LONELY PATROL

A mounted policeman rides through Toronto's deserted High Park Saturday during a heavy snow storm. The storm dropped about two inches on the city over the Easter weekend. (CP Wirephoto).

CHURCHES PACKED

Uncertain Weather Plagues Easter Parades In Canada

By THE CANADIAN PRESS
Uncertain weather plagued Easter parades in most parts of Canada Sunday but special outdoor religious services were well-attended and churches were packed.
Children in Montreal went on a gigantic egg hunt organized by one of the city's largest hotels and residents in Vancouver dressed themselves in showers to stroll in flower-filled Stanley Park.
In Winnipeg, Most Rev. G. B. Flahiff sang his first pontifical high mass in English at a three-hour service while elsewhere in the city soldiers and civilians labored to build dikes along the surging Red River.
The river is expected to reach near flood stage later this week. Extra sandbags to reinforce the dikes were flown in Sunday from Toronto and Ottawa by two RCAF transport planes.
The resurrection was remembered in the Maritimes mainly by traditional church services. Anglican churches in Halifax held special services for children, who presented Lenten "self-denial" boxes to the churches.
Music was featured strongly in Nova Scotia services which lasted almost twice as long as usual as worshippers lined up to take communion in both Roman Catholic and protestant churches.
Saint John, was one of the

few cities to get mainly sunny weather. One Baptist church held a sunrise service. Traffic was heavy in the afternoon as residents took advantage of bright weather for drives in the country.
A few snowflurries sprinkled Prince Edward Island early in the day but the sun appeared in the afternoon to keep temperatures in the 40's.
In Ottawa the Evangelical Mission and the Salvation Army held a sunrise service on Parliament Hill.
Prime Minister Pearson spent the day with his family in his cottage in the Gatineau Hills north of the city. Most members of Parliament were out of the city with the Commons in recess until April 26.

In Quebec City it was sunny in the morning but turned cloudy in the afternoon.
Special services were well-attended in most Toronto churches. Snow that fell Saturday was melted by mid-day sunshine. Temperatures rose to the high 30s from an overnight low of 12 which broke a record of 25 set in 1948.
In Lethbridge, Alta., churchgoers huddled against 60-mile-an-hour winds and below-normal temperatures. More than four inches of snow fell on Edmonton during the night.
Saskatchewan had cloudy skies and it was cool enough for scattered snowflurries. Regular church services were well-attended.

Indians Quit Reserve As River Level Rises

WINNIPEG (CP)—A band of 475 Indians at the Roseau reserve east of Emerson, Man., was preparing to evacuate the reserve Sunday as a precaution against the rising waters of the Red River.

A spokesman at flood control headquarters here said the band would leave by rail at 9 a.m. Monday for the MacDonald Air Force Base at Portage La Prairie.

Accident Toll Count Mounting

By THE CANADIAN PRESS
At least 45 persons have been killed accidentally across Canada as the three-day Easter weekend draws to a close.
Thirty-three died in traffic accidents, six others in fires, four drowned and two men died in miscellaneous accidents.
A Canadian Press survey from 8 p.m. local times Thursday to 8 p.m. AST Sunday showed Ontario with 17 deaths on the road and Quebec with five.
Manitoba, Saskatchewan, Alberta each reported two drown-

ings. In Ontario, Charles Kannegiesser of Fort William died in a train derailment that injured 47 persons, while another man died in what police described as a hunting accident.
The Canadian Highway Safety Council has predicted at least 40 traffic deaths during the 72-hour weekend. Last year 52 persons died in accidents in Canada on the road. This compares with a record 70 deaths in 1957-47 in traffic.
The survey does not include natural or industrial deaths, known stayings or suicides.

Seven Deaths Are Reported In Atlantic Provinces

Seven persons met accidental deaths in the Atlantic Provinces during the Easter weekend.
New Brunswick recorded six deaths and Nova Scotia one while Prince Edward Island and Newfoundland were fatality free.
Four of the deaths in New Brunswick occurred on the highways.
John D. Duplessis, 49, of Saint John died in hospital after he was struck Saturday night by a car near Chatham, N.B.
Barbara Estabrooks, 8, died Thursday night when struck by a car while riding a bicycle near her home at Saekville. Jean Claude Morrison, 13, died in hospital at Bathurst Saturday night after being struck by a car while he walked along a highway near his home at Nig-

adoo in northern New Brunswick.
A tire blowout was believed responsible for an accident early Sunday morning at Sussex Corner which took the life of 58-year-old Arthur Albert Proctor of Millbrook N.B. Four others in the car with Mr. Proctor suffered minor injuries.
Two young boys drowned in separate accidents in New Brunswick Saturday.
The body of Troy Willis, 3, was found Sunday morning about a mile downstream from where he fell into the Penniac River. Robert Durley, 5, drowned when he fell off a wharf into Saint John, N.B. harbor.
In Halifax, an apartment fire Friday night claimed the life of six-month-old Wendell Daisley.

