

MEMORIES OF YORE

A half century ago Essex County had more cutters than bars and more snow than there were few more pleasant ways of getting about in winter than riding in a cutter hauled by a spirited horse to the jingle of bells and the creak of runners. Mrs. Clarence Tourangeau of Kingsville shows how people got about in the years when the snow was always deep. (AP Wirephoto)

Toronto Man Will Head N. S. Crown Corporation

HALIFAX (CP)—Fred L. Blair of Toronto, general sales manager of Canada Packers Ltd., Tuesday was named administrative head of a Nova Scotia Crown Corporation set up to promote industrial development.

Frank H. Sobey, president of Industrial Estates Ltd., announced the appointment of the 38-year-old Nova Scotia-born businessman as general manager of the 14-month-old corporation.

Mr. Blair will assume his duties Dec. 15. He fills a vacancy left by the sudden resignation last July of John B. Essery of Toronto who held the post about two months.

The salary to be paid Mr. Blair was not announced. Mr. Essery, former manager of H. K. Ferguson of Canada Ltd., received \$25,000 a year.

Mr. Sobey said Canada Packers consented to release Mr. Blair at the request of Industrial Estates Ltd. Mr. Blair declined comment when reached in St. John's, Nfld., where he is visiting. He said he expected to arrive in Halifax later this week to familiarize himself with the job. Born and educated at Stellarton, N.S., Mr. Blair served overseas during the First World War with the 85th Battalion.

Following the war he worked with the radio telegraph division of the department of naval services, the United Fruit Company and the New York Telephone Company.

Mr. Blair later was a press operator in the transatlantic cable station here before going into business with his brother.

He joined Canada Packers and worked in the northern and Annapolis Valley areas of Nova Scotia before going to Newfoundland where he became supervisor. He now is general sales manager of all Canada Packers operations.

"The board of directors," said Mr. Sobey, "are confident that Mr. Blair's outstanding record in promoting the interests of Canada Packers, together with his personal associations with this province, fully justify his new appointment."

Premier Stanfield announced creation of Industrial Estates in September, 1957. It was formed "to encourage promotion, expansion, diversification and development of industrial activity in Nova Scotia."

The corporation was voted a capital account of \$12,000,000 during the last session of the legislature to assist the growth of secondary industry.

TERMS OF REFERENCE
Terms of reference allow the corporation to acquire land for possible industrial sites, install services, build factories for lease or sale and make loans for machinery purchases. It will provide expanded facilities for established industries as well as giving help to new companies.

duction in Pictou County. Industrial Estates officials refused to comment on Mr. Essery's resignation except to say he was returning to private industry. Reliable sources said, however, that Mr. Essery's resignation was requested after a disagreement over policy.

YORK NOTES

Mrs. Reuben Watts entertained the York Institute at her home with a good attendance. Mrs. Arthur Johnson, Merchant of York, spent Thursday at Miscouche.

Messrs. Roscoe MacDonald and Lorne Vessey were visitors to Charlottetown on Thursday. The 70th anniversary of York W.M.S. was held in York United church on Sunday, Nov. 30th, with Mrs. Elmer Brown opening the service. Mrs. Robert Chappelle read the Scripture and Mrs. Elliott led in prayer. Mrs. Will Cook, read the history of the W. M. S. and the Rev. Mr. Littlejohns preached the sermon. Lunch was served at the manse to former members who have since moved away.

Mrs. Gordon Crochet, York, was the guest of her sister, Mrs. Ramsay Auld, Charlottetown, on Wednesday, Dec. 3rd. Mr. and Mrs. Frank Watts and Mr. and Mrs. Lloyd Vessey, York, spent a most enjoyable evening at the home of Mr. and Mrs. Leigh Frizzell, Marshfield.

THE WEEK AT SDU

SDU Students Welcome Famed Vienna Boy's Choir

September 20, 1958 does not seem too far away now, does it? Well, that was the registration date for the Saints in the fall. That was the day upon which old friends were greeted and new ones made. That was the day upon which resolutions were made to work faithfully—some have been kept and some not. That was the day which officially opened the 1958-1959 academic year, the starting point of the semesters' work.

Now, today, that is all in the past; an event only infrequently recalled by someone wishing he could start again and omit the mistakes he has made over the past three months. Wishful longing is unable to change the present situation and the only deduction of a practical nature is not to make the same mistakes again.

