Dans les nouvelles "Echos d'Egmont-Bay" de la semaine dernière, en mentionnant les deux plus vieilles personnes d'Egmont-Bay, nous aurions dû dire Hilariou Arsenault, au lieu de Hilariou Bernard.

Un paquet de teintures Magnétiques coûtant dix cents, et bien peu d'ouvrage, feront une blouse neuve de votre soie fanée.

A la convention qu'ils ont eue la semaine dernière, à Souris, les libéraux ont choisi M. J. J. Hughes de Souris, comme candidat, pour le comté de Kings à la chambre des communes, aux prochaines élections.

Le nouveau vapeur Minto qui doit remplacer le Stanley est arrivé d'Ecosse. Ce vaisseau a une longueur de 25 pieds de plus que le Stanley et est considéré par ceux qui s'y entendent comme étant bien approprié au service d'hiver.

Il a été trouvé, le 9 septembre, sur la cote nord de l'île King Charles une bouée portant l'inscription: "Andree Polar Expedition." Cette bouée est une de celles qu'Andrée portait avec lui dans son ballon et qu'il devait jeter par dessus le bord après qu'il aurait dépassé le pôle nord. On se demande maintenant si Andrée aurait possiblement dépassé le pôle nord.

Nos remerciements à M. Arène Poirier, instituteur, à Egmont Bay, pour l'envoi d'une magnifique photographie de l'église de Miscouche. L'ouvrage est certainement exécuté dans les derniers goûts. Que tous ceux qui désirent avoir quelque ouvrage de première classe en ce genre, n'oublient pas de s'adresser à M. Poirier, ils seront satisfaits.

Pendant son voyage à Halifax, M. J. B. Gaudet a rencontré son frère Joseph, parti depuis dix ans. Joseph est marié à Halifax, et ses nombreux amis et connaissances, à Tignish, apprendront avec plaisir qu'il fait de bonnes affaires dans son pays d'adoption. M. J. B. Gaudet et sa Dame étaient les hôtes de leur frère, pendant leur séjour à la capitale de la Nouvelle-Ecosse.

Nous attirons l'attention de nos lecteurs et du public en général, d'une manière toute particulière, sur l'annonce de M. M. Laphorn et Cie, de Charlottetown, qui paraît ailleurs dans nos colonnes. L'augmentation rapide du commerce de cette manufacture démontrent de la manière la plus évidente que le public en apprécie les mérites. Patronnez MM. Laphorn et cie et sauvez l'argent.

Il nous fait plaisir de constater que M. Fiddle Gallant de "Charlottetown Royalty" a gagné le 2me prix pour le

célébré à l'exposition d'Halifax. M. Gallant n'est que commençant dans la culture des plantes potagères, et son premier effort a été si bien couronné de succès que, nous n'en doutons pas, il va continuer et va bientôt se ranger en première ligne. Succès. Nous aimerions voir d'autres de nos gens suivre l'exemple de M. Gallant.

Les exercices des Quarante Heures à l'église de cette paroisse se sont terminés hier matin par une messe solennelle chantée par le Revd. Père Gallant, assisté des Revds. McDougald et Arsenault comme diacre et sous-diacre. Après la messe il y a eu procession solennelle dans l'église suivie de la bénédiction du T. S. Sacrement et du Te Deum. Les exercices ont été suivis avec piété par une foule nombreuse. Les Revds. P. Arsenault, J. A. McDonald, McDougald, Gallant, Chaisson et McGory ont assisté les Revds. P. P. McDonald et Turbide aux confessions.

Nous sommes nous même étonnés quelque fois du nombre de dames par tout le Canada qui achètent les teintures Magnétiques

Scrofula.

Another permanent cure by B.B.B. after two doctors failed.

Ask any doctor and he will tell you that, next to cancer, scrofula is one of the hardest diseases to cure.

Yet Burdock Blood Bitters applied externally to the parts affected and taken internally cured Rev. Wm. Stout, of Kirkton, Ont., permanently after many prominent physicians failed; Cured Mrs. W. Bennett, of Crewson's Corners, Ont., permanently, when everyone thought she would die. Now Mr. H. H. Forest, Windsor Mills, P. Q., states his case as follows:

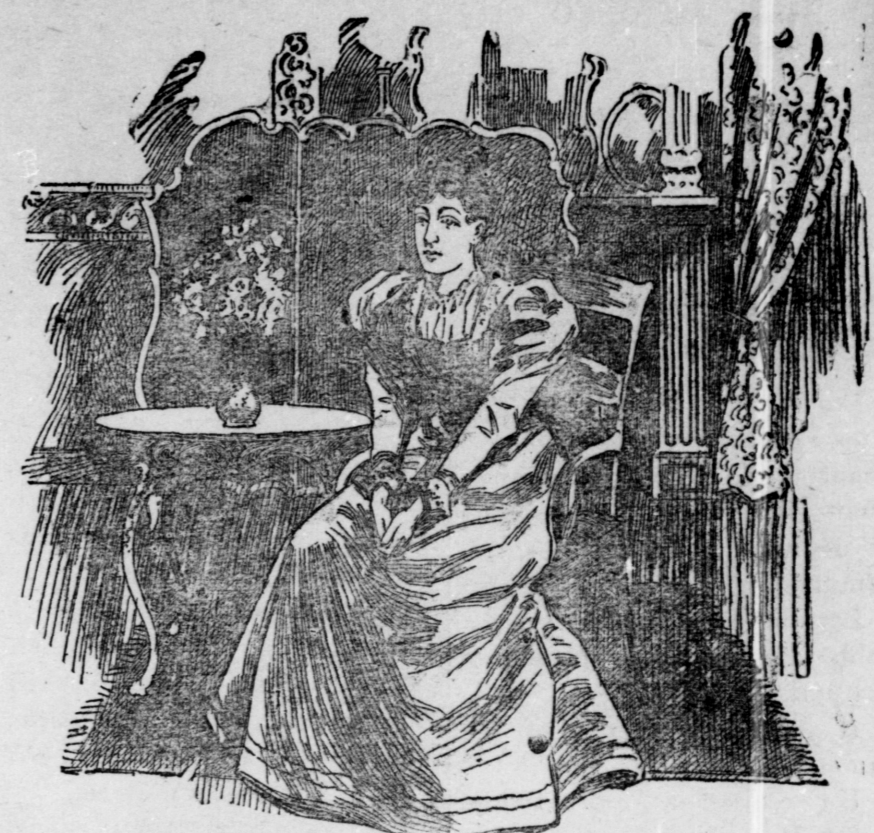

"After having used Burdock Blood Bitters for scrofula in the blood, I feel it my duty to make known the results. I was treated by two skilled physicians, but they failed to cure me. I had running sores on my hands and legs which I could get nothing to heal until I tried B.B.B. This remedy healed them completely and permanently, leaving the skin and flesh sound and whole."

Gladiators of the Prize Ring

A MAGNIFICENT WORK FOR SPORTSMEN

GLADIATORS OF THE PRIZE RING. HEROES OF ALL NATIONS. BILLY EDWARDS. The Famous Ex-Champion Light-Weight Pugilist. THE ONLY WORK OF THE KIND ON THE MARKET. The portraits are produced from copper plates, and a photograph of this size would be worth \$1.50 apiece, making a collection of photos worth \$15.00, to say nothing of the invaluable work of reference accompanying same. Size 14 x 11 1/2. Novelty cloth binding. Aluminum and gold title stamp. 280 pages.

In recent years the interest taken in the noble art of self-defence has been almost universal. The cultivation in our colleges of athletic exercises, and the great interest taken by all classes of people in physical culture, would seem to indicate that this is the golden era of muscular development and the establishment of a perfect manhood.

Gladiators of the Prize Ring has been prepared in the most careful manner; every compilation of official data. Every important event in the fight arena, from the first ring encounter down to the great battles of the present day, both in this country and abroad, is given a place of honor in this book. The portraits are taken from authentic photographs and are of the highest quality. The biographical matter is historically correct and the portraits are taken from authentic photographs of the personal experiences of those most competent to describe the events—the principals, seconds, timekeepers, backers, referees, etc. The book will be found unexcelled as an accurate work of reference, for not a fact has been distorted nor a line set down in malice.

Special Features: 1. This is the only work of the kind ever published. 2. The portraits are the finest in existence—taken at the time the men were in their prime. 3. It has been edited by the greatest authorities now living, and is the only authentic work of reference ever published. 4. The leading lesson by "Young Griffe" and Walter Campbell is a series of twenty-four plates taken by instantaneous photography and shows every important blow with guard for same, and the positions reversed, while the instructive text, accompanying and explaining them, is thorough and complete. This is the first time such results have been obtained, and the two men represented are the most scientific in their profession. 5. Three years' time has been consumed and \$25,000 have been expended in collecting, compiling and reproducing the portraits for this work. 6. All "tough" phraseology has been carefully avoided in the editing of the work so that there is nothing to offend the most refined.

A Prominent Physician.

An elderly lady living at Fordham Heights, a part of New York City, and who was known to be a warm advocate of Ripans Tablets for any case of liver trouble or indigestion, said to a reporter who visited her for the purpose of learning the particulars of her case: "I had always employed a physician and did so on the last occasion I had for one, but at that time obtained no beneficial results. I had never had any faith in patent medicines, but having seen Ripans Tablets recommended very highly in the New York Herald concluded to give them a trial, and found they were just what my case demanded. I have never employed a physician since, and that means a saving of \$2 a call. A dollar's worth of Ripans Tablets lasts me a month, and I would not be without them now if it were my last dollar." (3) At the time of this interview there were present two daughters who specially objected to their mother giving a testimonial which should parade her name in the newspapers, but to do this the older lady assented. "There may be other cases just like mine, and I am sure I take great pleasure in recommending the Tablets to any one afflicted as I was. If the telling about my case in the papers enables some other person similarly afflicted to be as greatly benefited as I have been, I see no objection." The daughters, knowing how earnestly she felt about the benefit she had received, decided she was quite right.

The largest retail drug store in America is that of Hegeman & Co. on Broadway in New York City. A reporter who went there to learn how Ripans Tablets were selling bought a five-cent carton and asked: "Do you have much call for these?" He was referred to a gentleman who proved to be the head of the department. He said:

"The sale of Ripans Tablets is constant and is increasing, due especially to the influential character of the testimonials in the daily press, and growing out of these, through the recommendation of friends to very general. When once they are begun I notice that a permanent customer for them is made. This, I believe, is through their intrinsic merit, which proves the bona fide character of the advertising. I think them specially useful in the general run of stomach troubles."

RIPANS TABULES. ONE GIVES RELIEF. A new style in medicine containing THE RIPANS TABLETS packed in a paper carton (without glass) is now for sale at some drug stores—50c PER CARTON. This low-priced sort is intended for the poor and the economical. One dozen of the five-cent cartons can be had by mail by sending forty-cent orders to THE RIPANS CHEMICAL COMPANY, No. 10 Spruce Street, New York—or a single carton (5c) will be sent for five cents. RIPANS TABLETS may also be had of some druggists, general stores, and some liquor stores and barbers shops. One gives relief.