Chinese Talk Measures Of 'Emergency' Nature

Special Services, Marches Mark Easter Observance

By THE CANADIAN PRESS
Special services, "ban-the-bomb" marches and religious pilgrimages marked Easter Sunday in the Christian world.
In the Jordanian sector of Jerusalem, more than 20,000 persons, many of them foreign tourists and pilgrims, attended Easter Sunday mass at the Church of the Holy Sepulchre.
In New York, thousands donned their finest and joined the city's annual Easter parade up Fifth Avenue under sunny skies. Some 17,000 gathered at Hollywood Bowl in California for the 45th annual sunrise service there.
In West Berlin, tens of thousands of citizens of the divided city celebrated Easter Sunday by visiting their relatives in East Berlin, on the other side of the Communist wall. About 100,000 West Berliners were expected to visit the Communist sector on day passes Easter Sunday.

East Berlin's churches were crowded for the Easter Sunday service, though a congregation attending Berlin cathedral had to hold their service in the crypt. The cathedral proper has been in ruins since the end of the Second World War.
In Rome, Pope Paul appealed for peace among all men in his Easter message before a throng in St. Peter's Square.
In England, more than 5,000 anti-nuclear demonstrators from many parts of Europe celebrated Easter Sunday with a demand for Viet Nam peace talks.
The demonstrators were on the second day of a 42-mile, three-day protest march organized by Britain's Campaign for Nuclear Disarmament.
The march was scheduled to culminate today with a massive open-air rally in London's Trafalgar Square.

American demonstrators also used the Easter weekend for protests against U.S. policies in Viet Nam. Marches were staged in Washington, San Francisco, Chicago and Salt Lake City.
GATER AT WHITE HOUSE
In Washington, thousands of students massed in one of the largest demonstrations ever to take place around the White House. The group called itself Students for a Democratic Society.
Some members of the organization also demonstrated near President Johnson's ranch in Texas.
In Brighton, England, police braved a shower of pebbles to break up a crowd of 400 teen-agers on the beach of the south coast resort.
Most of the youths and girls, who had slept overnight on the beach, were members of rival gangs who terrorized British beaches on public holidays last year.

NAMED TO POST

Joseph W. Barr, of Indianapolis Ind., was chosen Sunday by President Johnson to be undersecretary of the Treasury. Barr, a former House member who has been chairman of the Federal Deposit Insurance Corporation since Jan. 23, 1964. (AP Wirephoto)

Viet Nam Steps Are Not Defined

HONG KONG (Reuters) — China spoke of "emergency action" on Viet Nam Sunday as it held top-level talks with the North Vietnamese in the wake of the Hanoi leadership's Moscow discussions.
Radio Peking reported the Hanoi delegation's arrival in Peking from Moscow, while the New China news agency said Chinese Premier Chou En-lai and North Vietnamese Premier Pham Van Dong conferred at Jakarta, capital of Indonesia.
Also, the agency quoted Peking Mayor Peng Chen as making a speech in Jakarta saying China has promised to take "emergency action" along with the peoples of Asia, Africa and

elsewhere to force the U.S. "aggressors" to leave Viet Nam.
Addressing a rally marking the 10th anniversary of Nindonesia's first Afro-Asian Bandung conference, Peng said: "The Chinese people have always given active support to the Vietnamese people in their fight. We are doing so now in every way, and we will go a step forward in supporting them according to their needs."
The "step forward" was not defined.
The North Vietnamese delegation, headed by Communist party secretary Le Huan, came to Peking at the invitation of the Chinese government, radio Peking said.

Johnson Affirms U.S. Ready To Talk Peace

JOHNSON CITY, Tex. (AP)—President Johnson said Saturday that the window still is open to peace in Viet Nam and we are ready to begin discussions next week, tomorrow or tonight.
In his Easter-time statement Johnson also said the United States will settle for no less than a free, independent South Viet Nam and that the U.S. never will abandon the little Asian country.
"And let this also be clear," the president said, "until that independence is guaranteed there is no human power capable of forcing us from Viet Nam. We will remain as long as necessary, with the might required, whatever the risk and whatever the cost."
In Washington, State Secretary Dean Rusk ruled out any cessation of air strikes against North Viet Nam at this time—a course suggested by some inside and outside the United States.

Such action has been carefully considered, Rusk said in a state exit, but to take it "would only encourage the aggressor and dishearten our friends who bear the brunt of battle."

