BOOT AND SHOE FACTORY.—A gentleman from Truro is about to make an effort to raise \$25,000. wherewith to re-open the Picton boot and shoe factory.—Picton Advocate.

THE FORESTERS.—The meeting of the High Court will be held at Alberton on the 11th and 12th August, instead of at Charlottetown on the 13th as inadvertently stated a few days ago.

AN OLD AND WELL TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind, colic, and is the best remedy for Diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

A TIMELY RESOLUTION.—At the 57th anniversary of the East New Jersey Baptist Association recently held at Newark, N. J., the following resolution was prepared:

"Resolved, that we view with alarm the increasing evil of cigarette smoking among the youths of our land as has been recently evidenced by the rejection of large numbers of young men from army service, and the numerous committals of youths to the various asylums for the insane. We urge upon parents, parents and Sunday school teachers, to instruct both boys and girls as to the pernicious effect of this vice habit.

ANIMAL DRUNKENNESS.

Most of the higher animals—as monkeys, elephants, bears, horses and dogs—have a natural fondness for fermented liquors, and suffer from the abuse of these liquors as men do. From the book of Maccabees it is evident that war elephants were maddened of old with new wine, as they have been and are with arrack down to the present time. Managers of menageries and employees at the various zoological gardens know that the elephants under their care are prepared to go on a wild drunk whenever opportunity offers. Whisky is officially given them when they are ill or low—the quantity varying from five to ten gallons, according to the requirements of the case. This is put into their drinking water. Bears and monkeys drink beer like German students, and love whisky equally well.

In Africa the natives make use of this evil trait to capture their poor relations. The monkeys there are extremely fond of a beer brewed by the natives. So the latter place quantities of the liquor within easy reach of the monkeys and wait until their victims are thoroughly befuddled. In this state they are unable to recognize the difference between negro and ape. When the negro takes the hand of one of them to lead him off, a second monkey takes the hand of the first, a third that of the second, and so on. A single negro may sometimes be seen carrying off a string of staggering monkeys. Fresh doses of beer in decreasing quantities are administered to the captives, so that they may only gradually awaken to the sad results of their spree.—Lippincott's.

When any part of the body isn't doing the work that nature intended it to do, it puts the whole system out of tune—out of harmony. Sickness in one part of the body is likely to run into all parts of the body. When children stand a row of bricks on end, they knock the whole row down by upsetting one brick. That is exactly what happens to the health when the bowels fail to perform their proper function. Constipation makes trouble all along the line—puts the liver out of order, is bad for the kidneys—bad for the stomach. It holds in the body poisonous matter, and because it cannot go any place else, it gets into the blood. The blood carries it all over the system. That makes sluggishness, lassitude, bad breath causes windy belching, stops digestion in the stomach, causes sour stomach, heartburn and headache. You can avoid all such trouble, for Dr. Pierce's Pleasant Pellets cure constipation and its attendant evils.

Send 31 cents in one-cent stamps to Dr. R. V. Pierce, Buffalo, N. Y., for his "Medical Adviser." It is a book of 1008 pages, profusely illustrated.
