

things, let no man deceive you by professing to steer a middle course. The desire of your "limited Responsibility" men is to devise a scheme which shall end in giving a perpetuity of office, not to those in whom the confidence of the People will be placed, but to the present holders without any responsibility at all. Above all, adhere to those who have adhered to you, and if you have any doubt, trust only the known friends of those who have stood forward in your cause.

**THE ELECTION** is advertised by Sheriff's Proclamation to commence on the 29th instant, by the nomination of Candidates at the several County Court Houses—polls to be opened, in cases of opposition, eight days after, at the different places appointed by Law. Writs returnable on the first of March.

Some general remarks respecting the Dissolution, the Elections, and the political character of the parties who should be supported thereat—will be given in our next Paper. Some of the details of the new Election Law will likewise, if our time permit, be given for the information of the Electors.

On Monday Evening last, the **TEMPERANCE UNION** held its 1st monthly meeting at the Infant School House, and a Lecture was delivered by Capt. Orlebar, R. N., after which several interesting addresses were given by Revs. D. Fitzgerald, S. T. Rand, Mr. Macnair, Messrs. Boyer, Moore, and Lieut. Hancock. The meeting broke up at nine o'clock.—Review.

**MARRIED.**

On the 26th ultimo, at Green March, Murray Harbour Road, by J. R. Bourke, Esq., Mr. HECTOR M'KINNON, of Point Prim, to ANN M'BEATH, of Green March, Murray Harbour Road.

**PASSENGERS.**

In the Mail Boat, from Cape Tormentine—Messrs. S. Boyer and G. Walsh, from Boston; Messrs. Burhoe, M'Lean, M'Lellan, and Heartz, from Halifax; Mr. Kimble, from Truro; Mr. Watson, from Newfld.; Mr. John Cairns, from Wallace.

**SHIP NEWS.**

Arrived at Souris, on Saturday, the 6th instant, the *Schr. Irish Lass*, from Halifax. We hear that three vessels arrived at Souris on the same day, and that four others in company with them steered for Georgetown.

The *Brig Joseph*, Hubbard, Master, from Europe, out some 70 or 80 days, arrived at Georgetown on the 10th instant—to J. Wightman.

**THE LATE GALE.**—On Saturday night last a storm set in from the South East, accompanied at intervals by snow and rain. For six or eight hours the gusts of wind at times were most terrific. On Sunday morning the wind changed to the South West, and for a while blew with almost equal violence from that quarter. In the City the damage done was comparatively trifling. A Cottage in the course of erection by Mr. A. Martin, on the Eastern side of the Courtenay Bay, about two miles from town, and part of the Rope Walk on the Marsh, owned by Messrs. T. Wallace and W. Carvill, were blown down.

The vessels in the harbour escaped without material injury. Two coasting Schooners in attempting to come in, were driven ashore near Manawagish—the crews escaping.

The fine new ship *Tippo Saib*, of 1020 tons, owned by Mr. James Smith, which sailed on Friday afternoon for Liverpool, encountered the gale in the mouth of the Bay, and was struck by a heavy sea which threw her on her beam ends, in which situation she remained for some time, but finally righted, and returned to port on Tuesday night with ten feet water in her hold. She has since been pumped out, and grounded to ascertain the extent

of damage, which, however, is not supposed to be material. Colonel Ormond and family, and Mr. Jas. T. Smith, son of the owner, were the passengers in the *Tippo Saib*.

The *Brig Daring*, which sailed for Barbados on Saturday, put back on Monday, with loss of her deck load.