There are approximately four days in the first half of the academic year before the students leave the halls of St. Dunstan's to travel home for the Christmas vacation. These four days, like the previous week, will be occupied with examinations, the last of which is scheduled for Wednesday afternoon. Then, home for a rest away from the books for nearly three weeks.

Monday, the Feast of the Immaculate Conception, His Excellency, Bishop MacEachern, chairman of the Board of Governors of the University, celebrated the community Mass in the chapel. During his short talk to the student body, the Bishop, as he himself said, took upon himself "the responsibility of dispensing the professors from attending classes" on that day. Needless to say this was well received, especially in the light of the fast approaching examinations.

Another pleasant event took place on Monday also. Monsignor Sullivan announced at breakfast that the Vienna Boys' Choir would sing at a special low Mass to be held in the chapel at 11.30 a.m. The students and faculty attended this ceremony and their pleasure was very evident when later the boys entered the dining room and were greeted by a standing ovation from the assembled student body. Great credit is due this group of youngsters, ranging in age from seven to fourteen, and their instructors for their fine performances throughout the world.

INTRA-MURAL SPORTS
The basketball finals we mentioned last week have been completed and, contrary to what we predicted, saw the Freshmen Science and Engineering defeated and their opponents, Arts and Commerce, pitted against the Junior Science and Engineering.

The first game of the finals was played Saturday and saw the Freshmen emerge the victors by only three points. However, they lost the second game the next day by a convincing margin. Tuesday was the day for the last game and, even though they fought hard, the Freshmen could not quite muster the necessary extra little scoring power to defeat the Juniors, the present University champs.

Wednesday, the last day for classes for this semester, saw the Juniors meet the Grade XII team and it was a very good game; intra-mural basketball has certainly improved over the past three or four years. The Juniors, aided by the sharp shooting of Ken MacKinnon, a star on Second Team last year, gained a relatively easy victory as they coasted to a 49-25 win. MacKinnon accounted for 23 of this number to lead all scorers.

This was the climax of intra-mural sports for the first term and it was a very successful one. Football created a friendly rivalry which was carried over into basketball. This spirit and the will to win provided many enjoyable and entertaining hours during the off-study periods, both for the participants and for the spectators who were always present at these encounters between classes.

Emmett Foley, the basketball manager, and his assistant, Richard Fleming, deserve a pat in the back for the basketball success, while Bill Costain, Jim MacAulay, and Gerry MacCarthy can take the credit for a successful football season. They certainly worked hard and devoted much of their spare time to these activities; in return they received very little, perhaps a personal feeling of satisfaction for a job well done and the occasional word of thanks from the hard task well done.

This will be the last edition of the "Week" for the first semester and, as a matter of fact, for this year. Time does not permit another report which would have to be written in the future tense and be of a purely speculative nature. We have enjoyed writing the weekly bulletin on campus life and activities at St. Dunstan's and hope that you have enjoyed reading about these activities and knowing just what goes on within the walls of S. D. U. It's not all sports and fun, believe us.

Well, it's time to say goodbye for 1958 and take a short rest before tackling the problems of 1959. Christmas, the festive season for which kids the world over wait 364 days, is looming in the future and will soon be here. May you all have a very Merry Christmas and a Happy New Year.

This is the Saints' sincere wish to you and we hope all have a pleasant vacation. May God bless you and give to you all the grace and joy of Christmas. See you again in January.

COLLEGE MUSEUM
The Ashmolean Museum, oldest in Britain, was built in 1679 by Oxford University.

Couple Fight Deportation

MONTREAL (CP)—Mr. Justice Roger Brossard of Quebec Superior Court has taken under advisement a petition for a writ of prohibition against deportation of a Haitian textile student and his wife.

The petition was filed by A.H.J. Zaitin, lawyer for Jean Oreste Volcy, 26, and his wife Andree, 22, who were ordered deported in October by the immigration department.

The couple's five-month-old daughter Marie Helene was born in Canada and is not subject to deportation. The October deportation order was the second against the Volcys. Last summer they were ordered deported and their lawyer filed a petition against it. Shortly afterwards the order was cancelled, but in October a new one was issued, this time signed by Immigration Minister Fairclough. Mr. Volcy came to Canada on a student visa in 1951. He met his wife when she came to Canada in March, 1957, as a member of a group of Haitian entertainers.
