PICTORIAL —The last issue of Grip contains a very true likeness of L. H. Davies, Esq., M. P. for Queen's County. In a laudatory notice of our representative we read: "He is booked for a portfolio in the coming Liberal ministery, per adventure the infirmities of age do not in the meanwhile supervene, which seems quite possible." Grip is right; but it seems a pity that Mr. Davies should be doomed to the cool shades of opposition for his natural life.

AFTER DAMAGES —George Skeffington, police inspector of the I. C. R., Moncton, has entered an action for $5,000 damages against Stephen J McKenzie, of the New Glasgow Chronicle, for defamation and slander. It is alleged that McKenzie prints a paper called the Plaindealer, edited by Bruce McDougall and circulated in Moncton, which paper used slanderous anguage in reference to Mr Skeffington.

MAKES FLESH AND BLOOD.—When the system is all run down and there seems to be no hope of obtaining nourishment for the body by the ordinary process of food supply and digestion, when the body is sinking fast, then is the time to use Miller's Emulsion of pure Norwegian Cod Liver Oil. It always works wonders, because it is a flesh and blood maker and contains all the constituents for nourishment found in wheat in fact, Miller's Emulsion is a perfect "staff of life," and has saved and cured thousands. In big bottles 50c. and $1 at Charlottetown Drug stores.

PROMINENT SONS OF TEMPERANCE.—F. M. Bradley, Esq., of Washington, writing to a gentleman in this city, says: "I regret to learn of the death of your two distinguished brethren, P. G. W. Ps. Young and Barratt. I remember the former very pleasantly in the earlier years of my National Division membership. Bro. Barratt's name was quite familiar. You have probably learned of the death of Bro. Eugene N. Clapp, of Boston, P. M. W. P. and treasurer of the Mutual Relief." Those who are in the habit of attending the N. D. session will have a kindly remembrance of P. M. W. P. Clapp, of Massachusetts. He was a strong man, one of the merchant princes of Boston, and employed a large number of persons in his business.

THE CANADIAN MILITIA

REFORMS SUGGESTED

Gen. Herbert's Report

OTTAWA, April 9.

The annual report of General Herbert on the condition of the militia force in Canada says: The militia contains unorganized elements of strong national force. The men are of powerful physique, intelligent and eager to learn, but the organization of the force is deplorably defective. He suggests some radical reforms. The city corps should be organized on the same plan as the volunteers of England, and rural corps like the militia. He advocates the gradual abolition of Snider and Enfield, and the substitution of Martini-Henry rifles. The infantry, he says, shows the greatest inferiority: the artillery is effective, but material is very deficient. The field battery is armed with excellent guns, but there is no reserve—not a spare gun-wheel nearer than Woolwich arsenal. The Dominion does not possess a single modern heavy gun. In the number handed over by the Imperial Government a large portion cannot be mounted and part cannot be fired. Those at Victoria, which were loaned by the Imperial Government, are not at present fit for service. General Herbert proposed the preparation of a scheme of defence for Canada, which the Government accepted. Work will be commenced without delay. It will include the protection of land frontier of 4000 miles and contain schemes for strengthening important points on the Pacific coast, including Esquimault.

The revenue for the nine months of the present fiscal year is $26 732,000, and the expenditure $23,383,000; net debt $236,250,000.

Senate committee reported divorce bill in favor of J A M Allen, Winnipeg Allen is a son of the late Governor of Manitoba. His wife was a daughter of the late Governor McLennan Charley Blanchard is co-respondent.

H H. Bigh, Q C, has been appointed librarian of the Supreme Court.

In the House of Commons the militia estimates were taken up and an interesting discussion ensued in regard to the adoption of a new kind of rifle for the force It was held by some that it would be cruel to keep the militia armed as they were with the Snider rifle The present rifles were in the hands of the force for thirty years, and were even dangerous.

Messrs Hazen and Fraser did not believe in so large an expenditure of money at present.

Hon. Mr. Bowell said that it would cost nearly $800,000 to supply all the militia force with new arms He was anxious to do all that he could to further the interests of militia force. He favored centralizing more places where brigade corps were to be held instead of shifting them from one place to another each year.

Men's Meeting.

On Sunday afternoon at 4 o'clock Rev. Professor DuVernet will address men only in St. Paul's Church, on a subject which no man should fail to hear discussed. He has addressed as many as 1,500 to 2,000 men in other cities This shows in what estimation he was held there. His arguments are clear and to the point—so earnest and impressive. All the evening meetings in St. Paul's have steadily increased. Many are sorry that the instructive sermons are rapidly drawing to a close, and would receive with pleasure an announcement of their continuation at least until Saturday the 16th April. Each after meeting is so quiet and peaceful that one feels the presence of God near him Fathers should not neglect to urge their sons to attend on Sunday afternoon. The hour suits all and no doubt a great deal will be said that fathers do not converse with their sons about, which every young man should know, as many have to leave home young and take the world as they find it in some rough western country and needs all the advice and assistance they can possibly get. All are invited and heartily welcome. Seats free. Come and bring you friends.
