MR. C. D. RANKIN, Chemist, North Side Queen Square, has the honor to announce  
to the inhabitants of Prince Edward Island and neighborhood that he has made  
arrangements with

## MR. B. LAURANCE,

The Eminent English Oculists' Optician,  
to personally superintend the adaptation of his

## SPECTACLES AND EYEGLASSES

At C. D. Rankin's Drug Store, North Side Queen Square, from Monday, the  
18th, to Saturday, the 30th December,  
And will be at the Clifton House, Summerside, from Monday, the 1st, to  
Thursday, the 4th January,

To all those requiring aid to vision. The hold that Laurance's Lenses  
have taken upon the spectacle-wearing public of Great Britain and the testimonials  
from the greatest of the English Oculists, among the faculty in England and in this Pro-  
vince, must be conclusive that nothing better in aids to vision can be obtained, and when in  
addition such Lenses are selected and adapted to the eye by Mr. Laurance personally, Mr.  
Rankin is convinced the same of comfort will be obtained by every person requiring the  
use of Spectacles or Eye-glasses.

Mr. Laurance's mode of procedure is to test the capabilities of both eyes, and not only  
to determine the exact power required for each eye, but also to select the particular Lenses  
best adapted to arrest decay and to give sight without discomfort. Mr. Laurance is not a  
stranger to Prince Edward Island in his capacity as an Optician. For years he visited this  
Province, as testimonials from our leading medical men and citizens, as far back as 1854,  
can testify. Mr. Laurance is one of the leading Opticians of England, and his visit here is  
for one purpose, and that is the introduction of his celebrated Lenses through REGULARLY  
ACCREDITED AGENTS THROUGHOUT THE DOMINION.

Persons who have tried in vain to be snited with Lenses are particularly requested to  
call at C. D. Rankin's, and as MR. LAURANCE'S VISIT CANNOT BE PROLONGED,  
BEYOND A FEW DAYS, it behooves those requiring his assistance to call as early as possible  
REFERENCES AND TESTIMONIALS, as to the Quality of the Lenses, etc., are  
compiled with the names of the following eminent Medical men and residents of Nova  
Scotia.

Chief Justice Sir William Young.  
Rev. Dr. Hill, Rector of St. Paul's, Halifax.  
The Hon. W. J. Almon, M. D.  
The Hon. A. W. Smith, Judge Supreme Court.  
J. Scott Hutton, Principal Deaf and Dumb Asylum.  
Dr. Arthur Moren, Physician to Deaf and Dumb Asylum.  
Wm. Bumbart, Ex-Mayor of Halifax.  
Edwd. Jennings, M. D., President of the Medical Council of Nova Scotia,  
Vice-President of the Medical Association of Canada.  
Wm. Tobin, F. R. C. S.  
W. B. Slater, M. D.  
H. C. Herbert, M. D., F. R. C. S., Surgeon Major, A. M. D.

From Chief Justice Sir Wm. Young.  
HALIFAX, 2nd Dec, 1882.  
I have pleasure in testifying that the two  
pairs of Spectacles I have purchased from Mr.  
B. Laurance give a clearer and purer light,  
especially under GAS than any I have pre-  
viously obtained HERE or ELSEWHERE.  
WM. YOUNG.

From Rev. Dr. Hill, Rector of St.  
Paul's.  
HALIFAX, N. S., Nov. 18, 1882.  
My DEAR SIR,—The glasses which you  
have supplied me for reading, both by natural  
and artificial light, have proved themselves  
to be all that could be desired. I strongly  
recommend any persons wishing to save strain  
upon their eyes, and enjoy comfort while  
reading, to apply to you to fit them with  
Lenses adapted to their condition of sight.  
I am dear sir, yours truly,  
GEORGE W. HILL, Rector of St. Paul's.  
Mr. B. LAURANCE, Optician, 147 Hollis St.

From Hon. W. J. Almon, M. D.  
HALIFAX, N. S., Nov. 4th, 1882.  
My DEAR SIR,—By the aid of the Glasses  
you last fitted me with I was enabled last  
night by lamp light to read with comfort, a  
thing I had not done for some months pre-  
vious.  
I am dear Sir,  
Yours truly,  
WILLIAM J. ALMON.  
To Mr. B. LAURANCE, Optician

From Judge Smith.  
HALIFAX, Nov. 2, 1882.  
I beg to state that I have purchased of Mr.  
Laurance one or two pairs of Spectacles, and  
have found them everything I can desire to  
improve the vision for writing and reading  
purposes.  
H. W. SMITH,  
Judge Supreme Court, N. S.

