Junior Farmers Receive Animals For Big Show

A cavalcade of trucks from all parts of the Province assembled at Canada Packers plant yesterday where 38 Junior Farmers each took possession of a steer to be prepared for the Beef Show and Sale for Junior Farmers in conjunction with the Provincial Exhibition Old Home Week.

There was enthusiam, excitement and not a little anticipation of things to come as the group awaited their allotted animal. The above picture was taken after the allotment was made. Distribution was supervised by Vernon Fraser of Canada Packers and Mr. Stewart Wright, deputy minister of agriculture. Mr. Wright spoke briefly looking upon the venture as a means of interesting rural youth in the raising of high quality beef cattle and encouraging them in farming generally.

The plan, financed by Canada Packers, called for the distribution of some 40 western Canada beef type feeder steers amongst boys between the ages of 14 to 18 years.

The feeder will feed and care for the steer until Old Home Week. They will then be exhibited at the Provincial Exhibition and judged by a competent beef cattle judge. Prizes will be awarded. Following the judging the steers will be sold by auction. From the proceeds of the sale the original cost of each animal, plus insurance and interest will be returned to the firm and the balance of the proceeds will go to the feeder for his work and cost of feed.

Based on the Broadway musical hit, "Hazel Flagg," this latest Dean and Jerry entry contains all of the ingratiating ingredients that are so wonderfully included in a legitimate theatre musical, plus the splendiferous magic of the motion picture medium. OTTAWA (CP)—E. G. McCullough, CCF member of Parliament for Moose Mountain, seeks a special Commons committee to investigate production, sale and distribution of fertilizer. He gave notice Wednesday on the Commons order paper of a resolution calling for the committee, a demand of the CCF at previous sessions.

Canada, Japan In Air Agreement

OTTAWA (CP) — Canada and Japan Wednesday formally signed a new bilateral air agreement, providing for the exchange of permanent trans-Pacific air routes between Vancouver and Tokyo.

Canadian Pacific Airlines, which operates a Vancouver-Tokyo-Hong Kong service on a temporary basis, will get the route permanently as the Canadian line designated under the new pact.

Japan has no line flying to Vancouver at present, but Japan Air Lines operates a trans-Canada service between Tokyo and San Francisco. It likely will be chosen by Japan to land and do air business at Vancouver whenever the line is ready to direct a service to the Canadian west coast.

The new pact will come into force when it receives ratification by the Japanese Parliament, perhaps within a month. It does not require ratification by the Canadian Parliament, though it is understood the government plans to table it when it becomes operative.
