CURRENCIES

MONTREAL (CP) — The U.S. dollar Monday closed at a discount of 4 1-16 per cent in terms of Canadian funds, down ⅛. Pound sterling $2.68 11-16, down 5-16.

TORONTO

TORONTO (CP) — The stock market Monday roamed through a session of indecision, closing mixed to a shade lower.

Trading was dull compared with the flurry of buying and selling last week. Traders took breather from the hectic action to mingle on the sidelines and discuss the past action of the market and what the future holds.

The western oil index was down less than one-half point. Golds lost one-quarter of a point while base metals were ahead a similar amount.

Few high-priced stocks had price changes of more than a point and the ones that did generally had only single sales.

A few more senior base metals were up than down but all changes were less than three-quarters of a point. Uraniums were mixed to easier while no trend developed among golds, coppers or holding companies.

Western oils were quiet. Fargo, Central Del Rio and Bailey Selburn had minor losses. Calgary and Edmonton and Great Plains added fractions while Canadian Atlantic was up 25 cents at $5.45.

Index changes: industrials off .41 to 401.44; golds off .26 to 69.64; base metals up .21 to 149.32; western oils off .38 to 132.39.