From the Principal of the Deaf  
and Dumb Institution.  
HALIFAX, Nov. 1, 1882.  
Mr. B. Laurance fitted a number of the  
pupils of this Institution requiring Lenses to  
assist their sight, and I have pleasure in tes-  
tifying to the benefits the wearers of the  
glasses have deriv'd from their use. But for  
the aid thus obtained several of them  
would have continued to labor under great  
difficulty in reading script or print, and  
would thus have been seriously retarded in  
their studies which they are now enabled to  
pursue with comfort and satisfaction both to  
themselves and to their teachers.  
J. SCOTT HUTTON,  
Principal.

As Medical Officer to the institution of  
Deaf and Dumb, I have much pleasure in  
certifying the testimony of the Principal, J.  
S. Hutton.  
ARTHUR MOREN, M. D.,  
Physician to Deaf and Dumb Inst.

From John Woodill, Esq.  
B. LAURANCE, Esq.:  
DEAR SIR,—In the year 1864 I purchased a  
pair of night-reading spectacles (and have  
used them ever since) from Mr. Laurance.  
I called on you yesterday and found that you  
were the same person, and had my name on  
your books, and as you then told me that  
you could supply me with a pair that I could  
see small print for 20 years longer. Well,  
being in active business, and only in my 74th  
year, I concluded to take them. But judge  
my astonishment, at night when I took up  
the evening paper. I could see to read it in  
any part of the room by the light of one gas  
burner as well as when I was 20 years of  
age, and I trust I will have an opportunity of  
thanking you personally before you leave  
our city.  
Yours respectfully,  
JOHN WOODILL.  
175 Barrington Street,  
Halifax, Oct. 20th, 1880.

From Dr. Jennings.  
Mr. B. Laurance, of London, has shown me  
a great variety of spectacles, all of which bear  
close examination. The lenses are well pol-  
ished and the mounting beautiful and sub-  
stantial. I can see more distinctly through  
his glasses than any others I have tried. I  
will recommend them to my patients.  
EDW. JENNINGS, M. D.,  
Visiting Surgeon to the Provincial and City  
Hospital, and President of the Medical  
Council of Nova Scotia, etc., etc.

From Dr. Tobin.  
9 SOUTH STREET, Halifax, N. S., 3th Oct, '82.  
I hereby certify that I have examined sev-  
eral specimens of Lenses and Spectacles made  
by Mr. B. Laurance, of London, and have  
found them well cut and mounted and thor-  
oughly serviceable articles.  
WM. TOBIN, F. R. C. S.

From Dr. Slayter.  
HALIFAX, Oct. 13, 1882.  
DEAR SIR,—I have examined your stock of  
Lenses and can only say that they are the  
most perfect set of glasses I have seen in Hal-  
ifax. I believe you to be well psted in your  
business and thoroughly well able to correct  
the various defects of vision in those who may  
consult you. I am, etc.,  
W. B. SLAYTER, M. D.  
B. LAURANCE, Esq.

From E. Besslin, Esq.  
HALIFAX HOTEL, October 12, 1882.  
Eighteen years ago, Mr. B. Laurance, of  
London suited me with spectacles. I have  
them now and they are as good as when I  
purchased them and my eyes do not require a  
stronger power.  
HENRY BESSLIN.

## Souvenir de l' Hotel de L' Isle Parc.

BY TEMPLE DE BENHAM, OF BENHAMPTON.  
AIR—"The Lass of Gouvie."

In Carling's marchless amber ale,  
Drink we the toast—"Let Truth prevail!"  
"And honesty, which could not fall."  
"In fair Prince Edward Island."  
An Agency in Charlottetown,  
For amber ale and porter brown,  
Success I'm sure the scheme would crown,  
If tried in this fair Island!

At Holman's Island Park Hotel  
The air alone might make us well;  
But Carling's ale would help the spell,  
If drank in this fair Island.  
Come join in "Hip, Hip, Hip, Hurrah!"  
In honor of the glorious day,  
When Carling's ale, on many a dray,  
Shall bless our thirsty Island!

If Archie Blyth, my faithful friend,  
With me an Holiday could spend,  
I wish he would his footsteps bend,  
To join me in this Island.  
No more shall I and Archie hail  
The "Stormy Petrel's" well-known sail.  
Or fly before the Tropic gale,  
To Fayal's lovely Island.

