### ANAEMIA OR BLOODLESSNESS.

Its Victims are Pale in Color, Subject to Dizziness, Palpitation of the Heart and Other Distressing Symptoms.

From the Echo, Plattsville, Ont.

Anaemia, which literally means bloodlessness, is prevalent to an alarming extent among young girls and young women of the present day, and is a fruitful source of "decline" and consumption. The symptoms of this trouble are many, but among the most noticeable are pallor of the face, lips and gums, shortness of breath on slight exertion, dizziness, severe headaches, weakness of the vital organs, palpitation of the heart, and dropsical swelling of the limbs. The more of these symptoms shown, the greater the necessity for prompt treatment. Among those who have suffered from anaemia and found a cure is Miss Emily Webb, a young lady residing near Wolverton, Ont. Miss Webb says:—My illness came on when I was about sixteen years of age. My complexion was a pale waxy color; I was troubled with general weakness, dizziness and palpitation of the heart. I was placed under medical treatment, but the medicine prescribed by the doctor did not appear to do me the slightest good. As time went by I was slowly but surely growing worse. I was unable to do any work about the house, and my limbs would tremble to such an extent at the slightest exertion that I could scarcely stand upon my feet. Then my stomach became so weak that I vomited almost everything I ate; I grew despondent and feared I would not recover. While in this condition a friend urged me to try Dr. Williams' Pink Pills, and I followed the advice. After I had used two boxes I noticed an improvement and my heart was gladdened with the hope of renewed health. At the end of six boxes my appetite had fully returned, and with it strength, color to my cheeks and brightness to the eyes. I still continued taking Dr. Williams' Pink Pills until I had taken in all twelve boxes, and I can truthfully assert that I am healthier and stronger than I ever was before. I owe this to Dr. Williams' Pink Pills, and I would urge all girls who suffer as I did to give them a fair trial.

### NERVOUS PROSTRATION.

The Harland, N. B., Advertiser, says:—"Right in our own village is reported another of the remarkable cures that make Dr. Williams' Pink Pills so popular throughout the land. The case is that of Mrs. E. W. Millar. The Advertiser interviewed her husband, who was glad to relate the circumstances for publication, that others might read and have a remedy put into their hands as it were. "For five years," said Mr. Millar, my wife was unable to walk without aid. One physician diagnosed her case as coming from a spinal affection. Other doctors called the malady nervous prostration. Whatever the trouble was, she was weak and nervous. Her limbs had no strength and could not support her body. There also was a terrible weakness in her back. Three months ago she could not walk, but as a last resort, after trying many medicines, she began to use Dr. Williams' Pink Pills. Improvement was noted in a few days, and a few weeks has done wonders in restoring her health. Today she can walk without assistance. You can imagine her delight as well as my own. We owe her recovery to Dr. Williams' Pink Pills and I recommend them for any case of nervous weakness or general debility." Mr. Millar is part owner and manager of one of our lumber mills and is well known throughout the country.

### A PERMANENT CURE.

Mr M Carroll, of Roland, Man, writes:—"While living at Sydney, Man, I wrote informing you that Dr. Williams' Pink Pills had cured me of rheumatism of twenty five years' standing, after many other medicines had failed. I am pleased to again write you and say that the cure has been permanent, as after a lapse of several years, there has been no return of the trouble. I sincerely hope my experience will be the means of helping some other poor sufferer."

### GENERAL WEAKNESS CURED.

Mr. Jas. Canavan, a well known resident of Maxville, Ont., says:—"After having used your Pink Pills I am glad to recommend them to the world as a cure for extreme weakness and debility, and I am sure that if those who feel the first approach of such trouble will only take a box or two, much misery can be averted."

### DYSPEPSIA CURED.

Mr. Fred. A. Henry, St. Catharines, Ont., writes:—"I have suffered for years with dyspepsia, and although I am sure I tried a dozen remedies, I found no relief until I began the use of Dr. Williams' Pink Pills. After eating I would be terribly distressed with pains in the stomach, and frequently only found relief by ejecting the food. This continued until my life was fairly miserable, but, now, thanks to Dr. Williams' Pink Pills, I am fully restored."