**TO THE ELECTORS OF THE SECOND DISTRICT OF KING'S COUNTY.**

**GENTLEMEN—**  
The Lieutenant Governor having thought "fit" to bring the House of Assembly prematurely to a close, the trust with which I was honoured in 1846 has therefore returned to your hands. During the three Sessions which have since elapsed, I have endeavoured, in co-operation with my political friends, to further the advancement of those liberal and enlightened principles of Government I announced to you at the Hustings, and to which I believe I was indebted for my Election. If we have failed to carry these principles into practice, the failure must be attributed to the numerical weakness of our party in the Assembly, and not to any want of zeal in ourselves. Believing these principles now to be better understood by the country than they were at any former period, I have good reason to hope that the minority of the late House will be changed into a majority in the new one; and if my conduct, as one of that minority, has been acceptable to you, I will cheerfully resume my old position, and become again a devoted labourer in that Cause which must ultimately secure to us all the rights, the privileges, and the political importance which belong to British Subjects, and which are alone withheld from us by an arbitrary faction in Charlottetown. It is unnecessary for me here to enter into a review of my career as one of your Representatives. The Journal of the Assembly—the most convincing of all advocates—will show my name recorded in favour of every Liberal measure that has been brought under the notice of the House. I have voted against increased taxation—against high Salaries—against official peculation. I have voted to promote Agriculture and the Fisheries, and to substitute a good and efficient system of Administration, modelled on the principles of the British Constitution—for a corrupt and tyrannous one. If votes such as these entitle me to a renewal of the confidence with which I was honoured when a stranger to many of you, I will feel more proudly the distinction of again serving you, now that a casual acquaintance has ripened into intimacy with most of you, because your electing me will prove that you have not doubted my sincerity, nor depreciated my services, humble as they may have been.

I have the honour to remain,  
Gentlemen,  
Your very obedient Servant,  
**EDWARD WHELAN.**  
Charlottetown, January 11, 1850.

**TO THE ELECTORS OF THE SECOND DISTRICT OF KING'S COUNTY.**

**GENTLEMEN—**  
The House of Assembly having been dissolved, you are called upon, at a few days' notice, to Elect Representatives for a new one; and I now beg to offer my humble services in that capacity. Should I have the high honour to be chosen a Representative for this, my native District, I beg to assure you that no effort of mine shall be wanting to promote your interests—which are identified with my own.

I have the honour to be,  
Gentlemen,  
Your most obedient,  
Humble Servant,  
**JOSEPH M'DONALD.**  
Charlottetown, January 11, 1850.

**TO THE INDEPENDENT ELECTORS OF THE SECOND DISTRICT OF QUEEN'S COUNTY.**

**GENTLEMEN—**  
His Excellency the Lieutenant Governor has thought proper to dissolve the House of Assembly. The duty of choosing men to represent you in Colonial Parliament has again devolved upon you. During the three years I have had the honour of holding that important trust, I am fully persuaded that I have acted fearlessly and independently in the discharge of my duties. It is, however, for you to judge of my conduct, and if that has afforded you satisfaction, I shall hope for a renewal of the confidence with which I have been once honoured; and believe me, that to the utmost of my humble abilities I will labour in your behalf.  
Your grateful Servant for past favours,  
**ROBERT MOONEY.**  
January 12, 1850.

**To the free and Independent Electors of the First District of Queen's County.**

**GENTLEMEN—**  
The many assurances I have received of your attachment to my political principles—the zeal and independence you have always manifested in exercising your privileges at the Hustings,—and the close connexion which has sprung up between us and which has become strong as the opposition of our adversaries became fierce,—would alone be sufficient to induce me to come forward as a Candidate for your suffrages at the approaching Election. But the question of Responsible Government, which I have long advocated, from a conviction of its necessity, is still unsettled; and as it is more than probable the new House of Assembly will decide it, I am therefore desirous of resuming my seat as your Representative, and now beg to solicit your support on my behalf. Should your choice be placed on me, I need not assure you of my determination to labour zealously in promoting your interests, and in endeavouring to carry out those principles which I believe to be for the interest of the Island generally; and I sincerely trust that you will not merely show your regard for those principles by electing me, but that you will select a colleague, well known as a supporter of Liberal Principles, and who will be zealous in his efforts to promote them.

I beg to subscribe myself,  
Gentlemen,  
Your faithful Servant,  
**GEORGE COLES.**  
Charlotte Town, Jan. 12, 1850.

