISCHARGED FROM THE HOSPITAL INCURABLE.

Copy of a Letter from Mr. W. Moon, of the Westchester, to the Professor Holloway.

Sir,—I beg to inform you that for years I was a sufferer from Chronic Rheumatism, and was often laid up for weeks together with severe and painful attacks. I tried everything that was recommended, and was attended by one of the most eminent surgeons in this town, but obtained no relief whatever, and fearing that my health would be entirely broken up, I was induced to go into our County Hospital, where I received the most judicious medical treatment afforded, all of which proved me no avail, and came out no better than I went in. I was then advised to try your Pills, and I purchased a box, and was perfectly cured, and enabled to resume my occupation, and although a considerable period has elapsed, I have not felt return whatever of the complaint.

I am, Sir, your obliged Servant,

Signed W. MOON.