### CURED OF SCIATICA.

Mr. C. Thornton, Bluevale, Ont., says:—"About seven years ago I rented my farm, and moved into the village, where I have since carried on business as a pumpmaker, in the fall of 1895 I was attacked with sciatica, and suffered intensely. I took medical treatment but it did not help me. Then a druggist advised me to try Dr. Williams' Pink Pills; under this treatment the sciatica was banished, and I have not since felt any return of it."

### A BLACKSMITH'S TRIALS.

He Became so Run Down That Work Was Almost Impossible—His Whole Body Racked With Pain.

From the Bridgewater Enterprise.

Mr Austin Fancy is a well known blacksmith living at Baker Settlement, a hamlet about ten miles from Bridgewater, N.S. Mr. Fancy is well known in the locality in which he lives. He is another of the legion whose restoration to health adds to the popularity of Dr. Williams' Pink Pills. Mr Fancy related his story of illness and renewed health to a reporter of the Enterprise as follows:—"During the last winter, owing I suppose to over-work and impure blood, I became very much reduced in flesh, and had severe pains in the muscles all over my body. I felt tired all the time, had no appetite, and often felt so low spirited that I wished myself in another world. Some of the time necessity compelled me to undertake a little work in my blacksmith shop, but I was not fit for it, and after doing the job would have to lie down; indeed I often felt like fainting. I was advised to try Dr. Williams' Pink Pills, and after using a couple of boxes, I felt a decided relief. The pains began to abate, and I felt again as though life was not a dreariness. By the time I had used six boxes I was as well as ever, and able to do a hard day's work at the forge without fatigue, and those who know anything about a blacksmith's work, will know what this means. Those who are not well, will make no mistake in looking for health through the medium of Dr. Williams' Pink Pills."

### COULD NOT DRESS.

A Nova [Scotian Farmer] Tells of his Intense Suffering from Rheumatism and How he Found Relief.

From the Bridgewater, N. S., Enterprise.

Such suffering as rheumatism causes the victim upon whom it fastens itself is almost unendurable. Only those who write under its pangs can imagine the joy of one who has been freed from its terrors. Mr. J. W. Folkenham, of New Elm, N. S., is one of those who have been released from pain, and who believes it his duty to let others know how a cure can be found. Mr. Folkenham is a farmer, and like all who follow this arduous but honorable calling, is subject to much exposure. It was this exposure that brought on his trouble and caused him so much suffering before he was rid of it. He says:—"In the spring of 1897 I contracted rheumatism. Throughout the whole summer I suffered from it, and about the first of October it became so bad that I could not get out of the house. The pains were located in my hip and back, and what I suffered can hardly be expressed. I became so helpless I could not dress myself without aid. Eventually the trouble spread to my hands and arms, and at times these would lose all freedom and become useless. In November I began using Dr. Williams' Pink Pills, and after taking four boxes began to improve. After using six boxes the pains and soreness had all gone and I was able to do a hard day's work. I intend using a few boxes more as a precautionary measure, and I would earnestly advise those suffering from this painful trouble to give Dr. Williams' Pink Pills a fair trial and be made well."

### GAINED TWENTY-THREE POUNDS.

Mr. Arthur Piper, Dixville, Que, says:—"Last autumn I became very weak, my constitution seemed to be under-mined, and I lost flesh rapidly. I had no appetite, the least exertion tired me and the words 'felt miserable' will best describe my feelings. Having read so much concerning Dr. Williams' Pink Pills I determined to try them, and the results were most beneficial. Astonishing as it may seem, I gained twenty-three pounds in three weeks, and I am now feeling as well as ever I did. I would say that Dr. Williams' Pink Pills will speedily cure them."

### Dr. Williams' Pink Pills CURE

Rheumatism, Sciatica, Locomotor Ataxia, Anaemia, Heart Troubles, Indigestion and Dyspepsia, St. Vitus' Dance, Paralysis, Incipient Consumption, all Female Weakness, Dizziness and Headache, and all Troubles arising from Poor and Watery Blood.

## HOW TO GET STRONG.

The greatest medicine in the world for building up and strengthening an enervated system is Dr. Williams' Pink Pills for Pale People.