**TO THE INDEPENDENT ELECTORS OF THE SECOND DISTRICT OF QUEEN'S COUNTY.**

**GENTLEMEN—**  
His Excellency the Lieutenant Governor, in exercise of the Prerogative vested in him by the Crown, having thought fit to dissolve the House of Assembly, the duty of choosing fit and proper persons to represent your interest in Colonial Parliament has again devolved upon you.

During the three years that I have had the distinguished honor of representing your populous and influential District, it has been my aim and study by every constitutional means within my power to advance your interests—moral, social, and political.

The trust reposed in me I have ever deemed a sacred one, and I flatter myself that you will do me the justice to believe that in the performance of my public duties as a member of Assembly I have been solely actuated by a desire faithfully and conscientiously to discharge that trust. And in again offering myself as a Candidate for your suffrages, I can assure you that I have no other object in view than that of aiding in the promotion of the common welfare. I can have none other. This is the Country not only of my adoption but of my birth, and upon its prosperity must depend my own. I have hitherto uniformly endeavoured to give my cordial support to every measure calculated either to raise its character or develop its resources, and should I again be returned as one of your Representatives I shall not only, I trust, be the better fitted from my past experience, to advocate your local interests, but be prepared to give a more efficient support to all such public measures, dictated by a sound, liberal and enlightened policy, as the situation of the Colony may require.

I have the honour to remain,  
Gentlemen,  
Your very humble Servant,  
**JOHN LONGWORTH.**  
Charlottetown, Jan. 13, 1850.

**TO THE FREE AND INDEPENDENT ELECTORS OF THE THIRD DISTRICT OF PRINCE COUNTY.**

**GENTLEMEN—**  
The Lieutenant Governor having dissolved the House of Assembly, I am induced, through the solicitations of many friends, to offer myself as a Candidate at the coming Election. Being a resident of the District, I flatter myself that I am well acquainted with its local wants; and should I have the high honour conferred upon me of being chosen one of your Representatives, it will be my chief study to promote your welfare, and that of the whole Island generally.

I remain, Gentlemen,  
Your obed't Servt.  
**JOHN GLYDON.**  
Margate Road, Lot 19, Jan. 11, 1850.

THE Subscriber, with some degree of confidence, begs to call the attention of the Public to the great and peculiar advantages which persons will enjoy, by effecting Assurances with the

**Alliance Life and Fire Insurance Company,**  
**OF LONDON.**

These advantages are—  
First.—**PERFECT SECURITY.**—It must be admitted, that a Capital of £5,000,000 sterling under the immediate management of such a wealthy and influential body as the Directors of this Company, affords perfect security to the Assured.

Secondly.—**HONOR AND LIBERALITY** in the part of the Company has ever characterized all its transactions. As the assured in the community have invariably experienced this from the Company, during the last Eleven years nothing further need be stated upon this head.

Thirdly.—The purchase of this advantage at a moderate rate. It is material to know, that while from the largeness of the Capital, which is alone answerable for losses, the Assured not only enjoy perfect security, but also are privileged to participate in the profits of the Company, which are declared and divided at the expiration of every successive period of Five years. This participation will be returned to the Assured in the form of percentage, on the Premiums that have been paid. In the year 1844, the Subscriber paid to the Assured, entitled to receive this percentage, a fair return; and during the present month, the Subscriber has had much pleasure in paying to various gentlemen who have assured with the Company, for the last five successive years, the handsome return of Seven and a half percent.—one of whom received the large amount of £41 9s. 9d., in full of his proportion.

The Directors have removed the restriction relative to the burning of Camphene. This Oil may now be used in buildings assured by the Alliance.

The advantages abovementioned have reference also to the Life Department.  
If the Public really want PROTECTION against the devouring element of FIRE, especially at this season of the year, they can obtain it by applying to the Subscriber, who will be happy to take risks at fair Rates of Premiums, against FIRE, and issue Policies on LIFE, on satisfactory terms.