Demonstrators End Long Vigil

STONEWALL, Tex. (AP) — Demonstrators called off an Easter vigil an hour early Sunday afternoon after failing in an attempt to present to President Johnson a petition protesting U.S. action in Viet Nam.
Sun-burned and weary after standing in silent protest near the LBJ Ranch for some 11 hours Saturday and Sunday, the demonstrators left their place alongside a ranch road about one-half mile from the ranch where Johnson is spending the Easter holiday.

Bogus U.S. Bills Found At Gander

GANDER, Nfld. (CP) — RCMP are investigating the discovery of counterfeit United States currency at a local bank branch.
A police spokesman said the bogus \$5 and \$20 bills were found, but he gave no further details.

Author Killed In Weird Case

POOLE, England (Reuters)—Police here say they want to interview an unnamed woman writer mentioned by artist John Downey, victim of a weird killing.
Downey, 29, was shot to death in a lonely cottage Wednesday by a 16-year-old schoolgirl who told police she thought the pistol was loaded only with blanks and that she was merely helping him take photographs to illustrate a murder novel written by a woman he knew.
Police interviewed the girl, Lindsey Riggs of Poole, again Saturday but she was unable to say who the woman writer was. Police issued an appeal for the woman to come forward.
Lindsey's story was Downey, whom she had known since she was a small child, took her to the cottage on his motorcycle Wednesday. In a bedroom there, she said, he put a camera on

a tripod, explaining he wanted to photograph a shooting scene—with himself as the "victim"—to illustrate the woman's novel.
Lindsey said he handed her a .22-calibre pistol, lay down on the floor and told her to start firing at him while he worked the camera. The girl said she was reluctant but Downey assured her the gun was loaded with blanks.
So, according to Lindsey, she pulled the trigger—and Downey died.
The girl told police she had been to the cottage with Downey on previous occasions to take photographs.
Each time, she reported, he said the woman writer would be going with them but she never showed up.
Detectives were studying the cottage bedroom as well as film from the camera.

Russian Ship Is Heading Into Seaway

MONTREAL (CP) — The Soviet freighter Mitsurinsk, scheduled to be the first ship from behind the Iron Curtain to use the St. Lawrence Seaway system, docked here Saturday to be outfitted for seaway travel.
Port officials said the vessel will remain here for at least one day. No cargo will be loaded or discharged.
Federal government inspectors were expected to board the Soviet ship to ensure her navigational equipment meets seaway regulations.

One Sealing Vessel Leaves Ice Fields For Home Port

ST. JOHN'S, Nfld. (CP) — At least one sealing vessel has left the icefield for her home port and the other four are expected to head for home within a few days.
The North Star VI, out of Halifax, left the icefields off the east coast of Labrador Saturday and began a four-day voyage to Port Aux Basques, Nfld., where she will discharge her hunting crew — all Newfoundlanders.
She will then continue to Halifax where she will discharge her cargo of 16,000 seal pelts.
The Arctic Endeavor, another

Halifax sealer, has 9,000 pelts aboard and is expected to start southward soon.
Newfoundland's three sealing ships are also expected home within the week but with a disappointing catch.
The coal-burning Kyle, owned by Earle Freighting Services of Carbonara, Nfld., has only 11,000 pelts. She has 100 hunters.
The Algerine, owned by Bowring Brothers of St. John's, has 6,700 pelts and the Chesley A. Crosbie, owned by Chimo Shipping of St. John's, has 8,000 pelts.

Creditiste Party Leader Recovers

HULL, Que. (CP)—Creditiste leader Real Caouette was discharged from hospital Saturday, six days after he collapsed in his House of Commons office.
Mr. Caouette has been told to rest but his office says he probably will be back in his seat in the Commons after it returns from the Easter recess April 26.
Mr. Caouette has had a diabetic condition for several years.

