Is She Guessing at It? Not Much.

Our grandmothers, and mothers too, used to guess at the heat of the oven by feeling it with the hand or by the number of sticks of wood burnt in such a time.

Not so with this modern, up-to-date woman.

She bakes with a

An Editor's Opinion

Of the Nervous Restorative Qualities of Dr. Chase's Nerve Food.

Mr. A. R. Fawcett, the well-known editor and proprietor of the Leader and Recorder, Toronto Junction, writes:—
"It is very seldom that I need medicine of any description, but this spring I got so badly run down and out of sorts generally, that I became somewhat alarmed. Chancing to read a testimonial about the results derived from Dr. Chase's Nerve Food, from a gentleman whose case seemed to be identical with my own, I purchased a box, and commenced using it.

"The result was simply marvellous. I was benefited from the first, and soon restored to my usual good health. I never felt better in my life than I do now. To tell the simple truth, I did not have very great faith in any medicine until I used Dr. Chase's Nerve Food, but now I have no hesitation in strongly recommending this great remedy to others, as a valuable and effective remedy."

Dr. Chase's Nerve Food, the great nerve restorative and blood builder is making hosts of cures in all parts of this broad Dominion. Gradually and thoroughly it builds up the system and overcomes weakness and disease. 50 cents a box, all dealers, or Edman-son Bates & Company, Toronto.

DREDGE Prince Edward goes to Wood Islands but then the steamer Stanley easily made daily trips to Cape Tormentine last winter; and with the necessary repairs made to the pier at the Capes there will be little but a contagious disease such as smallpox to prevent regular trips during the winter on the Summerside-Tormentine route.