But vain regret were now a fault;  
Old Tempus Edax bids me "Halt!"  
So now a glass of Carling's malt,  
Shall cheer me on this Island!  
I feel just like a shipwrecked "SALT"  
With not one inch of dry Land!  
Cetera desunt. Hiatus valde defensus!

Personal—Gossip.  
Duclere, the French premier, was at one  
time proof reader on an obscure news-  
paper.  
The St. John Telegraph says that Sir  
Charles Tupper goes to Halifax on the 23rd  
inst., and will stay there until after New  
Year's.

Another piece of rascality by Hunter, the  
defaulting Montreal notary, has just come  
to light, the victims being the lady manag-  
ers of a Church of England home for aged  
and indigent ladies.  
Advices from South Africa say that Cete-  
wayo has signed the Zulu settlement, and  
will return to Zululand early in January.  
The British Resident and a military escort  
will accompany him to Ulundi, where he  
will be installed as King.

Although Lord Derby has entered Mr.  
Gladstone's Cabinet he seems to have re-  
tained a certain amount of independence.  
In his speech at Manchester he made a  
direct hit at his new leader, by deprecating  
the policy of holding out to the Irish vain  
hopes of a national Parliament being  
instituted.

Years ago an old gentleman, walking on  
the pier at Dover, England, dropped his  
gold-headed cane through one of the holes  
locally known as tree nail holes, in the  
plank. Indignant and disgusted at his loss,  
he bequeathed a sum of money to pay for  
annually stopping these holes, the overplus  
to be laid out in a dinner to the corpora-  
tion. An annual dinner consequently  
takes place, and before the party break up  
they certify that the holes have been duly  
attended to.

The Rev. Father Voisin, who is now in  
Montreal, gave a detailed account lately of  
the perils of the missionaries, speaking  
highly of the work of Livingstone. He  
states that—"There are in Central Africa  
fully 200,000,000 negroes who have never  
heard the Gospel. The cruelty to which  
the poor inhabitants of these countries have  
submitted are hardly to be believed. One  
king, Uteax, took the lives of 500 young  
girls to have their blood for making the  
mortar to construct one of his buildings.

Pere Hyacinthe was driven from the  
chapel in which he made his debut after  
casting off his religious habit, with a debt  
of 44,000 francs, which his English friends  
subscribed to pay, and he is now in London  
to get them to come again to the rescue and  
subscribe for an allowance of \$5,000 a year  
for the support of his new church. For the  
present he is very poorly lodged in the rue  
d'Assas, and the French papers say that  
the cares of matrimony begin to tell on his  
temper, and that the once magnificent Pere  
Hyacinthe is getting sour and disappointed.

At a recent School Board meeting in Lon-  
don the Lord Mayor allowed each candidate  
a quarter of an hour's speaking. Sir John  
Bennet was the first to speak, and when he  
had gone through his fifteen minutes, the  
Lord Mayor brought down his hammer,  
"Is time up?" inquired Sir John. "It is"  
"Not yet, I think, my Lord Mayor," in-  
sinnated Sir John. "I think so," replied  
the Lord Mayor. "I have two minutes  
more by my watch," said Sir John, "and  
you can always depend upon my watch."  
This neat advertisement was received with  
considerable merriment. Sir John is a not-  
able clockmaker.

The Times of the 22nd ult., referring to  
Lord Salisbury's visit to Edinburgh, thus  
describes the preparations made for the  
great dinner to him in the Corn Exchange  
building:—"He begins active operations to-  
morrow night in the Edinburgh Corn Ex-  
change, a huge bare hall which is fitted up  
for the occasion with everything that can  
minister to the comfort of a great assembly.  
Perhaps nothing can more clearly convey to  
the English mind the vastness of the prepara-  
tions for dinner than the statement that a  
sixty-six gallon boiler is prepared for the  
cooking of that fearful and potent viand—  
the haggis. It is as if they had provided a  
hundredweight of cayenne pepper, or half a  
ton of olives. The imagination reels under  
the attempt to figure the quantity of ordi-  
nary earthen necessary for a company  
measured by sixty gallons of haggis. Even  
the robust digestion of the North quails be-  
fore that mystic compound, unless it is  
flouted in several times its own bulk of  
whisky; but that fluid, we may be sure,  
will not be absent."