When the summer is over thousands feel worn out, easily tired, and, to use a common expression, "miserable generally." The almost torrid heat of our Canadian summers is responsible for this. Those who are in this condition are unfitted to meet the sudden changes of autumn, and easily fall a prey to disease. In this condition Dr. Williams' Pink Pills prove a blessing to humanity.

The pills have no purgative action, and so do not further weaken the body. They build up the blood by supplying the elements which enrich it, and strengthen the nerves. But you must get the genuine

## Dr. Williams' Pink Pills.

The "just the same" and "just as good" substitutes offered by some dealers never cured anyone — Dr. Williams' Pink Pills for Pale People have cured thousands, some of them your neighbors.

The genuine boxes look just like this except that the wrapper is printed in red ink. Take nothing else.

### A Zulu Rain Charm.

The Zulus employ a rain charm which is very remarkable considering their usual fierceness and cruelty. They catch a bird, and after the tribal wizard has consecrated it and made it a "heaven bird" they throw it into a pool of water.

In spite of their own indifference to the sufferings of animals they believe that the sky, which they conceive to be a personality, will be full of woe at the death of the bird and drop sympathetic tribute in showers of rain.

### Free Passes.

The legislative free pass is still universal in France. Every member of the chamber of deputies has free traveling on any railroad in the country and is furnished with a medal of identification to make sure that he gets his privileges. In the matter of pay they are better off than the British members of parliament, though their indemnity of \$5 a day is small beside the \$5,000 a year of the United States congressman.

### A Noise.

Mrs. Hicks (shopping)—Hark! Didn't I hear something smash?  
Hicks—Good heavens, you have good ears. It was only me going broke.—**Harlem Life.**

### Manilla Hemp.

Every engineer knows what manilla hemp is, but few are aware that it is the product of a species of banana which is cultivated in certain localities in the Philippine islands. The plant, called by the natives "abaca," throws up a cluster of sheathing leaf stalks to a height of 20 or 30 feet, which spread out at the top into a crown of huge undivided leaves. When it is 3 years old, it is cut down and the stalks are torn into strips. These strips, while still fresh, are drawn between a knife and a wooden block, and the soft cellulose matter is removed. The fiber is then hung up to dry in the open air until it is fit for use. Each stalk gives about a pound of fiber, and two natives will turn out about 25 pounds a day. The inside fiber, which is thin and weak, is used by the natives for making articles of dress. The familiar manilla rope is made from the fiber of the outer layer, which is hard and strong. The whole supply of manilla hemp practically comes from the Philippines, and the United States consumes 41 per cent of it.

### Asthma Gasps.

The wheezing and strangling of those who are victims of Asthma are promptly relieved by a few doses of Dr. Chase's Syrup of Linseed and Turpentine.

### Picturesque Description of Arizona.

We live in a land of high mountains, high collars and high taxes, low valleys, low neck dresses and low wages, big, crooked rivers and big, crooked statesmen, big lakes, big drunks, big pumpkins, big men with pumpkin heads, silver streams that gambol in the mountains and pious politicians who gambol in the night, roaring cataracts and roaring orators, fast trains, fast horses, fast young men, roses that bloom the year round and beautiful girls with rosebud mouths, sharp lawyers, sharp financiers and sharp toe shoes, noisy children, fertile plains that lie like a sheet of water and thousands of newspapers that lie like thunder.—Yuma Sentinel.

### An Invincible.

When Alcibiades was told that his countrymen had passed sentence of death upon him for being at the head of a conspiracy to overthrow the religious and political constitution of Athens, he said, "I will show them I still live." He obtained from Sparta assurance of personal safety and went thither. He delighted and charmed the Spartans, as he had the Athenians in his earlier years. He adopted their customs and dress and was the strictest Spartan of them all. He wore his hair short, bathed in the icy waters of the Eurotes and ate their black broth and barley bread. They believed that he had been misrepresented. In truth, as Plutarch said, "he changed color more quickly than a chameleon." In Sparta he was grave, temperate and fond of physical exercise; in Ionia he was easy going, luxurious and merry, in Thrace he was drunken, in Thessaly he was devoted to horsemanship, and in the court of the Persian satraps he surpassed Tissaphernes himself in magnificence. As Sparta was to be the prize of the Athenian victory he showed the people their danger, advising them to begin active operations against that city. No better advice could have been given them, and they profited by it.