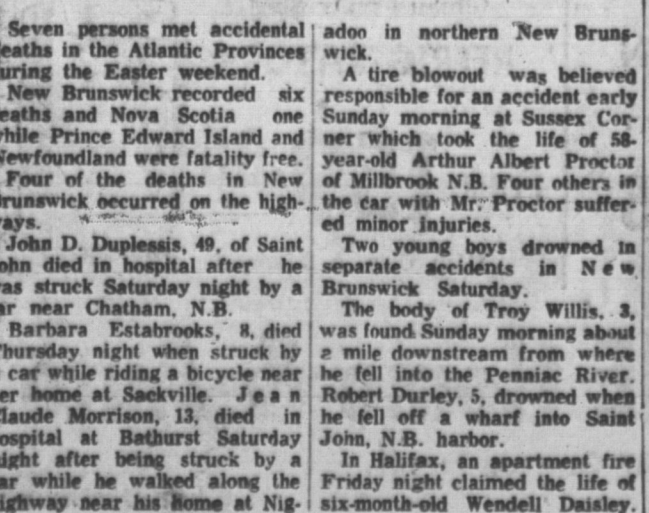

Vancouver Pair Arrested In Money Theft

EDMONTON (CP) — Joseph Percival, 37, a former Vancouver police man, and James McDougall, 32, also of Vancouver, will appear in court Tuesday, charged in connection with theft of \$1,250,000 in mutilated currency from a Vancouver railway warehouse.
They were arrested in Edmonton Saturday night and charged with possession of stolen property—the bills taken by four men from a Canadian Pacific Railway warehouse in Vancouver Feb. 11.
Police here have recovered about \$12,000 of the money.
A city hotel told police Saturday mutilated money had been passed on the premises. Police warned other hotels and liquor outlets in the city.
Later, a motor hotel called to say two men had attempted to use mutilated money. Police arrested Percival and McDougall together.
Thieves took three boxes—each weighing 300 pounds—which contained old currency that was to be shipped from Vancouver to the mint in Ottawa to be destroyed. Three half-inch holes were punched in each bill.

Students In Washington Demand Viet Nam War End

WASHINGTON (AP) — Thousands of students demanding an end to the war in Viet Nam massed in Washington Saturday, picketing, marching, singing and shouting for their cause.
The demonstration, one of the largest ever to take place around the White House, was billed by its sponsors, Students for a Democratic Society, as the start of a national protest movement against U.S. policy in Viet Nam.
A score of protesters continued the demonstration Easter Sunday, picketing in front of the White House with signs reading: "I won't fight in Viet Nam," "Give us facts—not fantasies—on Viet Nam."
Demonstration leaders said 20,000 students responded to the call they sent to colleges for support.
The students packed the side-

walk in front of the White House and nearly encircled the two block-long buildings flanking the Treasury and executive office buildings. Thousands more milled around in parks near the White House.
As more and more crowded into the picket line, it became so thick it hardly moved. Many of the students had guitars and sang as they shuffled along.
The beautiful spring day at the height of the Easter season also attracted thousands of tourists, some of whom mixed in with the students.
The huge demonstration attracted two groups of counter-demonstrators—a dozen members of the American Nazi party and about 100 persons representing Young Americans for Freedom, a Conservative organization. They paraded the sidewalk across the street from the students.

RUSSIAN SHIP PREPARES TO ENTER SEAWAY

The Russian freighter Mitsurinsk, which docked at Shed 7 in Montreal Harbor Saturday is to leave Monday to travel through the St. Lawrence Seaway. The Mitsurinsk will thus become the first Russian ship to make the trip. She is heading for Toronto and Hamilton with a general cargo from Europe. (CP Wirephoto)

One Killed And 47 Injured In CPR 14-Car Derailment

TERRACE BAY, Ont. (CP)—The Canadian Pacific Railway's top passenger train jumped the tracks in early-morning darkness Saturday, killing one employee and injuring 47 persons.
The Canadian, bound east from Winnipeg to Toronto and Montreal, hit what was believed to be a caved-in roadbed in the bush three miles east of this north shore Lake Superior community about 140 miles east of the Lakehead.
The twin diesels and nine cars of the 14-car train left the rails, the diesels and six cars rolling down a 100-foot embankment.
Killed was Charles Kannegiesser, 38, of Fort William, a baggage man.
None of the injured were hurt severely. Ten were admitted to hospital here including a brother of the dead man, W. R. Kannegiesser of Fort William.
"By the looks of the derailment we came out lucky," said Cpl. W. M. Duncan of the provincial police. "It was very fortunate the injuries were as slight as they were."
Passengers able to continue

their journey were taken back to Red Rock, 70 miles west, to join the Canadian National Railways line which swings to the north. CPR trains were to continue using the CNR line until the damaged tracks could be repaired, probably by sometime tonight.
First reports from the scene indicated the roadbed had been weakened by melting snow but a railway spokesman in Toronto said it is not certain a washout caused the wreck.
Washout patrols are made twice daily he said, and a 100-car fast freight had passed the same spot little more than an hour before with no problems.

The accident occurred about 1:15 a.m. when most passengers were asleep in their berths.
Doctors, nurses and ambulances were called from the nearby communities of Marathon and Schreiber. Deep snow remaining in the bush from a heavy winter fall hampered rescuers as they carried the injured up the banks on stretchers.
USED CUTTING TORCHES
Some cars were so battered it was close to six hours before work crews, using wrecking equipment and cutting torches, were able to extricate the last occupants.
The train, an all-passenger unit which runs from Vancouver to Toronto and Montreal, left Winnipeg at noon Friday and was due in Toronto at 5 p.m. Saturday.
Telephone and telegraph communications into this pulp mill centre were cut for about four hours when the wreck toppled wires running along the track.
Engineer was Austin Cosgrove and Fireman Harold M. Parland, both of Schreiber. Neither was hurt.
